1931—1932  
ONWARD

*Whosoever goeth onward (taketh the lead) and abideth not in the teaching of Christ, hath not God; he that abideth in the teaching, the same hath both the Father and the Son.—*

Second John, verse nine.

A Year of SIMPLICITY and SACRIFICE

O Lord, beginning with me,  
Not by might nor by power but by Thy Spirit,  
Waken women here and there to "take the lead"—to  
Accept again the call to the unfinished task, and,  
Raising the Altar of Sacrifice,  
Daily to abide in Thy presence and go *onward* with Thee.

Hymns — (Methodist Hymnal)

Numbers 190, 688 (to be read aloud), and 408

OUR COVENANT

*Grateful* that "we know that our Redeemer liveth";

*Mindful* that vast millions of women and children can never hear the tidings of great joy unless Christian women bear the message;

*Remembering* that Jesus made loving obedience the supreme test of discipleship, and that His last solemn command was "Go make disciples of all nations";

We gladly enter into this **Covenant of Obedience**, that we will not cease to make offerings of Prayer, Time and Money to the end that the women and children of the world may know the love of Jesus.

Mrs. Havighurst introduced the Branch superintendents of junior work, who are in attendance upon the meeting.

Mrs. Herbert Welch, wife of the resident Bishop of the area, was introduced.

\* Other items of the report dealt with matters which were referred to either the Foreign or Home Departments and will occur in their reports.

Miss Ruth Gordon, representative of Swedish work, told of the page given semi-monthly by the *Swedish Advocate* to the Woman's Foreign Missionary Society work and in addition the yearly issue of the *Advocate* given over entirely to news of the Society.

Miss Gordon was asked to convey greetings from the General Executive Committee to Mrs. Edwin S. Dahl, formerly secretary of Swedish work.

Mrs. John C. Shover, secretary of the young people's department, spoke of the enthusiastic response of the young people to the plan of supplying them with addresses of girls in mission schools with whom they might correspond, also of the great value of the presence of missionaries at summer schools of missions.

Mrs. H. M. LeSourd, secretary of student work, introduced Mrs. Richard Bolt, who is associated with the student committee, and is in charge of foreign students. She stated that about 60,000 students are studying in lands other than their own. About 10,000 students from other lands are in the United States and about 5,000 American students are studying abroad. These foreign students as they return home exert an influence out of all proportion to their number. She quoted Dr. Fosdick, who said there is nothing more important that can happen to Christianity around the world than what happens to the foreign students in so-called Christian America.

Mrs. Merle N. English, secretary of the Wesleyan Service Guild, brought greetings from the Central Committee and reported increases in every phase of the work.

Mrs. Frederick F. Lindsay, vice-president, reported from the joint commission of the Woman's Foreign Missionary Society and the Woman's Home Missionary Society, progress in cooperation in advancing stewardship, citizenship movements and in the publication of the leaflet "*Fellow Workers for the Truth.*"

Miss Susan C. Lodge reported for the Committee on United Study of Foreign Missions.\*

Mrs. Nicholson reported for the General Conference Commission on Church Union and stated that progress was being made.

It should make recommendations to the Central Conference regarding the conditions of membership and functions of the Women's Conferences.

## Part II. Powers of Central Conferences, Section 1.

(Organization) add a new item:

(11) The Central Conferences shall maintain a cooperative and consultative relationship with the church boards authorized by the General Conference.

*It was voted* that the report be adopted and that we recommend to General Conference the changes suggested.

*It was voted* that the report be adopted and published in the *Executive Daily*.

The report of the Committee on the International Department was read and adopted.†

The report of the Museum Committee was given by Miss Butler, who has acted as curator since its establishment. She asked the missionaries to secure for the museum, whenever possible, articles of historical interest to the Society.

Mrs. Lindsay expressed the love and good wishes of the Society to Miss Butler as she leaves for the Diamond Jubilee of the Church in India, starting on the same trip taken by her parents seventy-five years ago. The audience rose and sang to her "God will take care of you."

Miss Lodge introduced the first missionary to India, from Philadelphia Branch, Mrs. Mary Cary Davis, who went to India in 1876.

\* See Reports.

† See report on International Department.

Mrs. George H. Tomlinson, reported for the Committee on International Fellowship. She spoke of the efforts of the committee to arouse sentiment for peace and law enforcement and urged the women to sign the petition pleading for real disarmament.

The College Abroad Movement was reported by Mrs. H. B. Earhart, general secretary of the movement.

The College Abroad Movement was projected as a one year enterprise in the Woman's Foreign Missionary Society, first to arouse a new interest in our oriental colleges and to extend the interest to a younger group of women not heretofore interested in the work of the Society.

Publicity has been prepared, which was sent out the first of January to all Branches. One Branch alone sent out 9,000 rainbow leaflets, 18,000 pot of gold envelopes, besides the Branch publicity which was accorded the movement.

This project, has, in general, met with an enthusiastic response. The young women have been interested and have worked cordially and happily in preparing rainbow lunches, teas, and group gatherings.

On May 27th, a national broadcast of the work of the College Abroad Movement was given by the Columbia Broadcasting Company and a splendid program was presented. Mrs. Nicholson, national president, stated the purpose of the College Abroad Movement and introduced the speakers. She spoke from Detroit and the next speaker was Carol Chen in New York City. Miss Chen gave a very gracious greeting and declared the College Abroad Movement to be about as broad as the universe. Japanese music was sung charmingly from New York City. Bishop McConnell gave his impressions of the countries from which he had just recently returned and where our colleges are located, and the final number was a song by the Girls Glee Club of the University of Michigan.

All across the country, while this program was being given, groups were gathered together to hear of the work, and it gave one almost a weird sense of unity, to be listening so easily to voices so well known, coming from so far away.

The other side of the project was the financial one. This has proven to be a very difficult year for the movement, as for many individuals and organizations throughout the country. Receipts have fallen short of the amount that was hoped for, but the gifts of \$92,632.77 are brought as an over and above offering, and with great good-will toward our five colleges, Ewha in Korea, Kwassui in Japan, Hwa Nan and Chengtu in China, and Isabella Thoburn in India.

The financial campaign will continue until December 31st, after which time the financial responsibility will be left with the Branches. Hopes are entertained that the present total receipts will be increased before the new year.

For the willing co-operation and the faithful devoted work of the Branch College Abroad secretaries, the central committee is very grateful. They have demonstrated the Movement before conference, district and Branch meetings; have exhorted and educated and worked tirelessly to spread the information.

The plans for the new year will coincide with the Forward Movement plans and the membership plans. It is hoped that through the statement of the College Abroad Movement for the coming year, many new friends may be gained among the younger women and the interest already started may be made permanent.

Mrs. C. C. Peale, corresponding secretary of Cincinnati Branch and official correspondent for Malaya and Sumatra Mission Conference, brought a survey of the work in these fields and introduced Miss Emma Olson, who was a missionary under the Board of Foreign Missions in the Medan School when it was started in 1923 in response to a plea made by the Christian boys for Christian wives. Suitable accommodations are desperately needed and with joy the cable has been sent giving permission to proceed with the building of the new school.

Miss Ella May Carnahan, official correspondent for Europe and North Africa, introduced Miss Amelia Stopfer of Lovetch, Bulgaria, and Mrs. Christian Lochhead Annas who gave seven years to the Grenoble Foyer. Mrs. Annas told of the need for the Foyer and of the "radiant lives" which girls from the school are leading.

The Memorial Service was held at 4 P.M. Silent prayer was followed by the singing of the beautiful verses written by Miss Frances Strever shortly before her death. The secretary read the Scripture and called the names of those who have gone Home during the year.

Mrs. William Fraser McDowell, president of the Woman's Foreign Missionary Society 1908-1921 and vice-president-at-large 1921-1930; Mrs. N. Walling Clark, editor of the "Junior Missionary Friend" 1920-1931; Miss Julia I. Kipp, missionary in India under Northwestern Branch 1906-1931; Miss Frances Strever, missionary in South America under Topeka Branch 1922-1931.

Miss Lodge offered prayer.

Then followed the Sacrament of the Lord's Supper administered by Rev. Alfred Cookman Locke, D.D., Superintendent of Erie-Jamestown District, assisted by the Methodist Episcopal pastors of Erie.

On *Wednesday Evening*, October 21, the first public meeting of the General Executive Committee was held in the beautiful Presbyterian Church of the Covenant.

"All hail the power of Jesus' name" was sung. Rev. Albert Marriott, pastor of Simpson Methodist Episcopal Church, conducted the devotional service.

Mrs. Herbert Welch, official hostess, brought words of gracious welcome.

"Watchman tell us of the night" was sung and was followed by the telling of the "Signs of Promise" in various lands.

"Glimpses of South America" were given by Miss Carrie J. Carnahan, corresponding secretary of Philadelphia Branch, and official correspondent for South America, who has recently returned from visiting the work there.

Miss Elizabeth Kilburn, of Sendai, Japan, told of the great evangelistic effort led by Mr. Kagawa, "The Kingdom of God Movement."

Miss Mary Anderson, of Algiers, North Africa, spoke to "The Land of the Vanished Church," and Miss Ruth Thomas of Inhambane, Southeast Africa Conference, "All God's Chillun."

Then followed the introduction of the missionaries, when the corresponding secretary of each Branch introduced the missionaries of that Branch who are

home on furlough, giving the years of service on the field of each. Sixty-three furloughed missionaries and twenty-one out-going missionaries were introduced and the years of service given totaled seven hundred.

### **Thursday, October 22**

*Thursday morning*, October 22, at 9 o'clock, Mrs. Nicholson, presiding, introduced the Rev. Margaret Joshua who had charge of the devotional service. "O, Master let me walk with thee" was sung. The thought of the service centered about the phrase "Beginning from me."

Mrs. Nicholson introduced Mrs. W. R. Brown, second vice-president of the Woman's Home Missionary Society who brought happy greetings from that great organization.

Letters of greetings were read from the Board of Foreign Missions, from Dr. C. Y. Cheng, leader of the Five Year Movement in China and from Mr. Jesse Wilson of the Student Volunteer Movement. A cablegram from China concerning the trouble in Manchuria was referred to the International Fellowship Committee for consideration.

A letter was read from Bishop J. S. Rygang of the Korean Methodist Church in which he expressed gratitude for the service of the Woman's Foreign Missionary Society and earnestly asked for more missionaries.

Letters from the following brought greetings from Methodist women's organizations affiliated through the International Department, namely:

Miss Maria Johanson, Executive Secretary of the Scandinavian Unit; Mrs. Raymond J. Wade, President of the Scandinavian Unit; Mrs. Marie Voelkner, Secretary of Germany; Mrs. Th. Rhodemeyer, Secretary of Switzerland; Dr. Carlo M. Ferreri, Superintendent of the Mediterranean District (Rome); Mrs. Loonka Tsbetanova, President of the Bulgarian Missionary Society; Senora Julie de Gamberini and Senora Winne de Gattinoni of the Methodist Woman's Federation of South America; Mrs. George Miller, sponsor in Latin America; Mrs. J. P. Hauser, Mexico, and Mrs. John Gowdy, on behalf of the Woman's Missionary Society of Fukien.

Mrs. Nicholson spoke of the inspiration of being linked up with the women of fourteen lands in missionary effort.

"Savior thy dying love" was sung.

Miss Florence Hooper presented the financial report of the year.

A year of effort, perhaps the most intense the Woman's Foreign Missionary Society has known since the uncertain days of the World War, has brought in cheerful spirit and in confident hope results beyond all dreaming. It has been a good year, fitting prelude to a better, still to come. Financially it has brought results little short of amazing when general conditions throughout America and the world at large are taken into consideration. Receipts are but 13% below those of the year closed October 1, 1930. All appropriations have been paid in full leaving a deficit of \$80,000.00, a little more than 3¾% of collections. This deficit the Branches concerned have cheerfully shouldered with a determination, based on careful study of their financial possibilities, to wipe it out before October 1, 1932. It has been possible to meet all 1931 appropriations only because certain items included last fall actually cost, on account of

extraordinary exchange conditions in China, less than was then expected. That it has been possible to meet all our obligations is cause for deepest gratitude.

Receipts to October 1, 1931, are as follows:—

\$93,000.00 received in this, the first year of the College Abroad Movement, will mean much to the five Oriental colleges,—Seoul, Nagasaki, Chengtu, Lucknow and Foochow, which have claimed special interest and attention. That so much has been given is new proof of the farseeing wisdom of Methodist women who are willing to sacrifice here at home in order to develop strong Christian leaders through Christian colleges overseas.

For new buildings, major repairs, and miscellaneous non-recurring items, \$202,905.62 has been received. New annuity gifts received by the general treasurer, but not included in receipts, total \$52,849.08. These gifts are invested and held intact so long as the annuitant lives. From such gifts, from the endowment of the Retirement Fund and of the Zenana Papers, from special legacies and gifts, from endowments for medical education, from reserve for fire insurance, an investible fund of \$2,284,119.05 has been accumulated. This money has been invested under the direction of a Committee on Investments elected by the General Executive Committee. Thus far, there has not been a default in either principal or interest of any of the Society's investments. Of the bonds owned 67% are rated by Moody AAA, 25% AA, 5-6/10% A, 1-14/100% BA (AA when purchased,) and 1-14/100% not rated. Stocks owned amount at cost to 4½% of invested funds. They are rated AA and AAA or are bank stocks (gifts) not rated by Moody. Net realized loss after liquidating all doubtful bonds (except the \$25,000.00 par value above noted as rated BA), has been one-sixteenth of one percent of the total cost of all securities owned. The investment position of the Society seems thoroughly sound. Practically all railroad bonds (except equipments and high grade terminals) have been sold, as also the high priced public

utilities. The proceeds have been invested in United States Treasury Certificates due late in 1932. On October 1, 1931, our portfolio included \$1,025,000.00 par value of these. Their early maturity removes all worry on our part as to the immediate market price of Government securities and their presence on our list makes it as nearly "gilt-edged" as a list can be made.

The endowment of the Retirement Fund amounted on October 1, 1931, to \$995,552.49. During the year \$71,560.31 has been paid as premiums on pension policies. Total premiums paid since the new pension plan was begun amount to \$212,130.98. The actual payments have come so near to our estimates made at the inception of the plan that we have added confidence in its correctness as a method of providing for the Society's retired missionaries.

The budget for 1932 has been made up and will be presented to the General Executive Committee for action later in the session. Much anxious care has been given to its preparation. By rigid economy and consideration of even the smallest expenditure and by a frank recognition that extra daring is necessary in budgeting for what will probably be an unusually difficult period financially, it has been so made that there will be no cut on the foreign field. Thousands of women all over the world believe confidently, efficiently, unconquerably that Christ must be preached. To them is committed the task of making come true the dream which is the 1932 budget.

The sixty-second annual statistical report was read by Mrs. Harry Earl Woolever, recording secretary.

In a certain city in Germany there is a building bearing a strange inscription, "*Trotz-Alledem*," which means—in spite of everything. The construction of the building was begun before the war, then came the world tragedy with its death, ruin and destruction. In the years following, the citizens of the municipality determined to complete the structure and with infinite effort and sacrifice, they achieved their object. Upon its completion, the two words, which have a world of meaning, were written over its portals: "*Trotz-Alledem*"—in spite of everything.

This last year in many sections of the country, the work of the Woman's Foreign Missionary Society has been carried on "in spite of everything." Depression, bank failures, lessened, and in some cases wiped-out incomes have not daunted the faith of the women nor caused them to cease their efforts. The altars of service have been built, stone by stone, in hundreds of auxiliaries, with sacrifice and with joy, and the chalices holding the love gifts have been placed on the capstones. Though there have been decreases in membership and receipts, nevertheless, the achievement, "no cut on the field," makes our hearts glad.

In all departments there are reported 487,581 members in 17,771 organizations. (These figures do not include 468 indigenous organizations having 11,043 members.) The decrease in membership is partly explained by the fact that one Branch (Topeka) loses 7,310 Swedish members, who are transferred to the Scandinavian Unit. This same Branch reports, however, 173 new organizations. Minneapolis is the only Branch which shows a gain in membership and receipts.

Baltimore Branch has celebrated its Sixtieth Anniversary during the year, but the history of woman's work for women of other lands extends back farther than this period, including twenty-five years of the "Ladies' China Missionary Society of Baltimore Conference." During the sixty years, Baltimore Branch has given to the work of the Society \$1,422,764. The celebration of the anniversary was a "brilliant" affair, for hundreds

of candles were lighted—candles representing \$100 gifts, \$60.00 gifts, \$6.00 gifts and even 60 cent gifts and the receipts totaled \$3,169.

The extension department of the Society is always a source of recruits to the auxiliaries. This year twenty-five circles have become auxiliaries and 290 extension members have become active. The salaries of four nationals and forty missionaries are paid by this department.

Five hundred ninety-five zeros were removed. One Conference, Idaho, has been added to the honor column headed "zeroless," in which column there are seven districts continued from last year.

The German members of the Society in the United States record victories of faith this year. They report 7840 members in 370 organizations. One society of 65 members, many suffering from unemployment, reached its goal of \$1200—an average gift of \$18.00 per capita—and the money was given, not "raised." The number of subscriptions to the *Friend* and the *Freund* is more than one-half of the total German membership.

In the Negro constituency of the Society there are 226 auxiliaries with 2,602 members. In this difficult year, the receipts from their organizations compare favorably with past years. An increasing number of well-trained Negro women are assuming leadership in the work of the Society.

Always the Woman's Foreign Missionary Society strives to keep out of ruts. New objectives provide fresh interest, engage new recruits and achieve happy results. Such has been the College Abroad Movement, headed by Mrs. H. B. Earhart. The object of the movement was to raise \$205,000 for the five Colleges, Hwa Nan, Kwassui, Ewha, West China and Isabella Thoburn—a sum urgently needed. College Abroad Circles, composed of young College Alumnae, who heretofore have been outside the missionary organization, have been formed and the information concerning our educational work abroad has reached a new constituency.

To this date over \$92,000 have been received and the gifts, ranging from 30 cents sent to the general chairman in one of the pot of gold envelopes, to the largest gift, \$15,000, were largely sacrificial offerings. One Negro woman reading in the *Friend* of the movement sent to the chairman a gift of \$20.00.

The student department has felt the impetus of the College Abroad Movement, for as it has been presented in the colleges here, the interest of the college students in their sister colleges has been strengthened. Through the student department, over 100 candidates have applied for missionary service. Much of the interest shown is due to the 125 women in college towns who are actively engaged as student center chairmen.

During this year the Wesleyan Service Guild celebrated its tenth anniversary. The field for this department of the work enlarges as increasingly women go into business and the professions. There are now 10,000,000 employed women in the United States. This year there has been an increase of 14.8% in the number of units organized and of 12% in membership. 23% of the members are tithers.

The young people's department has a membership of 56,417 in 3,349 organizations. This department specializes in leadership-training. A correspondence course designed to train missionary workers was put out by the secretary and 840 individuals studied the course. Three thousand Methodist women and girls received intensive training in the various Methodist and Interdenominational Summer schools of missions. Week-end missionary house parties have given some girls a happy, stimulating experience. The young people shared in the College Abroad Movement by contributing a Thank-Offering of about \$35,000 to our Methodist Colleges, Kwassui, Hwa Nan, and Ewha.

The junior department has a membership of 126,985. It reports 1,224 life members bringing \$12,240 into the treasury. Fifty-eight

missionaries are supported by this department. The Thank-Offering, which is to be used for salaries of native teachers in various lands and also for motor upkeep for the missionaries, totaled \$14,000.

The *Woman's Missionary Friend* reports a circulation of 82,179, while the combined circulation of the three magazines published by the Society, The *Woman's Missionary Friend*, the *Junior Missionary Friend* and *Frauen Missions Freund*, is 131,242. Through the pages of the *Friend* in the past year, all but two of the countries in which the Society is at work have been heard from. The publication office reports no deficit. Exceptionally fine material has been issued in leaflets and demonstrations for programs and promotional work.

Library Service, a department of the work of the Society, which is beginning its second decade, has continued its needed ministry of supplying hospitals with latest medical books, schools with the Encyclopedia Britannica and other needed literature and individual missionaries with books covering all fields.

The committee on stewardship has been part of a joint commission from the educational agencies of the church which has prepared and printed a hand book entitled "It Is to Share," as a guide to the study of stewardship in the local church. The tri-colored candles have gleamed in many a meeting during the year and have called to the renewed giving of personality, prayer and possession.

Because no nation liveth unto itself and the world work of the Woman's Foreign Missionary Society is vitally affected by national and world issues, the Society through the leadership of its world fellowship committee has sought through the creation of public sentiment to advance world peace, law enforcement and better motion pictures.

Participation in world fellowship through the International Department has increased during the year. Bulgaria has been welcomed to membership in the Department as has also the Gujarat Conference of India. Despite the depression which has affected other countries even more severely than it has the United States, "Our Lord's missionary command has been put above our financial and economic needs," as the secretary of one national unit wrote.

Germany in spite of desperate financial conditions, has an increase in organizations, membership and receipts, and is sending a missionary to Sumatra, as "the first fruit of their newly founded missionary society." In Austria every congregation in the conference has an auxiliary and this is true of Denmark also. The women of Norway are being organized and have a young woman in training whom they expect to send to India as their first missionary. So interested are the preachers of the Norway Conference in this project that they have agreed to raise a guarantee fund of 1500 kroner to aid the women in thus undertaking their own missionary work.

Korean girls support scholarships in an India college; Italian women mother little black "Diana" in Africa: African girls work joyfully, "excitedly" in peanut fields to earn their Thank-Offering.

The missionaries of the Society in active service number 722 of whom twenty-one went out this year: 356 of these are teachers and they have associated with them 3,627 national teachers. In the schools of the Society, comprising all grades, are 67,216 pupils. Three colleges supported by the Society and eight union colleges in which we share, are providing higher education for leaders.

Sixteen doctors and thirty-three nurses, with thirty-three national doctors and eighty-seven national nurses, staff the nineteen hospitals, thirteen dispensaries and three welfare centers of the Society. Three hundred thirty-six pupil nurses are in training, 15,278 in-patients were ministered to in the hospitals while the total out-patient treatments

numbered 34,352. In the dispensaries 249,870 treatments were given.

The Bible women employed by the Society number 2,333. The total staff employed by the Society is 6,230.

Such is the bare record of the year's work, a year of achievement both at home and abroad—in "spite of everything."

*It was voted* that the reports of the treasurer and the recording secretary be adopted.

The doxology was sung followed by "All hail the power of Jesus' name." After the hymn, Mrs. Dorr Diefendorf led in a prayer of praise.

*It was voted* to accept the auditor's report.

Then came the report from foreign fields, with Mrs. Diefendorf in the chair.

Bulgaria was represented by Miss Margaret R. Gongwer of Lovetch Girls School who spoke on "Christian Education for Bulgarian Girls." At the conclusion of her story Miss Hooper paid tribute to the splendid financial management of Miss Gongwer who, she said, "made bricks without straw."

Mrs. Nicholson stated that the president of the Bulgarian Unit is a graduate of this school.

Italy was represented by Mrs. Artele B. Ruese of Crandon Institute who spoke on "Our Work in Rome."

Miss Eva Sadler of Penang told of "Malaya Girls" and Miss Wilhelmina Erbst of Tuguegarao, Philippine Islands, spoke of "Yesterday and Today in the Cagayan." The grass roofed house in which Miss Erbst lives has sent out more than 500 Christian girls throughout the Island. These girls have formed a Deaconess Association.

The stories of the missionaries illustrated the fact that the girls in our schools "receive to give," are "saved to serve."

The literature of the junior department was presented in pictorial form by Mrs. Havighurst.

Following announcements, came the quiet hour led by Mrs. O. N. Townsend, who chose for thought the theme of "Simplicity" as found in Jesus Christ.

The *afternoon session*, Mrs. Diefendorf presiding, was opened by prayer by Mrs. Mary Post of the Young Women's Christian Association of Erie.

The foreign field was the order of the afternoon and India, Burma, Japan and Korea were presented in turn. Miss Irma D. Collins of Calcutta High School spoke on "The Diamond Jubilee" and referred to the 400 girls in Calcutta Girls High School as shining jewels in this Diamond Jubilee year.

Miss Elizabeth J. Wells of Hyderabad, told "What Five Scholarships Can Do in Ten Years." Twenty girls have been helped through a higher education. Of these, eight are teaching in church schools, four in government schools, five are studying and three have married.

"Chasing the Cure" was the topic of discussion by Dr. Cora I. Kipp of Tilaunia who gave a description of the Mary Wilson Sanatorium and its activities.

"Health Work in Our Mission Schools" by Thelma J. Fernstrom of Indus River Conference was a convincing statement of the need in our mission schools of preventive work against disease. Miss Mary A. Richmond of Gonda Girls

School talked of "Work for Women and Girls in Gonda", picturing this adequate plant and its latest addition—a hostel for primary boys built by the Board of Foreign Missions but in charge of the Woman's Foreign Missionary Society.

"Training Women Workers" was the subject of Miss M. Adelaide Clancy of Muttra who told stories of these "Workers" who have gone out to teach and to establish Christian homes.

Following the presentation of India came the story from Burma told by Miss Grace Stockwell who under the topic "Thirty years Ago and Now" told of the growth of Christian work in that country culminating now in the "Burma for Christ Movement" which purposes to double the Christian membership in five years. Though the work in our mission has grown marvelously we have only five missionaries to carry it on—the same number assigned years ago.

Japan was presented by Miss Margaret J. Burmeister of Kumamoto, who told of "Evangelistic Work in Japan." She spoke of the results in the "Hitherto" of evangelistic work—a day nursery in the slums of Tokio, a free dispensary in Nagasaki conducted by Japanese women, three kindergartens in Kumamoto District, and then asked for the answer to be given to the "Henceforth." Fifty per cent of the Japanese live in small villages and only one per cent have been reached by Christianity. Rural evangelism must have a chance.

Korea came next on the program with Miss Mary E. Young of Ewha College, Seoul, Korea, talking to "Keep Running to Keep Up with Ewha." She told of Ewha graduates who organized the Woman's Foreign Missionary Society of Korea, who conduct vacation Bible schools enrolling 50,000 pupils, who teach in night schools, who give concerts of old folk songs to earn money for the building program and who broadcast over the radio.

At four o'clock came a stimulating and comprehensive address by Bishop Thomas Nicholson on "A Modern Miracle." The miracle was, of course, the development of Christianity in Korea. Against a background of the dramatic growth of the church in Korea he told of the organization of the indigenous Methodist Church—a church that goes back to the New Testament for its pattern with no hampering ecclesiastical tradition.

The *evening session*, with Mrs. Nicholson presiding, was opened with the devotional service conducted by Rev. F. S. Neigh, D.D. of Union City, Pa.

"O, Zion haste" was sung.

The addresses of the evening were given by Miss Florence Hooper on "Alive and Aligned" and Miss Carol Chen of Hwa Nan College, Foochow, who spoke on "Christ and the Chinese Youth."

Miss Hooper told of the dollars that come joyously trooping into the treasury and then are safely aligned in the budget boxes and sent to the ends of the earth.

About \$700,000 is spent for maintenance and travel of 700 missionaries of the Society; \$1,125,000 is distributed to the nineteen hospitals, the multitude of conveyances and the 60,000 school children. New buildings are erected re-

quiring from \$150,000 to \$250,000 each year and the Retirement Fund for the missionaries and the annuities are other parts of the budget.

Miss Chen told of the period of transition, of China emerging from mature leadership trained in the classics and of the coming in of youth, conscious of power, irked by China's status among the nations and ambitious for equality. Youth needs Christ who is the way, the truth and the life.

### Friday, October 23.

The session opened at 9.00 o'clock with Mrs. Charles L. Mead presiding. "Lead on, O King eternal" was sung. Miss Ruth Ransom from South America led the devotional service basing her message on "Such as I have give I thee."

"Master, no offering costly and sweet" was sung.

A telegram from Helen Murray's Bible School in Mexico City was read: "Helen Murray's Bible School prayerfully greets Executive and First Church."

"Our *Friends* and editors" were introduced by Miss Effie A. Merrill, editor of the *Woman's Missionary Friend*. Miss Merrill spoke of the going of Mrs. Walling Clark, editor of the *Junior Missionary Friend*, and of her successor, Mrs. James H. Lewis. She then introduced Miss Amalie M. Achard, editor of *Frauen-Missions-Freund*, who spoke of the record established among the German speaking members in the United States of one subscription to less than two members. A booklet composed of excerpts from the study book, "Christ Comes to the Villages" has been published in German for the German membership.

Mrs. G. W. Isham who has "pushed a missionary pen" for forty years and has edited *The Executive Daily* for twenty-one years was next introduced.

There followed a graphic presentation with charts of the various departments of the *Friend*.

Miss Annie G. Bailey, publisher, and editor of general literature, presented the Publication Office as a House of Wisdom having seven pillars, each one representing some output of the office. Into this House of Wisdom has gone \$86,752.44 during the past year.

Following came a demonstration of the extension department in charge of Mrs. F. L. Parso. The eight extension secretaries who were present as guests of the General Executive Committee helped in the presentation which brought out such facts as these:—\$2,547 were given in the sunshine bags; the dues in this department, amounting to \$42,637, pay the salaries of four nationals and forty missionaries. As part of the demonstration, forty missionaries came to the platform representing the forty supported by the department and Miss Ona M. Parmenter from Africa, Miss Sigrid C. Bjorklund from China and Miss Bessie E. Rigg from India, who are extension missionaries, spoke briefly.

Mrs. Nicholson presented the International Department stating that now fourteen countries are affiliated through this Department. She then introduced Mrs. John L. Nuelsen, president of the Switzerland Unit, who told of 12,000 members in Swiss Methodism. There are 130 organizations of the missionary society and they are supporting their own missionary, Miss Lydia

Urech. In addition they have sent a deaconess to Austria and money to Macedonia to help build a church.

Mrs. Nicholson introduced Miss Jessie Peters who spent several weeks itinerating in Jugo-Slavia and Austria. She reported great interest despite trying conditions.

Mrs. Merle N. English, secretary of the Wesleyan Service Guild, presented her report.\*

Mrs. F. T. Enderis reported the Negro Conferences. Two Conferences, Washington and Lexington, are well organized.

Miss Ruth Gordon, representative of Swedish work, reported the Swedish Conferences and Miss Amalie M. Achard, the German Conferences.\*

Mrs. J. M. Avann, who was one of the representatives on the commission which organized the Korean Methodist Church, told of her recent trip to the Orient, under the title "Our Work as I Saw It." She spoke of the development of economic education with its industrial and agricultural features, of the emphasis on health work as the missionaries are trying to grow "better babies", of the better homes program in the Five Year Movement in China, of the kindergartens in Japan and Korea, of Ewha helping to grow a better world, of the thousands of students in Malaya.

In the absence of Miss Alice I. Hazeltine, Director of Library Service, Miss Lodge read her report.\*

Literature was presented by a processional, showing books to be found on the literature table.

Introductions followed. The Branch presidents, extension secretaries, Mrs. Harry R. Ferguson, editor of the Share Plan letters, Dean Helen Kim of Ewha College, Mrs. W. T. Cooper, recording secretary and Mrs. Curtis Sooy, treasurer of Philadelphia Branch were introduced.

At 12 o'clock came the Quiet Hour led by Mrs. Townsend who centered her thought about "Sacrifice."

The *afternoon session* convened at 2 o'clock, Mrs. Nicholson in the chair.

Prayer was offered by Rev. W. P. Murray, D.D. of Clarion, Pa., father of Helen Grace Murray of Mexico City.

Africa, South America and Mexico were the fields heard from this afternoon. Miss Oril A. Penney of Old Umtali told of "Better Health for African Women," a result being achieved in one small section, by the work of the dispensary at Old Umtali. Miss Lulu L. Tubbs of Mutambara gave illustrations of how the girls in her boarding school are "Learning by Doing at Mutambara." She contrasted the homes from which the girls come with the homes these same girls establish as they go out after having learned the care of babies, gardening and how to keep their little hut as their own home at school and after having received into their lives the motive force, Jesus Christ.

South America was represented by Miss May Murphy of Crandon Institute in Montevideo, who spoke on "The Imprint of Crandon." Miss Murphy is a home economics expert and she told of better homes in Uruguay as a result of the work at Crandon. Every girl in the Institute studies Bible.

\* See reports.

Miss Juliet Knox, assistant corresponding secretary of Philadelphia Branch, spoke for her official field, Mexico. She, too, gave illustrations of lives sent forth to minister as graduates of the school go out as deaconesses, to work among the Indians, to start a little agricultural school and a clinic or to the prisoners to tell of "release."

At three o'clock, the program was changed from the foreign field to the home base. Mrs. C. R. Havighurst gave the report of the junior department, Mrs. John C. Shover the report of the young people's department and Mrs. H. M. LeSourd, the report of the student department.\*

Following came a challenging address by Mrs. F. I. Johnson who has recently returned from a world tour and who gave her impressions under the title "The Stir in the East." The "unchanging East" is gone. There is a terrific stir in the East because there is a "star in the sky."

On Friday evening at 7.15, Mrs. Nicholson introduced Rev. C. T. Greer, D.D. of Warren, Pa., who offered prayer. "The church's one foundation" was sung.

Mrs. Nicholson spoke of the fact that Mrs. Carrie MacMillan Buck, mother of the speaker of the evening, Dr. Oscar MacMillan Buck, was 87 years old on this date. As Carrie MacMillan she was sent to India in 1871 by the Society. Because New York Branch had the honor of sending her as their second missionary to the field, Mrs. Diefendorf asked the privilege of moving that loving greetings be cabled Mrs. Buck on her birthday. This was voted.

Dr. Buck, of Madison, N. J., who had recently returned from the Orient where he spent seven months as a member of the Commission on Higher Education spoke on "India and Christian Education." Out of a thorough knowledge of conditions in India he urged upon Methodist women the necessity of three things:—Get closer to national movements, put emphasis on quality and not quantity and realize that your supreme opportunity lies in the Woman's Christian Colleges.

Following this statesmanlike address came the Rainbow Pageant of World Friendship presented by the College Abroad Movement. The pageant was written and directed by Mrs. Grace Nies Fletcher. In vivid portrayal the students of the five colleges included in the College Abroad Movement were brought before the audience and the significance of the movement in the future of these institutions was strikingly shown. The pageant given under the leadership of Mrs. H. B. Earhart, the secretary of the College Abroad Movement, included in its cast Mrs. Welthy Honsinger Fisher, American college students, missionaries and foreign students.

### Saturday, October 24

The morning session opened at 9 o'clock, Mrs. Nicholson presiding. Miss Katherine Boeye of Nanking, China, led the devotions taking as her theme "That which costeth me nothing" and illustrating it with stories of sacrifice by the girls in her school. She called on Miss Mary Kesler who related a beautiful parable. It was voted that this story be published.

\*See reports.

Dr. Ernest H. Cherrington, Director of the Department of Education and Publicity of the Anti-Saloon League, was introduced and spoke on "Woman and Law Enforcement." The eyes of the world are on America. If the United States shall succeed in this "noble experiment" it will mean eventually a sober world.

The secretary read a statement from the report of Black and Co., auditor of accounts of the treasurer, as follows:—"Your Society is to be congratulated and your treasurer commended for the zeal and skill with which she has handled the Society's securities during this very critical time."

The Forward Movement with its watchwords, Simplicity and Sacrifice, was presented by Miss Lodge, assisted by representatives of the various departments. At the conclusion every woman in the audience was given a little calico pocket to be used during the coming year, calico being the symbol of simple and sacrificial living.

Mrs. Nicholson appointed Mrs. H. H. Frost and Mrs. A. E. Craig as a committee to frame a message of greeting to be sent to the Ecumenical Conference meeting in Atlanta, Ga.

At 10.30, the foreign field was presented again, China and North Africa having their turn. Dr. Ruth F. Wolcott of the Union Hospital, Foochow, presented the medical claims of the work; Miss Myra McDade of Baldwin Girls School, Nanchang, spoke on "Christian Education for New China," and Miss Katherine B. Boeye of Nanking High School had as her subject "Changing Nanking." The first broadcasting station in China was erected in Nanking and last year the girls of the school gave over the radio a program of sacred songs in both Chinese and English. As a reward for giving a concert at the graduation of the first class of Chinese aviators in Nanking the girls were taken two by two for an aeroplane ride over the city. Certainly *changing* Nanking. Miss L. Maude Wheeler of the Mary Porter Gamewell School, Peking, concluded the presentation of work in China, speaking to "Making Him Known."

Mary Anderson of Algiers presented North Africa under the topic "North Africa Needs Christ." Because of the haunting specter of fear, because the instruction previously given has failed to invoke the great moral imperatives and because atheism and communism are making such inroads, Christ must be preached and lived.

It was voted that the following greeting to the Ecumenical Conference drawn up by Mrs. Frost and Mrs. Craig be sent:—

"To the Ecumenical Conference representing world Methodism, now assembled at Atlanta, Ga.

"Greetings from the General Executive Committee of the Woman's Foreign Missionary Society of the Methodist Episcopal Church in annual session at Erie, Pa. In the words of St. Paul, 'To each of us has been granted a manifestation of the spirit for the common good. That all may know Christ and the power of his resurrection.' "

Miss Martha Gertsch, a student in Ohio Wesleyan University who is a candidate of the Switzerland Unit, was introduced.

Mrs. Townsend again took charge of the Quiet Hour, basing her thought on

"Simplicity and Sacrifice in Christ's Service." "O Jesus, I have promised," was sung. The hour was closed with the visualization of the altar of sacrifice in charge of Mrs. LeSourd and Mrs. Shover. The messages brought by Mrs. Townsend at each of the three Quiet Hours were listened to by large congregations. Rich in spiritual content and practical in application they vitalized the whole meeting.

The *afternoon session* was given over to the ever delightful junior rally, under the supervision of Mrs. Havighurst, when children, missionaries and officers joined in a colorful procession and formed the "Friendly Garden." Missionaries entertained with realistic scenes from their countries and as the climax of the program eight children were made life members.

On *Saturday evening* two banquets occurred, the young people's at the Young Women's Christian Association and the World Fellowship at the Masonic Temple.

Mrs. Shover presided at the young people's banquet and introduced nine Standard Bearer missionaries from India, the Philippines and Africa. The award of a brass candelabra offered to the Branch making the highest percentage of points in the Standard of Excellence went to Des Moines Branch. At 8.30 the young people went to the Masonic Temple to listen to the program of the other banquet.

At the World Fellowship banquet Rev. Ralph Marshall Davis, D.D., pastor of the Church of the Covenant, offered the invocation. Mrs. Curtis Ralph Osborne, the gracious general chairman of the local committee, presided. She introduced Mrs. Nicholson as toastmistress who after further introductions of officers, guests and missionaries, presented the speakers of the evening, Rev. David K. Allen, president of the ministerial association of Erie who brought greetings from that body; Mrs. Merle N. English, secretary of the Wesleyan Service Guild, who spoke on the "First Decade of the Wesleyan Service Guild"; Miss Mary Anderson of North Africa, whose subject was "The Blossoming Desert"; Mr. Paul A. Siple, the Boy Scout who accompanied Admiral Byrd to the Antarctic, who described "The Frozen Fields"; and Dr. Helen Kim, Dean of Ewha College who told of "Opening the Hermit Kingdom." Between the addresses the missionaries sang songs in their adopted tongues and Dr. Kim sang two solos. Rev. A. C. Locke, D.D. pronounced the benediction.

### Sunday, October 25

The *morning service* at 10.30 was in charge of Rev. Ralph Marshall Davis. The sermon on "The Break-Up of Asia" was preached by the Rev. Ralph E. Diffendorfer, D.D. of the Board of Foreign Missions.

*In the afternoon* at 3.00 o'clock was held the Service of Commission of the newly appointed missionaries, Mrs. Nicholson presiding. Seated on the platform were twenty-two young women who were to sail within three months for foreign fields. The regular order of the commission service was followed. Mrs. Nicholson introduced the outgoing missionaries who told in brief sen-

tences their reasons for going into missionary service. Mrs. Robert Bagnell, president of Philadelphia Branch, gave the welcome on behalf of the Society and Dr. Helen Kim gave the welcome on behalf of the field. The charge was given by Bishop Francis J. McConnell.

The *evening service* opened at 7.30, Mrs. Nicholson presiding, with an organ recital by Mrs. Katrina Blass Metzner. The music was by the choir of the First Methodist Episcopal Church, in charge of Morris Gabriel Williams, Director. Rev. A. C. Locke led the devotional service. Bishop McConnell gave the address of the evening on "Changing World Conditions." Closing the service and the public meetings of the General Executive Committee was the singing of the "Hallelujah Chorus" from the "Messiah."

### Monday, October 26

The *final session* of the General Executive Committee was held in First Church, at 9.00 A.M., Mrs. Nicholson, presiding, brought the devotional message. Miss Wilhelmina Erbst of the Philippines led in prayer.

A telegram from Mr. H. B. Earhart expressing his good wishes for the Society was read.

Lindsay; for vice-president, Mrs. Dorr Diefendorf; for vice-president-at-large, Mrs. F. J. McConnell; for vice-president-at-large, Mrs. Charles L. Mead; for recording secretary, Mrs. Harry E. Woolever; for treasurer, Miss Florence Hooper. The report of the nominating committee was accepted and the General Executive Committee proceeded to vote.

The report of the Foreign Department was presented by Mrs. Townley and adopted.

The report of the Home Department was read by Mrs. Sheets. It was voted to adopt with the amendment that the constitution and by-laws be printed in the Year Book. In the interest of economy it was voted that the list of real estate held by the Society be omitted in the Year Book.

*It was voted* that \$25.00 be given to the janitor of the church with thanks for service rendered.

The invitation of Topeka Branch that the General Executive Committee meet in Tulsa, Oklahoma, in 1932 was renewed by Miss Ella Watson, corresponding secretary of that Branch and was accepted.

*It was voted* that the matter of securing dates from the railroads when certificates might be purchased be referred to Miss Amy Lewis and Mr. E. K. Copper.

Mrs. George W. Carr, chairman of the local publicity committee, was introduced.

*It was voted* that a committee composed of two members of the Foreign Department and two members of the Home Department be appointed to plan the program for missionaries and delegates days at the General Executive Committee Meeting and that they plan so that there shall not be repetition of the reports of the special secretaries. The committee was appointed as follows: Mrs. Wolfe, Mrs. Hardie, Mrs. L. R. Peel and Mrs. Horne.

*It was voted* to refer the dates of the General Executive Committee Meeting to the General Officers.

Miss Carrie Jay Carnahan, chairman of the nominating committee, took the chair while the tellers reported the vote for the general officers. They were unanimously elected. Standing committees, auditor, general counselor, delegates to the Foreign Missions Conference of North America and to the Federation of Woman's Boards were nominated and elected by unanimous ballot.

*It was voted* that Mrs. Nicholson, Miss Florence Hooper, alternate, be the official representative of the Society at the Annual Meeting of the Board of Foreign Missions in Philadelphia.

*It was voted* that the Woman's Foreign Missionary Society anniversary program at General Conference be referred to the General Officers.

*It was voted* to recommend to the chairmen of the two Departments that the mid-year meeting be the first two weeks in May.

Mrs. Mead, in the absence of Mrs. Tomlinson, chairman of the World Citizenship Committee, read the following resolutions:—

**Law Enforcement**—The Woman's Foreign Missionary Society of the Methodist Episcopal Church sending missionaries to nineteen countries, continually meets the world looking to the United States for a demonstration of the success of prohibition in order that they may have courage to go forward in similar undertakings.

This General Executive session of the Society, therefore, here records its faith that the Eighteenth Amendment was and is still the will of the majority of the American people.

They honor the President of the United States for his consistent execution of this law and commend the public officials who, by their fidelity, have brought about an improvement in enforcement.

The committee recommends that a letter stating this action be sent to the President of the United States and the Department of Justice.

**World Court**—It is the sense of the Woman's Foreign Missionary Society in General Executive session at Erie, Pa., that the permanent Court of International Justice at the Hague is a necessary and worthy instrument of a world peace system, which shall gradually be built up to supplant the war system.

Inasmuch as in January, 1926, the Senate accepted the General Protocol of Accession to this Court, commonly called World Court, subject to five reservations and,

Inasmuch as these five reservations have been met exactly as required by the United States, including the fifth reservation, therefore,

The members of this group in annual assembly respectfully urge upon the Foreign Relations Committee of the Senate prompt action in reporting out of Committee the Protocols of Accession and upon the Senate prompt acceptance of the same.

**Opium**—In view of the direct interest of the United States in all international efforts to abolish the use of opium and its derivatives, except for medicinal and scientific purposes, the General Executive Committee of the Woman's Foreign Missionary Society of the Methodist Episcopal Church recommends to the Senate of the United States an early ratification of the Narcotic Drugs Convention signed at Geneva on July 13, 1931.

And further in view of the Conference on Limitation of Traffic in Opium to be held at Bangkok in November of this year, this body expresses the hope that the Government of the United States will accept the invitation to be personally represented in that Conference.

And the Committee recommends that a statement of this action be sent to the appropriate Government agencies.

**Disarmament**—The Woman's Foreign Missionary Society of the Methodist Episcopal Church in Executive session at Erie, Pa., favor the bold reduction of every variety of armament of the Geneva Conference for the following reasons:—

*First*—Because the great increase in quantity, deadliness and costliness of armaments since the great war puts the world again in danger of war. War is a denial of everything which Christ taught and which as a body of Christian women, we promote at home and abroad.

*Second*—Because in the Kellogg-Briand Treaty as a nation we have renounced war as an instrument of national policy and along with the other fifty-seven signatories, must now make a beginning in the renunciation of the weapons of war. Moreover, Germany disarmed by the Versailles Treaty interprets Article V as a moral and legal obligation on the part of the Allies and Associates also to disarm.

*Third*—Because today millions of men and women are without work and without food. If Governments pay less for costly armaments, wealth will be released for the revival of industry and trade.

The Committee recommends that a letter be sent to President Hoover stating this action.

They were unanimously adopted.

Extension of time was voted.

The report of the resolutions committee was read by Mrs. Craig as follows and was adopted.

We, the members of the General Executive Committee and the missionaries present of the Woman's Foreign Missionary Society of the Methodist Episcopal Church, assembled in annual session at Erie, Pa., hereby seek to express our profoundest gratitude for the results of the work of the past year, an achievement little short of amazing in view of the difficulties encountered in America and abroad; and to each individual

member of the Society our deepest appreciation for her part in making it possible to pay all appropriations and to enter the new year without the necessity of reduction of work on the field. Only because every woman was faithful to her task was success possible.

We wish to express our sense of privilege in having shared the hospitality of the Philadelphia Branch and the people of Erie.

To Mrs. Herbert Welch, wife of the resident Bishop, for her delightful spelling of the word "welcome" and to the other official hostesses; to Mrs. Curtis Ralph Osborne, general chairman and to all the committees whose work has been so well directed and so untiring we would say a sincere "Thank you" for needs met, desires anticipated and gracious courtesies extended.

To Dr. Alfred C. Locke, District Superintendent, to Dr. Clarence E. Allen, pastor of the First Methodist Episcopal Church, to Dr. Albert Marriott for his leadership in song, to Mr. Morris Gabriel Williams, Director of Music, to Mrs. Katrina Blass Metzner, organist, and to Dr. Ralph Marshall Davis, pastor of the Church of the Covenant, we would voice our appreciation, grateful for the spirit of cooperation that has made possible the use of the beautiful Gothic church so complete in all its appointments.

*Whereas:* "The message of the Rainbow Pageant of World Friendship" will be an abiding inspiration in the life and endeavor of each person who witnessed it, we wish to express our gratitude to Mrs. H. B. Earhart, the general secretary of the College Abroad Movement, to Mrs. Grace Nies Fletcher, the author and director and to all others who made possible this picture of money come to life in the Christian college woman of the Orient;

*Whereas:* Our program has been enriched by the presence and messages of Bishop Thomas Nicholson, Bishop Francis J. McConnell, Dr. Oscar MacMillan Buck, Dr. Ralph E. Diffendorfer, Dr. Ernest H. Cherrington, Mrs. F. I. Johnson, Miss Carol Chen of Hwa Nan College, China and Dr. Helen Kim, of Ewha College, Korea;

*Whereas:* the presence and messages of our missionaries have given us a new sense of gratitude for work achieved and likewise a compelling sense of the urgency of the task;

*Whereas:* We have been led to a deeper prayer life through our moments of silent devotion, the many helpful spiritual messages and especially by the "Quiet Hours" under the leadership of our own Mrs. O. N. Townsend calling us back to simplicity in Christ and to a new practice of sacrificial living and giving, culminating in a visual presentation of "The Altar of Sacrifice;"

*And whereas:* In this first annual meeting of this body since "the home going" of our beloved Mrs. William Fraser McDowell we have sensed the abiding presence of her radiant personality, her spirit of encouragement and her note of victory;

*Therefore be it resolved:*

1. That in the coming year 1932 our zeal for the work shall be intensified by a simplicity of living greater than we have known before and by continued sacrificial giving,

2. That, as fellow workers for the truth we will return to our homes and to our local churches ready and eager to give ourselves to keeping alive the "spiritual glow" which is our heritage as Christian women and in this spirit of simplicity, sacrifice and service to stir up a greater interest in the work of the Kingdom under whatever name it may be promoted.

Miss Hooper called the roll of the Branches and as the corresponding secretaries, home base secretaries and delegates stood, the following appropriations were made for 1932.

*It was voted* that we express to our treasurer, Miss Florence Hooper, our sincere appreciation of the able manner in which she has handled the funds of the Society during a period of peculiar financial difficulty. The fact that no losses have been incurred and that no shrinkage in the income from our securities has taken place is clear evidence of her rare wisdom and loyal devotion.

### AFRICA—GENERAL

It has been our privilege to contribute to the appropriation for the study made by Dr. J. H. Oldham on his recent trip to Africa on behalf of the International Missionary Council. Dr. Oldham's work and that of the Africa Literature Committee (interdenominational) are rendering invaluable service in building for the future of African education along somewhat standardized lines.

All our work in negro Africa is so much a combination of evangelistic with medical and educational, that it is impossible to make a distinction.

#### ANGOLA CONFERENCE

QUESSUA—*Quessua Girls School* has had a successful year, with the largest enrollment of its history, 220, and the most satisfactory quality of work yet accomplished. One hundred sixty of the girls are in boarding school. The rest come daily to school from villages which have sprung up on mission land. Seven practice teachers assist the missionary, a proof that native leadership is coming encouragingly to the fore. Coeducation was tried but proved unsuccessful, so the work of our Society in Angola is among the girls and women only. This is under the Portuguese Government, so the Portuguese language is used in the classroom. The native language is Kimbundu.

A nurse is greatly needed, as Miss Marie Nelson, with no medical training, is at present assisting in the hospital.

A series of revival meetings have been held at Quessua and in the out-stations of Angola with remarkable results.

## RHODESIA CONFERENCE

Our work in this Conference is coeducational. Rhodesia, being under the British Government, receives government cooperation in a greater degree than our conferences in Portuguese territory do. The Conference this year has been seriously short handed, as so many missionaries have had to go on furlough and a cablegram from Bishop Johnson requested the early sending of Miss Gugin, R.N., our new recruit, to undertake the medical work at Old Umtali.

MUTAMBARA—Work in the *Mutambara Girls School*, as in all our Africa stations, is largely vocational. The girls are trained not alone in academic subjects, but in kitchen gardening, cooking, sewing and laundry work. The older girls receive practical training in home-making, from helping in the care of the younger children, and render valuable service after being trained for a few years in the school. If the usual medical work is to be maintained here, a nurse is urgently needed.

NYADIRI—This is our newest station, located on the edge of the jungle. Already the school house has been outgrown. There is no church, so the assembly room of the school is used for church services. A brick bath house has been built this year, also a brick power house, and both are the work of the boys in the manual training department.

OLD UMTALI—*Fairfield Girls School, Baby Fold, Orphanage, Girls School* is our largest station in the Conference. An interesting feature this year is the starting of a detachment of Girl Wayfarers, similar to our Girl Scouts, and is a "growing sisterhood" spreading through South Africa. This is an inter-denominational Christian Association. Four of their enrolled members left in January for teaching positions, but seven new candidates are preparing to enter and others want to join.

UMTALI—A railroad and business center, where the need for a hostel under Christian auspices for the protection and housing of native girls, became a reality about a year ago under our Society. Considerable publicity was given this project through the African press and government officials as well as Christian workers recognize its value.

## SOUTHEAST AFRICA CONFERENCE

GIKUKI (INHAMBANE)—*Hartzell Girls School*—This is a growing institution with one hundred boarding students and one hundred seventeen day pupils. A nurses home has been built this year. A nurse training class is an important part of the work, and has been aided this year by the supplies of papier-mache models and a manikin which are a revelation to the African people. Since no suitable simple nursing text books are available, Miss Victoria Lang, teacher and nurse, writes them herself and mimeographs the copies.

Industrial work, too, is especially important in cooking, laundry, basketry, pottery, ropemaking and sewing. These not only train the girls in necessary industries, but exalt the value of such practical training in their minds. The school is so overcrowded that the children are sitting three, four, and sometimes five in seats meant for two, while the overflow sit on the floor. Dormitories and a small native hut have been pressed into service for classrooms. There is great need for evangelistic and medical work out through the district.

ON FURLOUGH—Grace L. Stockwell, Lorraine Bennett, Mabel J. Reid.

### Educational Work

KALAW—Roxana Mellinger who has been principal of Kalaw school and whose furlough was due in October, 1930, decided to remain another year since there was no one to take her place. She gives an interesting account of this school. "This Anglo-Indian school has passed through many vicissitudes; indeed its history might almost be called 'romantic.' It was established as an orphanage in Rangoon. It then migrated to Thandaung, a beautiful place, but remote from other stations where our work is located. It was finally moved to Kalaw, a town accessible by rail and motor and a climate which makes it a pleasant dwelling place all months of the year." Since the school was moved to Kalaw the enrollment has increased to five hundred, and more girls and boys would like to be admitted. It is a co-educational school. The Anglo-Indian boys and girls in the Orient have problems. They are not expected to live as nationals do, but many have not the money to live according to English customs. When they are taken into religious schools and become efficient and capable, they are valuable citizens.

RANGOON—There are three Woman's Foreign Missionary Society schools in this city: one for Burmese girls, one for Chinese, and one for Anglo-Indian girls—an English school. These schools are self supporting except for the salaries of the missionaries who have charge of them.

*Burmese School*—Elsie Power and Gladys Moore have charge of this important school. The enrollment is about five hundred. Miss Power writes, "Scripture teaching has an important place on the school program. Our pupils receive further help in the various regular services of the week, especially in the personal help given by Christian workers. Girl Guides are doing good work under the leadership of their faithful captain. In the health week campaign, held in a distant part of the city, assistance was given by some of our teachers and girls. We were more successful in the recent musical competitions, sponsored by the Y. M. C. A. In the group singing of the Anglo-Vernacular section, our school won first place. A silver bowl will be presented in token of this victory."

*English High School*—"There is no grace can illumine the face, Like the charm of a beautiful mind." Miss Amburn who has been principal of this school makes this quotation in her report and says: "It is the purpose of our school to help each girl to possess a beautiful mind. Beautiful, not only in its wealth of scholastic attainment, but also in its attitude toward self-discipline, helpfulness to others, and duty to the Divine. With the close supervision and help which we receive from Government and with an efficient staff of teachers,

there is not much danger of neglecting the scholastic side of the development. We again had good results in the Government examinations, with only one failure in the tenth standard and two in the seventh. Credit for this success goes to our conscientious, hard-working teachers. Moral and religious development is duly stressed in the daily scripture classes, chapel and personal contacts." Miss Amburn is coming on furlough soon and Mabel Reid, who recently returned from furlough, will probably take her work.

*Chinese School*—Rangoon is one of the cosmopolitan cities of the world. There are about sixty thousand Chinese living in the city and in nearby regions, and our school is the only one in this region. Hazel Winslow has been principal of the school but her furlough is due and it is a problem who will take her place. She writes: "Attendance has been very good this year. The fact that a Chinese girl has passed the Government examination from a Chinese girls school raised our reputation much in the eyes of the community. Last and most important of all is the spiritual side. The daily Scripture classes have been the source of great inspiration to the pupils and teachers. A spirit of reverence, added interest in the Sunday school and personal decisions have been fruits of these hours."

*THONGWA—Reid School*—Maurine Cavett has had charge of this school since Virginia Baldwin came on early furlough. It is a small school but this fact enhances its Christian atmosphere. Quoting from one report: "One of the small girls asked us to pray that when she grows up she may be a full time worker. Asking her what she wanted to do she said, 'Anything that God wants me to do.' We sometimes ask for voluntary prayers in morning worship and the girls pour out the desires of their hearts to Jesus." These Christian girls, when they leave school and return to their native villages, tell their relatives and neighbors about Christ. This small school is very worth while!

### Evangelistic Work

*THONGWA*—Stella Ebersole, writing about her evangelistic work says, "Our plan is to go to each Christian house each day, except where there are two or three quite near together and the women can assemble in one of them, and teach one of these lessons in order. They begin each day with a little memory work on the Lord's Prayer or if they finish that, on the hymn, 'Abide With Me.' Then questions are asked about the preceding day's lessons. After that the new lesson, followed by training in extemporaneous prayer. The Bible woman will ask a woman what she wants to pray for, then word her prayer for her, sentence by sentence, and have the woman repeat it after her. Very elementary! But remember that the two Bible women who helped plan the course, and who are trusted to fill in the details, would have been such as these, but for about six years of Christian schooling."

*PEGU*—Sadie Smith who has had charge of the evangelistic work in Pegu and vicinity for a number of years writes, "A Government official who has been in touch with that district for some years was unstinting in his praise of the contribution which the Christians have made there. We are very fortunate in having a fine young woman in charge of the school. Under her leadership, the women are meeting together each week. Story telling is such an integral part of a Bible woman's work that it is impossible to stress the art too much. The Burmese children love stories and our Bible women are not without skill in this line."

*TWANTE*—Gladys Moore, in addition to her school work, gives some time to evangelistic work in this region. She writes, "There is no measuring the service our Bible women in Twante have rendered that community and neighboring villages. They seek to minister to every need of their Christian and non-Christian friends. Day by day these women go into non-Christian homes and teach the women and children of Christ."

## CENTRAL CHINA CONFERENCE

### Educational Work

CHINKIANG—*Olivet Memorial High School* has not escaped the effects of crop failure and resultant increase in the cost of living through food shortage everywhere, abnormal rate of exchange, taxes, etc., so that financially this has been a hard year, and the school year just ahead promises to be no less so, especially in the boarding department. In addition to classes in religion in school, the girls attend voluntary prayer groups held in the dormitory and led by the women teachers, the students themselves maintain an active Young Women's Christian Association. During Passion week they had special morning service each day, at the close of which an opportunity was offered to all who wished to enter an inquirers' class to do so. Imagine the challenge that came when fifty-two girls responded.

All the children of the day schools, churches and hospitals, besides teachers, doctors, pastors and servants, were given gifts at Christmas time.

The day school enrollment has increased decidedly so that now there are over two hundred in school.

This year forty pupils have graduated from the lower primary department of the day schools, also there are twelve graduates from the upper primary, nearly all of them are now studying in the Olivet Memorial School.

NANKING—The day school rooms are crowded and almost too uncomfortable rainy and warm days. They could not accept any new students for *Fairfield* for the spring semester because they already had two hundred eighty.

*Methodist Girls High School*—Registration of schools means elective Bible study which necessitates more attractive courses, the essence of Christian principles, a greatly increased personal contact between the Christian teacher and the individual student. Christianity in China means to the students what they see in the lives it produces. The government officials prefer having their daughters attend our schools, not always because it has a Christian purpose but because their girls are better looked after.

Of the two hundred fifty-five graduates, one hundred seven are in educational work, twenty have been abroad, sixteen are doctors in China, three spend their entire time writing and translating for Christian magazines, four are in government work, forty-two are studying in colleges, and nineteen have left for their heavenly home.

The enrollment is two hundred twenty, the limit of our capacity. They have three American teachers, two for English, one for the music department, and twenty-five college trained native teachers. It costs them 32,000 Chinese dollars each year to finance this school, one-third of this amount is given by American patrons, the rest is paid in for tuition, board, and incidentals.

*Hitt Training School*—Twenty-four students were enrolled during the first semester, twenty-eight the second, with an average attendance through the year of twenty-five. They were divided almost equally into three groups: one-third single young women, one-third married, and one-third widows, with an average age of twenty-six. One third were enrolled in the upper course of junior high grade while two-thirds were in the preparatory or grammar school course. A majority of the groups are definitely preparing for evangelistic work.

*Ginling College* opened with an enlarged staff and student body. Girls have come from Canton, Szechuen, and Peiping and many points between making a total of one hundred seventy-nine. Of these students, one hundred forty-nine are from mission schools and the remainder from government and private schools; one hundred twenty-nine are Christians, most of these church members, of these approximately one-sixth are members of our church. They have thirty-two pupils from schools founded by our Woman's Foreign Missionary Society.

Last year Ginling celebrated her fifteenth birthday.

### Evangelistic Work

CHINKIANG—Eight girls of the *Hsiao Ma Teo School* came asking if they might join a probationer group during Easter.

The special evangelistic meetings were held the same as last year. All of the city evangelists both men and women, joined in the meetings; crowds of men and women attended the afternoon meetings, some came from the first day and continued to attend. At nearly every service people signed up as inquirers, they were surprised to find that those who had enrolled were all men.

NANKING—Once each month about two-thirds of the students attend the Young People's Missionary Society, they have had some very interesting meetings.

The Bible woman is also very anxious for the church members to attend the commencement programs, so as to stir up their interest.

WUHU—Both at Second Street and Green Hill the regular work according to schedules has been followed, in women's meetings, women's classes, childrens meetings, house to house visitation, and some hospital follow-up work. The workers met each morning for prayer where strength was gained to meet the burden of the day and various disheartening situations.

Revival meetings have been held. At one of the missions the small church was crowded twice a day. The evangelists were Chinese who spoke with no uncertain sound.

### Medical Work

CHINKIANG—*Lettie Mason Quine Hospital*—The number of operative patients is gradually increasing. The folk are beginning to more fully appreciate the value of western surgery.

The obstetrical department has been able to serve both the rich and the poor. The number of both the medical and obstetrical out-calls is increasing. A goodly number of these patients are admitted to the hospital.

They have been very fortunate to be able to carry on, during the last year. In the midst of a bandit ridden country, they have been undisturbed.

WUHU—*General Hospital*—The bed capacity of the Hospital is seventy-five and at least sixty-six beds are occupied every day. The number of in-patients has increased twenty-four per cent over previous years while the number of operations had increased fifteen per cent. The number of clinic patients attending dispensary in the city has remained about the same—twelve thousand per year. With all this increase the expenditures have been kept low, only a seventeen per cent increase is reported.

China boasts of many goats but as the Chinese people have never promoted the milk drinking idea, it has been left to the mission hospitals to make it a popular beverage by providing it for their patients.

The recipients of this Hospital are missionaries, some local business people, one group was made up of Japanese sailors, but the majority are the various classes of Chinese people. Some are officials, military or civil, others students, farmers or housewives, or children. Even the poorest coolie can find a place in one of the large wards. Charges are made according to the purse. Those who can pay are expected to do so and those who are too poor to pay are cared for free of charge.

MRS. LEON ROY PEEL, *Official Correspondent.*

## CHENG TU WEST CHINA CONFERENCE

### Educational Work

CHENG TU—*Girls High School*—Enrollment has been something over eighty throughout the year. Here the aim is quality rather than quantity. Last spring a class of thirteen graduated from the Senior High School, the first class of girls to graduate from the Senior High in the province. Of these graduates, two are in Ginling College and three in West China Woman's College. One girl received second place and another the fifth among 200 who took the examinations. Grace B. Liu, the efficient principal of this school for four years, is now married. Joy Aao, graduate of Woman's College this Spring, has been appointed as the new principal.

*Harmony Crossett Day School*—According to its annual record this school has been filled to overflowing. Its increased efficiency has not lessened. Miss Rachel Pen, its splendid principal, is now studying in America. Miss Eunice Tsen, a recent graduate of Woman's College, is taking Miss Pen's position in this school and will also give part time to teaching in the High School during Miss Harger's furlough.

*Asbury Womans School*—There is a full attendance in this school and the women are most industrious, coming early in the morning and remaining throughout the entire day for study. There are seven graduates from this school this year.

*Manchu City School*—With 112 pupils in this school, it is crowded to its capacity. Thirteen graduated from the Junior Primary and six from the Senior Primary. Our schools have not been questioned and regular courses in religious education have been taught.

TZETCHOW—*Jennie Hewes Caldwell Girls School*—One hundred twelve loyal girls, with a deep interest in Christianity and an acceptance of it by a

majority of them, have been in attendance at this school. The Higher Primary classes are to be abandoned here, the girls coming from this grade of school in city and district. Eighty-four girls are in Junior High School and nineteen in Senior High. The Junior High is registered with the Government but because of lack of funds, the Senior High has not received Government recognition. In this school, at the beginning of every semester, every student is required to have a physical examination. In this way many ailments are checked and relief secured before it is too late. This school is without a principal. Miss Florence Liu has gone to Peiping for further study.

Miss Lybarger in Chengtu writes: "Girls who were in the Junior Primary Grade when I came to China, have now graduated from College and are Principals of our High Schools. They are all Christians and giving splendid service."

### Evangelistic Work

The District Evangelistic Work in each center of our West China field covers a very wide area. Because of the shortage of workers it has not been possible to give this work the close supervision it should have but from reports which come, it has perhaps held its own. The withdrawal of the Board of Foreign Missions in many localities has increased our responsibility.

Grace E. Manly, who returned last Spring has been placed in charge of two districts and a third will have no American missionary at work in it when Miss Proctor returns for furlough this year. Three new missionaries have just gone to this field, but because of language study they cannot bring much relief for some months to come.

On some districts the work has been left largely in the hands of an itinerating Bible woman and some few other Bible women stationed in important centers. Religious Educational Institutes have been an aid in fitting these women for their tasks. In some centers, station classes have been held in cooperation with the District Superintendent. Both men and women attended and the theme emphasized was "The whole family for Christ." Many splendid results followed. It is of great interest to see how eager these women are to learn to read. Easy Gospel readers are left with them and the children of these mothers who are in school teach them how to decipher the characters. By the next visit over the district, perhaps the second reader may be left. Being able to read even small portions of the New Testament, makes stronger Christians.

*Fidelia Dewitt Woman's Training School* at Tzechow has had seventy women enrolled the past year. In spite of the supposed unpopularity of Christianity more women than ever before have desired to identify themselves as students of the school. Two of these women took work in the Girls Senior Middle School; thirty-three were in the Junior Middle. Three women were studying in the Bible Department, specializing for Bible woman's work.

Among these seventy students could be found those from all classes—one was the wife of a military lieutenant, another the wife of a chair carrier. The study of Bible is required in all departments of the school. Eight have united with the church this year. During [the week of special services preceding the Day of Prayer, each of seventeen women pledged herself to try to win another woman to Christ during the year. Miss Jung, the efficient principal of this school is a woman of great power. Our missionaries say it would be hard to find a woman of more capability and faithfulness.

### Medical Work

Viola Miller, R.N., will spend **this** year in the Tzechow Hospital while Lillian Holmes will remain in Chungking as the building of the new Hospital is in progress.

Dr. Marion Manly has rented in Chengtu, a building formerly used by the Y. W. C. A. and is making preparation to start her School of Midwifery. She writes that the place is about perfect for her needs. It is an old-fashioned

Chinese compound, a place of beauty when cared for, and not greatly in need of repair. Working with Dr. Manly in this school will be three nurses; one who has been taking postgraduate training as a midwife, will help with the teaching in the school; another teacher is a former graduate of the school of midwifery in the Gamble Memorial Hospital in Chungking. Dr. Manly has chosen her school board from an interesting group of local leaders, there being only one foreigner on it, a Canadian woman physician. We are building high hopes on this new and untried venture. Dr. Manly and those associated with her are most enthusiastic in their endeavor.

MRS. F. E. BAKER, *Official Correspondent.*

## CHUNGKING WEST CHINA CONFERENCE

### Educational Work

CHUNGKING—*Dsen Jia Ngai Boarding School*—The past year has seen the largest enrollment this school has ever known. During the year twenty-four girls joined the Church, giving proof that girls can be won for Christ without required Bible Study. This is one of many stations where our force is greatly depleted, both native and foreign. Miss Isabel Tang, who has been the principal of this school, has been married and Miss Helen Den, last year's graduate of Woman's College is to take the position.

SUINING—*Stevens Memorial Girls School*—Total enrollment during the last year has been one hundred seventy. Last June a class of thirteen graduated from the Junior Middle. Ten of these are now in the Senior Middle school doing fine work. The coming Spring will graduate the first class from the Senior Middle School, four fine girls, each of whom will enter college in the Fall or after another year. The Primary practise school is overflowing with students from well-to-do homes who willingly pay the required board and tuition fees. The changed attitude toward religion and the deepening of the spiritual life of the girls has been very pronounced during the past year.

### Evangelistic Work

Miss Wells on the Chungking District writes: "Our accommodations for station classes were full to overflowing with three sleeping in a bed and some on straw pallets on the floor. When we could receive no more, the women looked at us reproachfully as we sent them away. We had no trouble with non-Christian women about Bible study, some preferring it to the Thousand Character Readers and wanting to give all their time to Christian books, but as the Readers are part of the Mass Education Movement we wanted them included. One Christian woman brought her two daughters-in-law and went home to do their work, saying that she believed the Gospel and wanted them to have the same opportunity. In the past we have been distressed because so many girls were taken out of school, after a short period of study, to help in the home or to be married. Now they are mature women and given more liberty and come to the station class to pick up the broken thread. She will remind us that she knew us when she was a little girl and will perhaps bring her child to put into the day school."

### Medical Work

The *Gamble Memorial Hospital* with walls standing is to be rebuilt this year. This brings joy to this vicinity which has long known of the splendid work done in this hospital. Dr. Lydia Ch'en is spending this year in America on a McDowell Fellowship, taking advanced work in surgery and medicine. Last year she spent in the Woman's Hospital in Philadelphia as an interne.

MRS. F. E. BAKER, *Official Correspondent.*

## FOOCHOW CONFERENCE

## Educational Work

FOOCHOW—The *Union Kindergarten Training School* is a happy family group with Miss Isabel Hwang at its head. Miss Grace Shawhan our representative now on furlough is greatly missed. There are forty-one students, the largest group in the history of the school and the Christian influence of the school in the neighborhood is largely felt.

Our *Girls Boarding School, Tai Maiu*, under the direction of Miss Mary Carleton has had the largest enrollment in its history, 375 girls. Bible classes are well attended and all teachers on the staff are Christian. Several country missionaries detained in Foochow on account of political conditions have helped greatly with the work.

FUTSING—The *Marguerite Stewart Girls School* now fully registered with the government has experienced no change in the Christian atmosphere—Bible study, church and chapel services being well attended. Ten members of the senior high school have entered Hwa Nan College.

HAITANG—The *Kings Heralds Girls School* had a most happy Christmas season, giving a beautiful Christmas play. At Easter the "Message of the Resurrection" was also given. The girls entered most reverently and quietly into the occasion.

KUTIEN—Our *Girls School* here is a happy family, teachers and students working most harmoniously. At the request of the commissioner of education all schools in Kutien took part in a Mandarin contest and the first prize was won by our school. Notwithstanding disturbed political conditions the school has not been closed.

MINTSING—*Lek-Du* has had a trying year because of bandits but "our Heavenly Father has cared for and protected us and carried on our work through all the months." A class of nine completed Junior High, five of whom entered Hwa Nan Senior High. "The roads our girls must travel to school were unsafe. One, a new girl, accompanied by one of the women of her family, was robbed of all the money she had (two dollars) her spending money for the term. A sad little maiden she was when she arrived but she soon recovered from the shock."

## Evangelistic Work

FOOCHOW—The new evangelistic center, located in the old *Woolston Memorial Hospital* compound has been greatly improved by necessary repairs. Miss Wells who is in charge writes, "As we review the year we find much to be thankful for. In the midst of fear and suffering all the workers have been kept safe. We are grateful for the new center. We have been pleased with the friendly spirit manifested by all classes even the soldiers."

The *Womans Bible Seminary* has assisted in five evangelistic campaigns in which many found Christ. A course of lectures in the Life of Christ, a helpful course in Old Testament literature and an interesting course in poetry of the Old Testament have all been given. Miss Mace is most appreciative of all this help given by those temporarily held in the city by war and bandits.

HAITANG—Of nine District Conferences in Foochow Conference, Haitang has led in number of probationers received into full membership. Because of famine conditions it was feared that the mission school at Ing Ang which our Womans Foreign Missionary Society of the Foochow area supports could not be kept up, but the money came in in coppers and dimes—more money than last year. Miss Halverstadt writes that one Bible woman walked four or five miles on which trip she collected twenty-three coppers, our equivalent of about two cents.

FUTSING—Evangelistic services have been held all over the district. In one village of six families, five families have become Christian. In one series of services, 417 began the Christian life.

MINTSING AND KUTIEN—"Never before have people suffered banditry and poverty as this year but never before has there been such a longing for the comfort, joy and peace which comes only from above and never have we so realized the power there is in the Gospel to transform lives."

### Medical Work

*Foochow Christian Union Hospital* has had a most successful year. With a larger staff and better equipment there has been greater efficiency in the work done. Not only the more simple cases have been ministered to but more serious operations have been successfully performed.

The *Florence Nightingale School of Nursing* graduated six nurses in January, leaving a student body of twenty-nine. These young women not only minister to the sick in the hospital but they help the unfortunate leper colony outside the East Gate. Here they hold services in the chapel and the pastor teacher, the Bible women and the nurses bring happiness and cheer.

In Futsing the *Lucie F. Harrison Hospital* reports 1327 in-patients including 340 maternity cases, 5044 dispensary patients and 117 out-calls. Dr. Uong has been sent to the Woolston Memorial Dispensary at Lungtien. She has four nurses and a large number of patients. There was much rejoicing because the first few babies born there were boys.

Dr. Li Bi Cue in charge of this work has just finished her twenty-five years of work and in it all she writes that she sees the leading hand of our Heavenly Father.

Medical work in Haitang has been less adequate and the state of disrepair has gone from bad to worse but now we are looking forward to union with the Board of Foreign Missions in a new well-equipped dispensary. The woman's work will be a unit of this new building. The past year has been a busy one for Dr. Hung—bubonic plague has raged with intensity, but through it all Dr. Hung has been upheld and strengthened.

The *Nathan Sites Memorial Hospital* in Mintsing has a staff of ten nurses, one Bible woman and two doctors, four hundred ten in-patients, and over 6000 dispensary patients have been cared for. Over six hundred have been cared for in their homes or villages. Plays and lectures on public health subjects have been given, the object of which is to teach the people some of the fundamentals in regard to their most common diseases.

## HINGHWA CONFERENCE

### Educational Work

*Hamilton Girls School* in Hinghwa has an enrollment of 129. The character, quality, and spirit of the present student body is a large asset and gives great hope for the future of the school. The majority of the girls are Christians. There is no compulsory chapel or church attendance but one hundred per cent attend services regularly.

*Hinghwa City Primary School* graduated a class of nineteen. The *Elizabeth Lewis Girls School* in Hankong has an enrollment of 100 including the Kindergarten. The *Juliet Turner Bible Training School* has for its aim the training of women who will become home makers, those who will become workers more especially among the children and those who will become regular Bible women.

The *Fannie Nast Gamble Memorial School* in Sienyu notwithstanding the subtle influence of Communism has carried on activities as usual. Chapel and Bible classes, although not compulsory, have been well attended. A Field Meet ordered by the local Government was a beautiful sight, over 150 of our girls marching with the school banner to the athletic field. On every side this remark was heard, "These girls are different. It's very good—it's very good."

### Evangelistic Work

Our Bible women have suffered many hardships. Their homes have been robbed. When they have gone calling even for a day they have been obliged to take their bedding to a neighbor's for safety. Prayer meetings are held in the homes and non-Christian neighbors are called in as well as the children and all are taught. Mrs. Sang has been most helpful in connection with the Institutes for Bible women. She has the Jubilee Hall in readiness for all services, always ready to help with teaching, leading meetings and giving advice.

The children's meetings have made progress, the children are glad to learn to sing and play and tell Bible stories taught them by the Bible women. The average attendance at the afternoon meetings for women has been seventy.

### Medical Work

Dr. Betow writes from the *Margaret Eliza Nast Hospital* in Sienyu that during the past nine months 641 patients have been treated in the hospital and nearly 3000 in the dispensary. Because of the bandits it has not been possible to make calls in the country. Two Bible women have been busy teaching the patients and servants. Four of our nurses joined the church Easter Sunday. She adds, "We have much to thank our heavenly Father for—for protection and care in the midst of war and banditry."

## KIANGSI CONFERENCE

### Educational Work

KIUKIANG—*Rulison High School*—School work is going on normally, and despite political unrest they have been perfectly quiet so far this year and expect it to continue.

The total enrollment is two hundred sixty-one in all departments; high-school, eighty-seven, higher primary sixty-three, lower primary eighty and kindergarten thirty-one. The increase is mostly in the kindergarten and primary departments. Miss Viola Tang, the former kindergarten teacher, graduated from the Teachers' College of Indianapolis in June, 1929. All of Rulison welcome her back. She is now in charge of the kindergarten and at the same time is supervising the lower primary school.

They have a chapel with one hundred four desks to seat almost three hundred students. At Christmas when teachers, students and servants were all crowded in, they could not stand up and sing the Christmas songs. They just cannot have the school together or ever invite guests.

NANCHANG—*Baldwin School*—There are two hundred thirty-two students enrolled, including both high school and primary. Since there was no senior third class, there was no senior high graduates. The number of junior high graduates was just twelve, while the number of primary graduates was thirty-one.

### Evangelistic Work

KIUKIANG—The evangelistic work has been specially helpful and successful. A number of women have become regular attendants at the Sunday morning church meeting in the little Danforth hospital chapel. So many former patients and neighbors are coming that they can hardly find room to pack them in.

There are five evangelists working in the city. Each Monday afternoon they have a prayer meeting. The evangelists daily call in the homes of the church members and others and visit the sick. They go at times with the teachers of the day schools into the homes of the pupils to tell the parents the gospel message.

Misses Sung Tiao Yin and Chang Mei Yin, supervisors of the Woman's Foreign Missionary Society work, are out on the district carrying comfort, courage, and salaries. The districts have all been much disturbed by bandits but the city schools have gone steadily forward smoothly and peacefully.

*Knowles Bible Training School*—Each Sunday the pupils have gone out for their practice work, helping in the regular Sunday schools as well as in the neighborhood Sunday schools and meetings in the homes.

Three schools met together for the baccalaureate sermon in the student church, and the Bible Training School commencement came a few days later at the school assembly room. There were four graduates from the Bible School and thirteen from the preparatory department. Of the four from the Bible School, one has gone to Rao Cheo for evangelistic work, two have gone to Nanchang for work in the day schools and another has married.

NANCHANG—Since this school was established and is supported by Christians, they naturally emphasize all religious work. About ninety per cent of the students took religion as an elective subject last year, and about the same per cent went to the morning services, Sunday school, and church. But the whole number, one hundred per cent, went to the class meetings and discussion groups.

They have had a faculty retreat at the beginning of each school term. For the students, they had a week of special meetings and question groups. There were fifteen girls who joined the church on probation, five to be baptized and one girl to become a full member.

### Medical Work

KIUKIANG—*Danforth Hospital*—In spite of very disturbed conditions there has been no interruption in the hospital or training school work. The twenty-four nurses have come from six different provinces. Two in this year's new class came from the far interior of Kiangsi, our own province.

The obstetrical work goes on before. Miss Kellogg has the midwifery diploma of the Nurses' Association of China so it is quite legal for her to carry on this work.

Last summer the kitchen and laundry building, low, dark, and broken, was torn down and a new one built, so much lighter, more sanitary, and convenient. An iron stove was built in with pipes coiled around the fire boxes, and supplied with water from a high tank, so that now they have an abundant hot water supply without a fire burning night and day to heat it.

The nurses gather at their own wish every morning before going on duty for a half hour of Bible reading and prayer together. They go out with tracts and gospels to hold meetings in homes far out in the country on Sunday afternoons.

NANCHANG—*Women's and Children's Hospital*—Dr. Ida Kahn says, "I am only going to put in a few facts about our work just to show you that we are carrying on as usual. We graduated a class of ten girls this year. They are nice girls and have a great deal of good stuff in them. The graduation exercises were very simple but beautiful. The Plymouth Brethren Ladies told us that they were so pleased because we emphasized the fact that nurses should be able to give spiritual help to their patients. We had hundreds of Easter lilies, and one of the nurses gave a very good essay on the subject of 'How a nurse may serve her community.' Most of these nurses have gone to serve already. One is in the City Orphanage here which is under government control; two are serving in the Central Hospital in Nanking, and another girl is going there soon. One has gone to the Peking Union Medical College Hospital for further study; one is in a large hospital in Changchow and another is going to be the head nurse in a Wesleyan Hospital in Hunan. The rest are helping us. We have thirteen girls ready for the examinations this winter so we must take in some new students this coming term."

MRS. LEON ROY PEEL, *Official Correspondent*.

## NORTH CHINA CONFERENCE

## Educational Work

CHANGLI—*Alderman School*—There has been a good attendance during the year. No attempt has been made to register with the government, but the school rests its claim upon the goodwill of the people. "They have shown increasing faith in us." Alderman celebrated its twentieth birthday anniversary in December. Many were the expressions of love and esteem from former students, and others. On one Sunday sixty young people were received into the church, many of them being girls.

In the primary schools of the three eastern districts 580 girls and boys are enrolled. The teachers are thoroughly alive to their responsibilities and work hand in hand with the evangelist in each place. They had an unusual opportunity this spring to gain inspiration from the leaders of the church, both Chinese and foreign, at the Institute held at Lanhsien. The exhibit of handwork, drawings, school plays and essays for which prizes were offered added to the interest of the Institute.

PEIPING—*Ganewell School*—The school succeeded in registering with the government in April. Dr. Kao has given part time service as principal, being also principal of the academy. He has been untiring in his efforts to secure registration. The enrollment has been the largest in the history of the school. Two thirds are non-Christian. The Misses Radley and Rossiter returned from furlough in August.

TIENTSIN—*Keen School*—There is still no interference, whatever, with any religious work in Keen, and there is more of it this year than ever. Many of the strongest girls in the school have made decisions to become Christians. Miss Frantz says, "It has been in many ways the most encouraging year I have had in China. There has been an eagerness to learn, a desire for Truth, especially in direct Christian work that we had not always had, by any means. Our morning chapels have continued to have almost perfect attendance. No one is absent except the occasional ones who live out of town and arrive late." Dr. Liu, the principal, never loses an opportunity to let any of the inspecting officials or other visitors know that we stand for Christianity and expect to go on teaching it, and they respect him the more for it.

*City and Country Schools*—A good deal of effort has been put into these primary schools around Tientsin. Miss Elizabeth Hobart writes that feeling the country children should have an opportunity to finish the six years in the country, they have decided to have six years at Litan next year, and have two teachers. Buildings have been repaired so that some boarders may be taken. The hope is that some of the graduates may go to our junior high school in Changli, take the Normal training there and go back to their own country district to teach. "The aim for the future is to make the schools we have models in every way and train intelligent, wholesome Christians who will help their own people to live the abundant life in Christ."

## Evangelistic Work

CHANGLI—*District Evangelistic Work*—This year on the three eastern districts the thought has been Stewardship. (1) *Stewardship of Personality*—Miss Dyer writes "We who are leaders have felt that indeed we are the stewards of a great trust—the children of the church—580 of them who are in our own district primary schools. The thirty-three girls primary schools have religious education, morning prayers, church and Sunday school to help in the growth of Christian character, but they are learning more from the Christian living of their teachers than from all the other agencies combined. (2) *Stewardship of Possessions*—Even though they have so little they must be trained to give. The rate of self-support is 45% of the total receipts, 55% only coming from the Woman's Foreign Missionary Society. If all the labor and contributions

of material were counted in it would easily be 50%. (3) *Stewardship of Prayer*—"When we visit the day schools, over and over again our hearts have been deeply touched by the prayers of little children themselves. We are trying in our group and among our teachers to stress intercessory prayer as one of the great factors in stewardship.

PEIPING—Twelve Bible women were appointed at Conference time for *Peiping City District*. Their work is not confined to the eleven churches and one hospital to which they are delegated. In four centers a missionary meeting has been held each month and they report an offering of \$113.78, and an average attendance of about ninety. In six of the centers classes have been held four days each week, sixty-three women passing examinations. Cottage prayer meetings have been held, street meetings, a retreat at Western Hills for country and city workers, all have had definite spiritual results.

CHINGCHAO—"The work on *Chingchao District* has been carried on almost altogether by the seven Bible women and the two supervisors, Mrs. Y. C. Wang and Miss Ke Kuei Hsiu, we talking over the work and supplying materials and funds. Eleven classes of a month each have been held in six places on the South Chingchao District and five on the North District. In these classes about 160 have studied and most have passed an examination in the Thousand Character Readers, religious books, stories selected from Bible and other sources, hymns and hygiene." Besides supervising both city and district work Maude Wheeler has taught three mornings a week in the three Bible Training schools. She says "The message is listened to gladly these days."

TIENTSIN—*Evangelistic Work—City*—Myra Jacquet has put in half time in this work this year, and half time at Keen school. There are three Bible women in the city, Mrs. Li Hui Chieh has given sixteen years of faithful service in Wesley Church and works hard. She says that never in her years of experience had people seemed so interested in finding out what Christianity stands for as this year. Miss Jacquet says "On the whole the work is very encouraging. Many people are interested in Christianity. One cannot but feel this interest and one does not feel anything of an anti-Christian spirit."

*Country Work*—To this work Elizabeth Hobart has given half time service. Trips through the main centers have been made by missionary and Bible women. Two themes were presented, "The Mass Education Movement" and the "Better Homes Campaign." Large numbers of the four "Thousand Character" books were sold. Teachers went out for several weeks and many persevered until they had passed the examinations. Dr. Butterfield gave many valuable suggestions for the "Rural Community Parish" and the workers feel that emphasis must be put on all sides of the country people's life, economic, intellectual and physical as well as moral and spiritual. Conferences for rural workers were held at Yenching University and Litan, and were largely attended. There is a keen interest in learning to read, to become better Christians and home makers.

### Medical Work

CHANGLI—At the Rural Reconstruction Conference when Dr. Butterfield was there, a new station, An Ko Chuang, was taken on. Dr. Lantz was put in charge of the medical work, and secured a graduate mid-wife with three year's nurse training to take the work, and make it self-supporting within six months. She began the first of June and did so well that no salary was required in August. The health poster contest among the pupils of the country schools was most interesting. Six thousand attended the health demonstration at Changli this year.

PEIPING—*Sleeper-Davis Hospital*—The work here is greatly hampered by not being able to obtain foreign doctors. Dr. Shen is a great asset to the hospital—conscientious and on the job day and night. She has lost only two mothers in all her obstetrical cases in two years. Dr. Leonard still stands by,

giving half-time service and is the only foreign doctor on the staff. Dr. Liu has acted as school physician for Gamewell School, taught several classes in the school of nursing and has gone weekly to visit the seventy aged women in the Old Women's Home.

There have been over 900 patients, and in the clinic twenty-five to fifty each day. Miss Powell reports: "Now, nurses are being brought together for a unit to send to Hankow to help in flood relief. As the waters recede epidemics are expected and all the nurses that can be found will be needed. Two of our head nurses whose homes are in Central China, also one of our graduates, have volunteered to go. The Fact Finding Committee has interviewed the School of Nursing, and asks if we are doing anything worth while. Here are the facts. What is your answer? In the twenty-six years of its existence we have graduated 159 nurses, one of whom is General Secretary of Nurses' Association of China; four are in Sleeper-Davis Hospital; forty-six are in active service; nine are studying further; sixty are married to leading men. The number of applicants is increasing so we have a serious task to choose our pupils. The year has been full of gladness."

TIENTSIN—*Isabella Fisher Hospital*—Here, too, the work is handicapped by lack of a foreign doctor. Dr. Chin has worked tirelessly and always responds cheerfully to every call. Dr. Ch'en is still studying in America. Dr. Ai Lan Giang is the steady support, ready for any emergency. The spiritual tone of the hospital is high, and there have been many converts to the Christ of love, during the last year among the patients and families of patients. The plans are drawn for the new unit of the Home for Nurses, and the contract let. This will contain three rooms for students, each accommodating three or four; one bed-room for a graduate nurse; the office for the principal; one class room and a recreation room.

MRS. B. DUDLEY SNUDDEN, *Official Correspondent*.

## SHANTUNG CONFERENCE

### Educational Work

TAIANFU—*Maria Brown Davis School*—Taian continues to be peaceful. The recent uprising in the north did not effect them in any way. The boarding school had a good year. The total enrollment was eighty-nine with an average attendance of seventy-five. The teachers were willing to cooperate and the girls were all loyal and worked hard. At a meeting of the Board of Directors in July, Miss Hsü, who has done fine work as principal, resigned, fearing she might be blamed if the school fails to register. The whole matter of registration in this province is practically at a standstill. As long as Cheeloo University is not recognized there is little hope for the middle school. Finally, Mr. Wen Jung Tai was elected principal. He is a graduate of the old Peking University, so meets the requirements, as coming from a recognized school. He was formerly principal of the boys school—now in evangelistic work and will give but half time. Miss Hsü will stay as an assistant principal, which seems a happy solution to the problem. Sixth grade will be added this fall.

*City Day School*—Under the supervision of Miss Hsü this school has doubled in numbers and attendance is about perfect. It is housed since January on the lower floor of the Boarding School.

### Evangelistic Work

*Edna Terry Training School*—The deficit on the Training School has been paid, and there is now no debt. Good work is being done.

*District Schools*—The eleven district schools have been under the supervision of the District Superintendents, because of the hazards of travel. About 300 are enrolled, but the work is rather unsatisfactory. Two schools will be closed this year. A teacher will be appointed, however, for Tsinan at the earnest request of the church there.

### Medical Work

TSINANFU—*Shantung Christian University Medical School*—Buildings are badly needed, but Miss Wilson, Superintendent of the School of Nursing reports a very interesting year. Miss Florence Evans is supervisor of the outpatient department. The outstanding accomplishment of the school year has perhaps been the beginning of public health work by two graduate nurses of last year, who have taken special work in public health work in Peiping.

MRS. B. DUDLEY SNUDDEN, *Official Correspondent*.

### YENPING CONFERENCE

Last Spring the missionaries were obliged to evacuate Yenping, and were not able to return until late in the fall. However, the nationals in charge of our work did heroic service and kept the mission open. Miss Hwang in charge of our *Emma Fuller Memorial High School* has done fine work. Five girls were graduated from Junior High and five from Senior High in June. The former are all in Senior High this fall and the latter are teaching, two in the Bible School, one in Francesca Nast Gamble, one in Chanhufan and one in Yangkow.

Miss Eide writes, "The year has brought us not a few disappointments as far as the work of the school is concerned but we have come through better than we had hoped a year ago. We believe it is because of your prayers and and ours."

The *Yuki Girls School* reports an enrollment much larger than any previous year. The school house is very crowded. Every morning the children have their Morning Watch with one of the teachers; the older girls have theirs alone. On Saturday morning Miss Ding calls them together in the chapel and helps them review the Bible verses for the whole week. At last Yuki has a real kindergarten with Ruth Kiu a graduate from the Foochow Union Kindergarten Training School in charge. The Bible women on the District although annoyed by bandits have done most effective work.

The Bible Womans Institute, a month's school of Bible study and evangelistic methods at Yenping, was largely attended notwithstanding the fear that the city might be the objective of advancing armies.

## BENGAL CONFERENCE

## Educational Work (Vernacular)

PAKAUR—The sanctioning by the Society of the building plans has given great hope for the future to the Jidato Middle English School. The progress of the year has justified the new name of the institution, "Jidato" meaning The Village of Persistent Advance. The school homes are like the village homes to which the girls will return, and the training is for village life and the establishing of Christian homes. This school is coeducational.

In the School of Industrial Arts, a new program of activities is producing useful, saleable articles for home use, and training girls who, for various reasons, do not find the government prescribed curriculum suited to their needs.

ASANSOL (Ushagram)—A new building was completed in April, and a further building program was authorized for the fall. This "village for a new day" is a project of unusual interest.

### Educational Work (English)

*Queen's Hill School, Darjeeling*, welcomed Miss Miriam Scholberg to its staff this year. Miss Scholberg herself is a graduate of the institution. Mrs. Engberg, returning early in the year, was appointed principal. A successful sale was conducted by the girls of the school, which created enthusiasm and school spirit as well as bringing financial returns. The relation of this school to the Calcutta Christian Schools Society is being carefully determined by Bishop Robinson and the Field Reference Committee, as is also the case with our other English-speaking institution.

*Calcutta Girls High School*—The seventy-fifth anniversary of the founding of the school has been observed this year. The Anglo-Indian community, which is served by this school, is having a difficult time politically and economically. Three hundred fifty students, boys and girls, of whom eighty-six are in the hostel with nineteen teachers and three matrons, make up the school family. A domestic science teacher is sorely needed.

### Evangelistic Work

In city and district, this work goes steadily forward. Miss Kinzly, on her return from furlough, was appointed to the Calcutta-Bengali District work, relieving Miss Eddy. The Hindustani work is of later development, and of great interest. The Kidderpore Day School in the coal docks began the new year in the new school home built for them by the firm of Bird and Co. With this larger accommodation and a change in staff, the enrollment has increased from fifty to more than one hundred. The homes of the Hindu day pupils are always open with a cordial welcome, and contacts with a number of good class Panjabi families have been made this year. The hospital work with the new car opens many doors of opportunity for service.

The Santali evangelistic work has held successful summer schools, conducted fourteen day schools and eight sewing circles. At the District Conference in November, fifty-eight workers and ten delegates were present.

Work at Asansol is helped greatly by the new car, which makes it possible for Miss Rebstock to carry out a long-looked for work. This car was bought with some of the Bolpur Training School reserve funds.

The money from the Bolpur Training School this year has been applied to educational and evangelistic work throughout the Conference.

MRS. C. H. HARDIE, *Official Correspondent*.

## BOMBAY CONFERENCE

### Educational Work

BASIM—Emma Stewart has charge of this school. She writes; "We are fortunate in having two new teachers, our own girls, who have taken training, and have come back to teach for us. One of them has charge of the beginners class and of the first standard. She is doing such splendid work that the Government Inspectress of Schools, after seeing her work and complimenting her highly, said "I have nothing to suggest." She loves her children and her work, and can be heard singing happily before and after school hours."

NAGPUR—The two schools in Nagpur have had a successful year although both have been crowded. Writing about their plans Miss Sutherland says: "During vacation we tried an experiment of boarding out our little orphan girls in the homes of some of our best people. The people were good to them and took a great interest in them. None of the children had had the experience of being in a home since they were old enough to remember anything about it. It has given them a feeling of belonging to some one. Throughout the year when the other girls get cards to write home these little folks have asked for cards to write to their foster parents."

POONA—This Anglo-Indian school of which Mrs. E. H. Hutchison and Agnes Dove were teachers had a successful year. Quoting from their report:

"We have been delighted with the increasing interest in the Scriptures taken by the pupils. The demand for Bibles has been greater than ever. The special Scripture prize for the year was won, for the first time, by the senior Parsee pupil. With the close of the year she leaves us, after having been eleven years with us. She has been a splendid girl."

TELEGAON—Lola Green and Flora Quirin have charge of this school. It is a distinctly religious school. Quoting from their report: "Not long ago twenty girls joined the church. Last year there were about the same number. They were girls from fourteen to eighteen years of age. As we talked and prayed with them, individually, we saw that each one truly wanted to serve Christ and to do good in the world. The plan of trying to develop character this year has produced encouraging results. We have just finished a class with the older girls using the book, 'Lessons in Motherhood,' as a guide. Such a book is much needed in India and this one is specially written for Indian girls."

### Evangelistic Work

BASIM—Miss Holder has charge of the work in this district. She writes: "Basim District is very large, being composed of fifteen thousand square miles containing more than two thousand villages and towns which should be reached. We visit constantly among them and I very much enjoy going with the workers to the homes of the people. The fact, however, that we are responsible for a million souls is almost overwhelming."

BOMBAY—Florence Masters recently returned to "Social Service" work which Miss Ruppel had charge of during Miss Masters' furlough. Since most India missionaries arrive in Bombay, and depart from there, the one who meets them and arranges for travel to home land, or to conferences, for those who are returning, has an important task. Miss Ruppel, writing of her work, said: "There are very few weeks of the year when our W. F. M. S. home does not have guests. It is indeed a 'house by the side of the road' for missionaries." In addition to this work the one who is hostess has charge of evangelistic work in Bombay City. Clara Kleiner also has charge of important work in this city, among Hindustani and Marathi people; and she is a very successful evangelist.

POONA AND PUNTAMBA—Anna Abbott has charge of the work in these districts. Writing about her work she says: "Development is noticeable in the character of the girls. Our only regret is that more personal attention cannot be given to them, but with one's time divided between two districts separated from each other by one hundred fifty miles it is not possible to do very much." This is one place where another missionary is greatly needed.

Dr. Anna Wood is our one medical missionary in this area. She has charge of a dispensary and does much traveling. She says: "We answer our calls on horseback, riding often fifteen miles after dispensary hours. The attendance at the dispensary has increased, averaging sixty-four daily, during the ten months of the year. Those coming to the dispensary for the first time, whom we call new patients, numbered 5,050."

MRS. RANDOLPH S. BEALL, *Official Correspondent.*

## CENTRAL PROVINCES

### Educational Work

BAIHAR—Hazel Rogers writes: "We opened an eighth class this year for the first time and had a very fine beginning with six girls and eight boys. When they took the Government entrance examination for high school they did very well in all of their subjects except English, which is especially hard for them. We are very happy because one of our girls has expressed a wish to prepare herself as a trained Bible teacher. We have felt the need of putting more stress on this part of our school work."

JAGDALPUR—Shorugu Bose, principal of this school writes: "As most of our girls marry and live in villages, I think they ought to have a training which will make them useful members of the village community. So in our highest class, I have been trying to teach them those subjects which will help them to open village schools. I have already had good results. Five members of the hostel were baptized this year. The girls have taken interest in all the activities of the Church. We have been encouraged by the changes we have seen in our girls. They are much more dependable and helpful, and if some girls had not willingly offered their services in school, it would have been very, very difficult to have a successful kindergarten class."

JUBBULPORE—The Johnson Girls High School is one of our large schools in India. Three of our missionaries are teachers—Lahuna Clinton, principal, Gertrude Becker and Helen Fehr, assistants. Miss Clinton will come on furlough soon. Writing of her school she says: "The girls in this school have as their motto: 'Freely ye have received, freely give.' Last year they sent gifts to help make Christmas a happier time for the children in Gadawara district. Their gifts were accepted so gratefully that they are planning to repeat it this year." The training school which Miss Colony and Miss Daubendiek are conducting is a very important and necessary enterprise which was begun three years ago. In this school special training is given for teaching kindergarten, primary and intermediate work, and all of these students are needed in our schools.

KHANDWA—Miss Pool is principal of this school. She says: "A boarding school in India is never dull. The experiences of the year are varied, some sad, some glad, but always new. The Khandwa schools have some advantages to be coveted. The church is the center, with the boys and girls from the Middle Schools, the young women from the Normal School, and the people of the community, all interested in the work. The church is alive and growing. Bible study holds an important place in our school work. A class of fifteen girls were recently admitted into the church in full membership." The *Christian Normal School* had forty-six pupils last year, twenty-eight in senior class, the largest they have ever had. Miss Bannerji gives valuable assistance to Miss Hall in this important work, of training teachers for day schools and evangelistic work.

RAIPUR—Faithe Richardson writing about her school gives an interesting event: "We do not always realize how much change there has been in the girls until we recall how they were when they came to us. Recently a poor, under-nourished, wrinkled, old cooli-woman came to the school to see her daughter. I could not believe that she was the mother of our lovely seventh class girl, but I soon saw the facial resemblance. As the two sat visiting, I saw the contrast and thought what a change there had been in this girl. She had been given to the school, years before, when her widowed mother could not support her. How proud was that pitiful mother as she noticed the clean, white sari, the smooth shiny hair and the intelligent face of her child. She begged us to keep her with us, for she said, maybe some day she, too, would become a Christian."

### Evangelistic Work

BURHANPUR—Miss Liers gives an interesting account of her work: "During one tour we held sixty-nine meetings, at which there were more than two thousand two hundred adult listeners, an average of thirty-three who were able to grasp the message. We visited every Christian family at least twice. The work with individual villagers was by far the most profitable, spiritually."

JAGDALPUR—Alma Holland has a big task. Quoting from her account: "In the whole Jagdalpur District which comprises Bastar State, with an area of over 13,000 square miles and a population of half a million, ours is the only

Christian agency at work; and we have only nine Bible-women and three day school teachers for all this work among women and children."

KHANDWA—"There are many interesting details the women like to talk about. Hindu children in Sunday school sing the Christian hymns as well as the Christian children do. They have learned Bible stories which they can repeat very well. They promise to come out as Christians soon. In homes where trouble and sorrow enter, these women take the message of Christ's love." Miss Ruggles has charge of this work.

RAIPUR—Ada Lauck writes: "The Bible-reader work has been reinforced the past year by the coming of three members of the Conference into the District whose wives are experienced Bible-readers. These, with one who was teacher until the middle of the year, make four extra women at work in the District. In homes where the women can not read, they are taught Bible stories, the Ten Commandments, hymns, and lessons on temperance, cleanliness and health."

MRS. RANDOLPH S. BEALL, *Official Correspondent.*

## GUJARAT CONFERENCE

### Educational Work

BARODA—Miss Chilson and Miss Carter write enthusiastically of the work in Baroda. *Webb Memorial Girls School* has a total enrollment of 315, the high school enrolling 100, the primary school 215. There are eighteen teachers in the two schools. The girls live in nine dormitories and six cottages, those in cottages having charge of their supplies and accounts. Twenty-two high school girls have been in a class in first-aid, conducted by Dr. Huffman. Monthly teachers' meetings have been very helpful in solving problems. Gardening is being developed.

GODHRA—The *Normal Training and Practice Schools* are increasing in size and efficiency under the care of Miss Newton and Miss Nelson. Sixty girls have enrolled in the Normal School this year and two hundred forty in the Practice School. The workers are happy over the increase but the condition of the Practice School causes a serious problem. In addition to the crowded rooms, the unsafe condition of the building is a matter of serious concern. Floods and monsoons have caused the roof to be unsafe, plaster to fall and the walls to crumble. A new building is asked for. The majority of the graduates of the Normal are holding positions in mission schools. So the seed is scattered. New methods are being introduced for the teaching of reading in village schools and two courses have been given at the Normal for village teachers. Seventeen girls became full members of our church this year.

### Evangelistic Work

BARODA—Laura Heist and her fifty-one Bible women have been carrying on the work in their great district without serious interference because of unsettled political conditions, although Christians were sometimes beaten and robbed because of allegiance to a foreign power. Day schools have received especial emphasis, and school gardens have been urged even though very limited in size. Children in the village schools are taught appealing Scripture stories and encouraged to repeat them in the village at evening story hour. In the work among the Bhils, there are practically no girls attending school. The Board of Foreign Mission has a fine school for Bhil boys and they must marry uneducated girls. A school for Bhil girls is a pressing need.

GODHRA—Many of the younger people are joining singing bands and helping the Bible women in the villages. Two schools were practically closed by Swarajists, those who sent their children to school being refused milk and other essentials and not allowed to draw water from the wells. In other

communities the people are pleading for Christian teaching and have to be refused because there is no money for new work. Four night schools have been opened and are attended by adults who cannot attend day school. A small library has been started in connection with the evangelistic work and there is a great need of more translations of English religious books.

NADIAD—Miss Ross and Miss Precise have supervision of sixty-five day schools. Since they are in the very heart of the non-cooperative territory, the past year has been one of anxiety. However, their work has gone on without molestation. A great Christian mela was held in Nadiad with 5,000 people present. Dr. E. Stanley Jones was the principal speaker. The joy expressed in the face of the Christians leaving this mela was in striking contrast to the longing and distress on the faces of those in the great Hindu mela. A band of singers going from one village to another has awakened much interest. In one village an old woman, almost blind, leads groups around her in singing Christian songs. In another village a poor widow called a mela and the collection from that little village was larger than from any of the others.

### Medical Work

BARODA—Dr. Loal E. Huffman and Miss Myrtle Precise, R.N., have had a year of successful service in the *Mrs. William Butler Memorial Hospital*. The out-patient department has increased. Dr. Huffman has been making regular weekly visits to the families of soldiers in the military camp. Women and children are treated and babies weighed. The girls of *Webb Memorial School* are visited one day of each week and they are brought to the hospital when necessary. A class of twenty-two girls was given a course in first-aid at the hospital. Twelve girls are in the class for student nurses. There is a great and needy field for village dispensary work in connection with the hospital if workers and funds were available. Dr. Huffman gave up her vacation and stayed in Baroda all through the hot season in order that the hospital might not be closed. A fine Gujarati girl, the first from the schools in Gujarat Conference to take a medical course, has finished her course and could be secured for the hospital but the twenty-five dollars a month for her salary cannot be provided. The baby-fold is teeming with life and interest. Four hundred twenty in-patients have been cared for and 2,135 dispensary treatments given.

MRS. C. W. HENDERSON, *Official Correspondent*.

## HYDERABAD CONFERENCE

### Educational Work

BIDAR—Ninety-five pupils are enrolled in the *Bidar Girls School*. Beside these, Bidar sends eleven girls to *Stanley Girls High School*, Hyderabad, two for normal training and three for nurse training. The seven girls from Bidar were the only girls in the district to take the government examination and all passed. The girls are busy with study, sewing, weaving, housework and games. Many books are read in the library period. Special attention is given to the teaching of religious character ideals.

HYDERABAD—*Stanley Girls High School* had a registration of 522 students during one of the terms last year. The boarding department has 250 residents and many were turned away for lack of room. The middle school is still acutely in need of better housing. Miss Wells has come home on furlough and her place as principal has been taken by Miss Margaret Morgan. Miss DeLima returned from America after securing her Master's degree at Mount Holyoke and is capably filling the position of vice-principal.

SIRONCHA—Lack of teachers has been the greatest difficulty with which the workers in the *Frances C. Davis School* have had to contend. Brahmin

teachers were secured to fill some of the vacancies and one Syrian Christian girl has been secured. Miss Patterson says: "Our girls have carried stones during vacation for the rebuilding of a wall and have done the coolie work on a tank and new field in order to save money for high school. Much of their 'thank-offering' money was secured by weeding peanuts. They went without food to save money for the offering until that had to be absolutely forbidden by the teachers."

VIKARABAD—Miss Mabel Morgan, after having had evangelistic work, is in charge of *Mary A. Knotts Girls School*. She says: "We have called a man and his wife to teach basket making and we have a course in poultry. Also a class is studying food, housing and protection against disease. The clothing worn by the school children is made by the pupils in the sewing classes." One hundred forty-eight pupils were in the school last year.

### Evangelistic Work

BIDAR—Miss Harrod states that there are about 600 villages in Bidar District which our preachers are supposed to visit. "But there is unlimited territory on the north of us that is untouched by any mission." In the Christian villages there are 3,900 Christian women and children. Three hundred seventy-two were baptized during the year. Every Sunday the Bible women teach over 300 pupils in the Sunday schools. The most recent day school to be opened was greatly sought after. One village promised to build walls if the mission would provide the roof, but the village which secured the school offered walls and rafters and promised in writing to send twelve children to school and pay a fine for their absence unless caused by illness. Nineteen are enrolled in the school.

HYDERABAD—Miss Simpson writes that they have had to close three flourishing high-caste day schools in Hyderabad in order to carry on the day schools in the villages. "I do so hate to close the city schools. After all these years when we have been praying for open doors, the Lord gives them to us and we shut them for lack of funds. The caste people are so anxious to hear and through them we might hope to have a self supporting church in a much shorter time than among the outcastes. But we have baptized 6000 outcastes. They bear Christ's name. We must teach them." Hyderabad District receives \$234 yearly for evangelistic work and has twenty-seven day schools and nearly as many night schools which it must finance out of this amount.

SIRONCHA—Financial conditions made it necessary to loan two of the higher priced evangelistic workers to the boarding school. In one section local measures to enforce education for boys is likely to mean the reopening of a school which has been closed. For the first time in this area the Kois, an aboriginal people, have been taught reading in their own tongue. The schools in Telugu are managed by committees whose members are eager for advance though themselves unable to read. Miss Naylor has returned to Sironcha to work in the district. She is happy that the Protestant Episcopal church expects to develop the work in Yellandu which we were compelled to relinquish.

TANDUR—Miss Mildred Simonds tells how India is beginning to evangelize itself. "In the village of An is a man whom the people call 'teacher'. He conducts a night school and cares for the Christian community but receives no support from the mission. At one side of the community is a Hindu temple which has always been a source of temptation to the people when a festival day arrived. The other day when I passed through the village he called me to come down to the temple. It was neglected and falling down. Not a person had cleaned the place nor put up the customary decorations. No one had lighted the lamp before the idol, which was being eaten up by white ants. In the Hindu festival just past, the people had cooked their special food as usual but instead of offering it to the idol, had eaten it themselves and given thanks to the Lord Jesus.

VIKARABAD—"This year we have secured some fine young married couples for our village work. Kruppama and Gabriel took a course in our theological school in Jubbulpore and are now at work in one of our villages. On a recent tour we camped for three days near their home and there was scarcely an hour either day or evening when there were not people at their home. Their place is a community center. Kruppama is a great help in teaching mothers how to care for their children. She has a dear baby of her own which she keeps sweet and clean in contrast to the village babies who creep about in the village filth. Our Bible women are making an effort to help Christians to observe Sunday. In a country where there is no Christian sabbath and people are so poor it has been very difficult to teach them to rest from their work on Sunday but some progress is being made and congregations are being gathered under the trees for religious services."

### Medical Work

SIRONCHA—*Clason Memorial Hospital* has had 497 in-patients during the year and has given 20,763 dispensary treatments. Many of the out calls were in Chinnur, for a nurse was stationed there for three months and whenever the doctor was on tour many patients came to see her. Many of them were Mohammedan women and the Bible woman never lost an opportunity to preach to the crowd which always gathers when the doctor comes. The Dorcas Baby-Fold "has a jolly houseful of babies this year."

MRS C. W. HENDERSON, *Official Correspondent*.

## INDUS RIVER CONFERENCE

### Educational Work

The Misses Nelson are again at *Avery Girls School*, Ajmer. Two companies of Girl Guides and two of Blue Birds are doing good work. A gift of Rs. 1000 from the Maharajah of Jaipur, through Lady Irwin, made it possible to install electricity in the main hall and four class rooms of the school and to purchase playground equipment, a sewing machine and some furniture.

*Hissar Girls School* is growing as Miss Palmer's comment shows: "Our little desert place is turning into a beautiful spot. Three years ago it was brush-wood; now beside our buildings, we have flowers and a vegetable garden." Since last report, septic tanks and dispensary have been added. The children thoroughly enjoy two swings, the gift of Miss J. I. Kipp, who gave much time and strength, advising and helping to plan buildings. This school draws from a wide area, as some of the children come from three hundred miles away. Miss Coy was appointed to Hissar last Conference.

Miss Means went to *Lucie F. Harrison Girls School*, Lahore, on return from her short furlough and has had a successful year. Sorrow came to all who knew Miss J. I. Kipp when she went Home in May, but to no one more than to the girls of this school whom she had mothered so well. Miss Means' radio on drawing-room nights has brought to the girls many glimpses of the far away outside world.

### Evangelistic Work

In Ajmer, a Social Survey Council has been formed and one of its chief purposes is to bring about better sanitary conditions in this great, crowded city. This is a railway center with a large community of Anglo-Indian folk, who alone provide ample objective for a city missionary's full devotion, to say nothing of the thousands of non-Christians.

Miss Theodora Thomson was one of a group of splendid young women who were consecrated at the Isabella Thoburn College Board of Governors' convening in the Spring. Miss Thomson has now taken up her work as assis-

tant to Miss Christensen in her wide area, comprising Patiala, Bikanir and Hissar Districts, with headquarters at Hissar. Her fresh vision, splendid preparation and large sympathy have already meant much to Miss Christensen.

Miss Grace Pepper Smith has had a successful year to close her term. A change of abode in mid-year occasioned a small domestic upheaval, otherwise the work has gone smoothly through Lahore and Batala Districts.

### Medical Work

During Dr. Kipp's furlough, Dr. Taylor, of the Board Sanitarium at Madar, has been paying bi-weekly visits as advising physician, a much appreciated service. Miss Bell has had her capable hands over-full to manage this large institution and superintend the nursing staff, as the new American nurse, Miss Bliss, has been in language school most of the year. Miss Murray is back at her old post in the office and Miss Dunn has responded alone to the ever increasing demands of her clientele in the schools, during Miss Fernstrom's furlough. The splendid work of this institution cannot be measured in statistics.

ELLA M. WATSON, *Official Correspondent.*

## LUCKNOW CONFERENCE

### Educational Work

Of course we should head the list of education work in Lucknow with our *Isabella Thoburn College*, though anything like a report is impossible. Rather let us merely record our thanks to the Heavenly Father that he has chosen us to raise up such an institution to his glory. Miss Shannon's full report would have to be read to give any idea of the scope of the work.

And next comes *Lal Bagh*, dear to all our hearts as the mother of the college. Miss Davis has been the efficient principal for many years. Miss Hutchens has been compelled to leave for America for health reasons.

Our school at *Arrah* has been in the hands of Miss Hyneman and Miss Bear. This year a Girls Guide group has been organized. Miss Bear won her spurs and is carrying her full share of responsibility.

Miss Whiting left our *Cawnpore Girls High School* in January to become the all India treasurer. Miss Bragg had arrived from furlough in the meantime, however, and stepped into the breach, thus carrying on the work without a break. This sentence from a private letter is illuminating, "Miss Robbins was in language school but is now in Cawnpore and proving herself a jewel. Passed first division in language."

In our *Hudson Memorial school*, Miss Hoge writes of eleven classes in school house built for seven with the resulting inconvenience and confusion. The courage and faith of all were sorely tested during the terrible Communal riots between the Hindus and Mohammedans when for almost a week the city was in the grip of a fratricidal war between these communities.

Furlough has claimed two of *Gonda's* missionaries this year. Miss Richmond has already reached America and Miss Dalrymple will be on the way before this goes to press. This leaves Miss Ludgate in charge. The health record of the school is the best it has ever been. Study periods have been changed so as to give more time for Morning Watch. A hostel for little boys in connection with the school has been added this past year.

Miss Smith and Miss Sheldon are in charge of *Muzaffarpur*. They report a year of usual work with numerous blessings. All of the teachers but two are former students. All of the parents of the pupils are teachers or preachers and during the holidays the girls help them. They also sell tracts on the trains on the way home.

Miss N. A. Bacon is winning enviable laurels as a village educationalist. Some of the handwork done by her children would compare favorably to that done in first class boarding schools. Government is being impressed by her methods of doing things and are inquiring about the better way for village schools.

### Evangelistic Work

There is a serious dearth of evangelists. Miss Edna Abbot is the only full time evangelist. Her work is varied and if anyone wants a few thrills we recommend that he follow her in her villages awhile. Her day schools are mostly for boys, as in this section they are not yet convinced of the necessity of girls learning to read. Through the schools she is trying to teach the observance of Christian festivals. The children are taught Christmas songs and then go about singing them from door to door. They also learn gospel songs and sometimes accompany her to other villages where they sing for the non-Christians.

Miss Alice Frederick, a local missionary, has been appointed in charge of the Lucknow Zenana work. As she has just returned from a visit to America she will undoubtedly bring fresh vigor and enthusiasm into the work. Miss Gantzer has charge of the Mohulla work and the Deaconess Home.

### Medical Work

Our only medical work in this conference is carried on by Mrs. Baksh in her little dispensary at Rasra.

ELLA M. WATSON, *Official Correspondent.*

## NORTH INDIA CONFERENCE

### Educational Work

It is refreshing to be able to begin a report with a whiff of mountain breezes. "Beautiful for situation" is our school at *Almora* with its protecting peaks. Miss Peters has left for furlough but her place has been ably taken by Miss Parks, and as Miss Larsen still remains there has been no break in the work.

At *Bareilly* a trained Indian head mistress, Miss Persis Stephens, has taken the place of the second missionary. Miss Honnell is still manager. There has been a most gracious revival in the school this year and the girls prayer room has become a power house for the whole conference. Bands of girls have gone out over the week ends into other schools and have given most effective witness of the power of Christ in their lives.

The babies in the *Baby Fold* were made happy by the return of their "Mama-ji," Miss Bacon, from furlough. A gift from an English lady in Lucknow has made possible the additional wing to the institution necessary for the opening up of the school of mothercraft which has now become an established fact. Miss Bacon came back to find the building debt wiped out, so she and Miss Tanner, an honorary worker, can now give all their energy to constructive work.

Bijnor school has received an increase in their government grant and doubled in enrollment this past year. Miss Moses who has been transferred from Lucknow conference, arrived in March and has already won her way into the hearts of the girls.

Miss West and Miss Phillips are in charge at *Buduan*. An innovation, and one not altogether popular with the girls, has been the visit of a regular dentist who has put all teeth into first class working order. Electricity is being installed which will turn night work into a joy.

Miss Oram at *Dwarahat* has gone through the year in her usual quiet and efficient way. Her school stands first of the mountain schools in its health record, and every one of the girls sent up for the government examinations passed, one securing a scholarship.

The Blackstock sisters are still in *Moradabad* with Miss Jacobs, one of our trained Indian girls, as the head-mistress. There are now 201 girls enrolled in the school. Higher qualified girls are enrolling in the normal department which augurs well for our next generation of teachers. Singing classes have been organized in the school so that their song services have become something more than a "joyful noise unto the Lord."

Our *Wellesley girls school* at Naini Tal is happy over having both Miss Marie Kennard and Miss Waugh back from furlough. This is our only school for English speaking children in the Conference and a great many of the girls are daughters and grand-daughters of the institution. The music department enjoys a well earned renown throughout India.

Miss Beach and Miss Walters have been together again this year at *Pauri*. They had a hundred per cent pass in the yearly examinations and the health of the girls has been above the average this year.

Miss Bates has been sent back to her first love and it is hard to say who are happier, she or her friends at *Sitapur*. She is having a chance to reap some of the harvest from seed sown by herself in former days and is finding the ripened grain pleasant to the sight.

We now have two schools in this Conference fully staffed by Indian young women. The first of these at *Shahjahanpur* has had a profitable year under the leadership of Miss Yasmin Peters and Miss Irene Bobb. A prayer room has been added, the girls and teachers raising the necessary money.

Our second Indian staffed school is the one at *Hardoi* under the management of Mrs. Shaw and Miss Jeremy. They have a newly started kindergarten along with an increase in government aid.

Miss Cox at *Pithoragarh* is bubbling over with joy on account of the extra fine bunch of girls she has. She is planning and dreaming of the new school house which she hopes to see in the process of erection soon.

We now have two *Primary Boys* schools in the Conference under the management of the Woman's Foreign Missionary Society. The one at *Moradabad* has been under the management of Miss Bass the most of the year although Miss Warrington arrived late in the summer to help out. The other has been in existence only a year and was organized by Miss Hoath at *Buduan*. The boys have a goat, and are learning to weave baskets and cloth.

Two of our Woman's Foreign Missionary Society ladies, Miss Dimmitt and Miss Oldroyd, are in Isabella Thoburn College, Lucknow. Miss Bradley is in the Blackstone Training Institute at Muttra, while Miss Rost still holds her Conference relations here although at work in far-away Darjeeling.

### Evangelistic Work

There was a time a few short years ago when this Conference had only two evangelists. We have moved forward, however, and today we have eleven full time missionary evangelists in the field. If the journeyings of these eleven could all be recorded in one book, it would make interesting reading.

Miss Olive Kennard is in *Bareilly*. Several distinguished official visitors have visited her city mohulla schools and have come away enthusiastic over the results.

The evangelistic bungalow in *Buduan* is an accomplished fact after years of dreaming, and Miss Emery and her Indian assistant are as happy as the day is long.

*Bijnor District* has been going through a locust seige when for months the chief business of the villagers, men, women and children, was centered in the fight to rid their fields of this pest. This necessarily curtailed the work

of the evangelist, but in spite of this Miss Dunn feels that the work has gone forward this past year.

A new recruit to the evangelistic work is Miss Stallard, formerly of Clara Swain hospital, but now a full fledged evangelist of *Chandausi District*. At the present writing she has been back from furlough only three weeks, so we will not expect an extended report from her this time.

On her return from furlough Miss McCartney was sent to *Dwarahat*, thus enabling her to continue her ministrations among the mountain people whom she loves so much.

Miss Hardie at *Moradabad* has been much handicapped in her work this year owing to the illness of her fine young Indian assistant. She started something new this year when she held a central Institute in Moradabad for village day school children.

Far-away *Pauri* is still blessed by the ministrations of Mrs. Gill. "How beautiful upon the mountains are the feet of him that bringeth good-tidings."

Miss Perrill at *Pithoragarh* writes of long journeys on foot to reach some village hidden away in a valley or perched high on some steep and almost inaccessible mountain side. Miss Loper of the Women's Home is engaged in building bits of human driftwood into a palace meet for our heavenly King.

Miss Hadden at *Sitapur* is much encouraged in her work among the higher caste Hindus in her villages. She feels that the time is near when we may reap a rich harvest among them.

Miss Calkins was released from the Bareilly school after Conference and given the evangelistic work. Her appointment is *Shahajahanpur*. Miss Habermann was appointed to work with her. They have their new motor and plans are being laid for an aggressive Fall campaign in the villages.

### Medical Work

Practically all the evangelists carry medicine kits with them and minister to the sick and needy in the villages. Miss Hayes runs a small dispensary. Miss Mary Reed at *Chandag Heights* still continues her blessed ministry to the lepers.

*Clara Swain hospital* has been made glad by the coming of Dr. Albertson whose chief duty since arrival has been to wrestle with Hindustani verbs and genders. It is whispered that she passed in the first division in the language examinations, but, of course, we must not stir up envious feelings by bragging about it. Dr. Chase has had the misfortune to be compelled to undergo an operation this year. She is making rapid recovery and we can hope to see her at her post again soon. Miss Lorenz is in charge of our nurses training class and is earning the gratitude of all our institutions by turning out such splendidly equipped nurses for service. Miss Westrup has given much time in the hospital as well as carrying on her baby clinics in the villages. Miss Angus is fast turning from a new recruit into a veteran, and it is difficult to see how the hospital ever got along without her.

A high spiritual tone is maintained in the wards and dispensary. As a Mohammedan woman put it, "I like to come here for I hear so much about Jesus."

## NORTHWEST INDIA CONFERENCE

### Educational Work

*Louisa Soule Girls School*, Aligarh, has been ministered unto faithfully and well this year by Miss Warner and Miss Palmer. Miss Bobenhouse went on furlough in February. A class of girls was taken into full membership in the church at Easter.

From the *Girls Vocational School*, Aligarh, Miss Boddy reports a good year with little sickness. While this school teaches formal school subjects, a great deal of time is devoted to sewing, cooking, spinning and other domestic arts. The class in gardening attracts much interest.

It is heart-warming to read of the progress made in *Agra Day School* this year. Miss S. C. Holman returned from furlough before Conference and in September ground was ceremoniously broken for the new school building which, it is hoped, will be in use by Christmas. The pupils come from the depths of poverty and ignorance but quickly rise to a level with others who have been less handicapped. Child welfare for the babies in the pupils' homes, a night school for older boys, and an industrial department where trades are taught, are special features. The boys have made some beautiful rugs, several of which have been sold in the United States.

The new teachers quarters at *Butler Memorial Girls School*, Delhi, are now a beautiful reality. The grey stone for this building was quarried from the school compound itself. For the eighty-four girls in residence, and twenty-six day scholars there is still no school building, so the classes meet in the verandas and extra rooms in the bungalow. The stone is ready for the new school buildings, money is in hand and plans have been approved, so Miss Justin hopes that soon this dream, too, shall come true.

Miss Richards and Miss Bothwell are at *Howard Pleased Memorial Girls School*, Meerut. Miss Schaefer is on furlough and Miss Doyle was transferred to district work. Special emphasis has been laid on developing the girls' spiritual life.

Miss Clancy's furlough brought Miss Clark to *Blackstone Missionary Institute*, Muttra, as principal of the training department. Miss Randall is assistant and Miss Bradley was returned also for this department. A course is being offered this year to trained, experienced, teachers for special study so that they may be able to supervise the religious education program in the schools. The English department of the training is to be transferred to Jubbulpore where it will be maintained for both men and women who are high school graduates, in connection with the theological school. Electricity has been installed and Miss Bobb, now principal of the middle school, comments upon the joy and comfort it provides in dormitory and study hall.

Since last Conference, the *Boys School at Rourkee* has been under the care of the Woman's Foreign Missionary Society, through the sanctioning of an adjustment of funds for Bible Readers' salaries. Miss Hoffman and Miss Dupre have had charge of both girls and boys this year. The children study together in the fine new school house which has been in use since April 1st. This institution now ranks as a *Girls Middle School*. For the fifth time the girls have won the Conference Inter-schools Athletic Shield.

At *Sonepat Boys School*, Miss Buss is following the pleasant practice of inviting each week one of her small hostel families to picnic with her on the bungalow roof. Miss Buss says: "I thank God for these three happy years in which He has given me the privilege of helping cultivate the soil."

Miss Lawson spent last cold season in Delhi, with Miss Justin, giving valuable assistance in hostess work in the bungalow and supervising the building of the new teachers' quarters. Many have read with regret of the sale of Dil Aram that housed the language school so long.

### Evangelistic Work

Miss Lall who has been Miss Farmer's Assistant on *Aligarh District*, bravely agreed to act in her place when furlough time came. She has carried on the work splendidly. The Bible women maintain day schools for the children and the older folk are being trained for religious leadership.

On return from furlough Miss C. T. Holman was appointed to evangelistic work in *Agra City* and the nearby villages. Non-Christians plead for weekly

lectures on the Life of Christ and even secluded women whisper through the crack of a door ajar, "Come in and teach us, too."

Miss Doyle feels that her year on *Sonepat-Rohtak Districts* has been a full and happy one. "The mediums of district work are many—the tiny school in which even a blind child may learn a great deal, the compound packed with women and girls whose fingers fly as they bead bright slippers while relating Bible stories, a coolie group graveling the public road, women at the well, a high-caste boy hunting a job—these are opportunities for sowing the seed."

Miss Livermore writes appreciatively of her district assistant, Miss Tarsi Thorne. She has been Miss Livermore's constant companion in village and mohalla and on long itineraries. Miss Potenger has been assisting by supervising village schools in this District, *Bulandshahr and Anupshahr* together. The children were so enthusiastic that when they found an entirely new set of books would be required, owing to a change in the curriculum, they raised the money and produced their new books before the teachers were supplied. Miss Winslow, who returned last Conference after a long absence, has given much needed assistance also.

Miss Forsythe was transferred to *Meerut* last Conference so that she might supervise Meerut and Muzaffarnagar Districts together. She writes feelingly of her village day schools in which barefooted youngsters develop through loving care into really adorable children. A small dispensary is maintained in each so that sore eyes and rainy-season body sores, which are unknown in America, can be treated. Not only parents but many non-Christian folk are attracted to the out-door evangelistic service. In Meerut City the day schools are centered in one, and the pupils represent four castes in an enrollment of seventy.

There are three main spokes in the wheel of evangelism in *Ghaziabad District*, where Dr. L. D. Greene is working with headquarters in the town of Ghaziabad—Burgess Day School with one hundred twenty boys, a Bible training school with twelve men and wives, and Ingraham Institute with its vigorous young high school life, one hundred fifty strong. Fifteen Bible Readers make up the group of seed sowers in the villages round about.

### Medical Work

*Sarah Creighton Memorial Hospital*, Brindaban: here are Miss Porter, Dr. Tower and Miss Barry with Miss Bliss, the newest Conference member, having made her first bow in February. Miss Porter writes: "We have a fine group of girls in the nurse training school. It is encouraging to see how they develop in poise, dignity, and in taking responsibility. How can we sufficiently emphasize the need of another doctor for the work here? We hope you will be able to send someone this year, surely."

ELLA M. WATSON, *Official Correspondent*.

## SOUTH INDIA CONFERENCE

### Educational Work

BANGALORE—Miss Urdell Montgomery is principal of *Baldwin Girls School*, of which she says, "When school reopened, God had sent us in answer to prayer, a most splendid staff of teachers; there are none in Bangalore of better qualifications and none others with such fine loyalty and willingness to take on extra responsibilities. My heart is continually full of praise. We had enough money to pay all salaries and put in some necessary repairs. It seems the Lord is encouraging us to keep on. We have about 100 pupils, thirty-four of whom are boarders. For a number of years no pupils had been sent up for high school examination. Last year we sent three and this year five."

BELGAUM—With Miss Rexroth's return on furlough, Miss Fales was obliged to take over the *Sherman Girls School* in addition to her other responsibilities. Keeping the school properly staffed has given much concern. *Vanita Vidyalaya High School* has an enrollment of 117. One Hindu man brought his eleven-year-old daughter to the school saying, "You know it is against our Holy Books to send our daughter to high school. But for two years I have watched your school. I know I can trust you with my child. She will learn nothing but good. Teach her the Bible. It is good, too. She should know the Bible."

GULBARGA—*Shanti Sadon Girls School* had a total of 139 pupils during the year. Miss Munson has had her hands full with educational and building work.

KOLAR—Two hundred thirty-two pupils are enrolled in the *Kolar Girls High School*. Six girls took the Government Examinations and five were successful. Efforts are being made to put industrial work into the school. Some of the girls have a keen interest in weaving, others have gardens and chickens.

MADRAS—Miss Alta Griffin was transferred to Madras to carry on the heavy work of this station. One hundred and sixty-four girls are enrolled in the Boarding School. This year the Girl Guides had the honor of winning the Challenge Shield for all the Guides of Madras. Many of the pupils are small girls and the older girls are taking responsibility for mothering them and are proving trustworthy. The native teachers have all completed high school and are faithful and energetic.

RAICHUR—Because of Miss Ericson's illness, Miss Montgomery has supervised the work in Raichur in addition to her position in Bangalore. This has left the actual work largely in Indian hands. Marybai Massaji and Abigail, the matron, have carried on the work loyally and faithfully. Eleven girls will take the Government Examinations. Two girls are in high school, one in hospital training and one in teacher training in Bangalore.

### Evangelistic Work

Evangelistic work in South India has been greatly handicapped by lack of workers. Village school work has been emphasized as of highest importance. Many of the village teachers are looked up to as leaders. Villagers come to them that they may read and write business letters, give advice and give medicine in time of illness. New schools are continually asked for. In Belgaum District a woman who was ill was being urged by her own caste people to give up trusting in Jesus. She went to consult a priest. He said, "You know about Jesus Swami. Give Him another chance. Sunday is His great day. If you are better by Sunday trust Him more and do not buy the sacred necklace or wear it again." The woman was restored and is joyously loyal to Jesus. In Gulbarga District evangelistic workers were called before the chief of police and his high caste group. They went not knowing what was to happen. They held a song service, then for some time the chief carried on a rapid fire questioning about the Christian faith. The workers praised God for the strange ways which he provides for the giving of his message.

### Medical Work

KOLAR—Dr. Shoemaker writes that *Cowen Memorial Hospital* has a consistent average of forty patients, with several operations a week and between ten and twelve maternity cases a month. The *School of Nursing* is offering a course in school nursing that health programs may be carried on satisfactorily. In the babyfold, a year's course in the care and feeding of children has been instituted and three workers have completed the course. Great spiritual blessings have come to the hospital. "Practically every member of our staff has been really converted. The Lord is answering prayer."

Japan furnishes us a splendid and inspiring example of cooperative missionary endeavor. Last September at Karuizawa was held the first Conference of the Japan Mission Council including members of the Board of Foreign Missionary Society and the Woman's Foreign Missionary Society. The program was constructive and throughout the whole conference not one incident occurred to mar the fellowship and joy.

The change in status of the Methodist Episcopal work in Korea and the consequent likelihood of a reconstruction of the Area will necessarily affect the status of our work in Japan.

In May, the dedication services for the theological building of the Aoyama Gakuin took place. Our Society has a vital interest in the third floor, the home of the girls department of the Theological School which represents the union of our Bible Training School of Yokohama, the Bible Training School of Kwassui Jo Gakko, and the Canadian Methodist. This fuller union has resulted in a Bible Training School in a wider field, for its name now is changed to mean a Training School for Christian workers.

Miss Oldridge represented the Methodist Episcopal Board of Foreign Missions. That surely is *union* in practice.

One of the chief objects of dedication was the chapel, a memorial to Charles Oscar Miller of Boston—the gift of Mrs. Miller.

The need for a chapel for our girls high school which has an enrollment of 1100, is growing more urgent daily. This big school has but two retreats for prayer, our two Prayer Rooms each with an accommodation for twenty. We are the only school in our mission schools in Japan without a chapel. We find it very difficult to keep on using the gymnasium, taking so much time to fold and replace a thousand folding chairs, and also stacking them on both sides of the gymnasium, thus limiting the space for gymnastics.

Miss Sprowles and Miss Chase were the only W. F. M. S. missionaries at Aoyama for several years, so they were very glad to welcome Miss Helen Lee of Minneapolis Branch who arrived in Tokyo in September.

The Tokyo Methodist Social Service Federation has issued an attractive, fully illustrated booklet visualizing the work at Ai Kei Gakuen where Miss Mildred Paine and her staff are so ably striving to do "the whole work of Jesus Christ." At their Christmas party for the rag-pickers they had an attendance of one thousand one hundred friends.

Their departments include—religious education, welfare department, nursery school, well-baby clinic, children's libraries, etc.

YOKOHAMA—Just a year ago Mrs. Ninomiya, the head of our day nurseries and kindergartens, died after a long illness. Now we have a new worker, Miss Tsune Hirano, who is to take her place. She worked with Mrs. Ninomiya for a while here in Yokohama, so she is a good one to follow on. Mrs. Ninomiya died just before the beautiful new kindergarten building could be dedicated. Her son-in-law, Mr. Ito, is the principal of the kindergarten now and we have a strong group of local women for a Patron's Association, so the kindergarten will go on all right. As for the day nurseries, a Board of Managers has been organized with Miss Hirona as its secretary, and so we hope for good results there.

HIROSAKI—Miss Curtice had to leave a year ago on account of illness. Her work as principal has been taken up by Mrs. M. Nakagawa. She has sent a most interesting report of a half year's work. This included the purchase of a piece of property which is being used as part of the playground.

They have adopted a regular costume suitable for school girls. Treatments for trachoma have been carried on with successful results. Special stress has been put upon physical education. The girls are being taught the use of skis so they can really enjoy the snow. Nearly every member of the faculty is a Christian; of a graduating class of thirty-seven members, all are Christians, seventeen plan to enter other schools for further study.

Twenty girls under the direction of Miss Byler are carrying on five Sunday schools in various parts of the city.

SENDAI—Miss Lee sends a most vivid and interesting account of the work in the two kindergartens and in the missionary home, and of the dormitory life. Graduation was in March, meaning a class of fifty children. Proudly they go from school in April, not realizing how their teachers hate to part with them. They come back to Sunday school but that is not like training them every day. Our third kindergarten is also an interesting one but being miles away, we cannot visit it very often. It could not live without the \$100 given by the N. W. Branch. The pastor and his wife do a great work through this kindergarten and without it the church could not exist. The pastor's wife has a family of her own to keep her more than busy and how she manages to teach in the kindergarten and call in the homes is a marvel to me.

Each Tuesday evening a group of twenty-five nurses meet in our home for Bible study, singing, English and cooking. They have a most earnest and

efficient Japanese teacher. Many of them have become deeply interested in Christianity and in their hearts have accepted Christ.

Another group of girls which are with us all the time is the government high school girls living in our dormitory. These girls come from small villages to the city schools paying all their expenses. They go back to their homes with the knowledge of Christ and his teaching. One girl who was converted in our dormitory has started a church and kindergarten in her village and other girls have asked the missionary in charge to visit their villages. For lack of evangelistic workers the district work has had to be neglected.

HAKODATE—*Iai Jo Gakko* is making its impact of Christian living upon this port city of 180,000. There are three hundred girls enrolled this year. The Japan Methodist Church has just entered a small permanent building and will welcome missionary cooperation in its forward program.

Next spring they are celebrating their fiftieth anniversary. The graduates have invited Miss Dickerson to return for it and are expecting to pay her expenses. Mrs. Takaya who died year before last, expressed a wish that part of the Y 10,000 which she gave to the alumnae endowment fund should be used in that way. But the women want to keep that intact if possible and are hoping to use just the two years interest and give enough themselves to make the necessary amount. It will be wonderful if Miss Dickerson is able to come and if she keeps as well as she is now she is planning to do so. She is *Iai* to the older graduates and nothing would serve to strengthen the ties that bind them to the school as her presence with us at this happy time.

We have just finished a bright cheerful play room at the back of our smaller kindergarten building, built with local money. It will mean much to the fifty kiddies there during the winter, and also make possible better work in the Sunday school of over one hundred that meets there.

FUKUOKA—Miss Howey returned from furlough early in September in time for the annual meeting of the joined mission. Now she is so absorbed in her work that it is hard for her to realize that she has been away. She writes, "The fields are here ready to be claimed for Christ. What shall we do about it? My job is to help prepare these 400 girls, who are in our special care to become definite harvesters both in their own lives and in their homes, communities and country."

Colonel and Mrs. Lindbergh visited our city on their way to China from Tokyo. It was great to have them. They called on us, so we feel greatly honored."

Miss Gerrish is a specialist in religious education, so she and Mr. Honda are going to head the religious department of our Y. W. C. A., which is the organization that plans all our school activities.

We have more in the dormitory this year than we have had for some time and this is another cause for rejoicing because it is the dormitory girls that we get closest to.

KAGOSHIMA—The social-evangelistic work is uppermost in the heart and mind of Miss Peet. She tells us that since great stress is being laid by the Kingdom of God Movement on the needs of the rural field and since all Japanese leaders are urging the missionary to leave the cities and go into the country to help the Japanese church with the over-powering task of the rural problem, the social-evangelistic worker should be willing to go into the country, into lonely areas, and help with this pioneer work.

Since all the work of the social-evangelistic worker is done in the Japanese language she should come out with the desire to learn it and to use it well. This is not an impossible task even for those who are not linguists. It is impossible however for contract teachers who come for a short term and do not study the language to do anything in this field.

For the evangelistic worker a college education is essential, and if possible some knowledge of kindergarten method and religious education. However, if these specialized forms of education are not available, we are hoping that you will send us some girls even if they have not had kindergarten or religious education training. *We need recruits so badly*, especially girls who are consecrated to the missionary task and willing to live in the interior away from the foreign life of the port cities.

KUMAMOTA—Miss Burmeister being on furlough leaves things in a serious condition. Miss Eloise Smith who has been with her left for Seoul in September. This important and large evangelistic center is left vacant except for the supervision that Miss Finlay can give it from Kagoshima—five hours away by train.

NAGASAKI—*Evangelistic work*—It is the Tamanoë kindergarten mothers who in the last seven or eight years have worked so hard to earn and collect money to buy a home for the kindergarten which was at first a part of the Kwassui Girls School. Imagine our joy when because of hard times a former rich man offered to sell his large lot with an old broad spreading house on it, a lovely garden, in a fine residential part of the city, for less than one-half the value, if we could pay cash before the end of the year. As we were housed in the Methodist Episcopal Church, with no playground, we put together all the money we could find and bought the place. In the last few months, after some repairs and removal in February, we find we have almost an ideal site for the evangelistic work we wish to do, both with children and the homes, and the high school girls for we are quite near the large government high school and the normal school.

One of the most encouraging things about the work in the last few months has been the women who have asked for small Bible classes, some in the morning, coming to the kindergarten buildings, or combining the work with a cooking class, simple noon meal, and thus we get to know them well, better than when they come in large groups as in the mother's meetings, thirty to sixty-five at a time. It is a joy indeed then to see them come into the church with their husbands. We feel that is ideal and the Christian training through the kindergarten has been the cause. Mrs. Sasamori, who has been the head teacher in the large kindergarten for years is the finest worker with mothers I have ever known. Having been left a widow with seven herself, she educated them all, through her own work and planning, and the women love her.

KWASSUI—We are very happy to say that the total enrollment in our incoming classes is as great as usual, the high school class is a record breaker; there are approximately 160 girls entering. Many schools, both boys and girls schools, are seriously affected by the hard times. Neither is our total enrollment affected; it now stands at 530.

On the Monday following the opening of school we bade farewell to one of our English teachers. Miss Osaki, who was graduated from Kwassui College in 1925, and who has been one of our efficient teachers the past three years, left on that day to enter the Imperial University at Fukuoka. She is one of the three women entering in a class of 230. Over 600 took the entrance examinations, and but 230 were allowed to enter.

Another one of our girls, Miss Matsumoto, who was just graduated from our high school, has just passed the examinations and entered the higher normal school in Tokyo. We feel that this is a great honor both for Miss Matsumoto and for Kwassui. It is very difficult to gain admittance into this school, and only those of the highest scholarship can do so.

Any report of Japan would indeed be incomplete without some reference to the great Kingdom of God Movement. Miss Kilburn gave such an interesting account of it at General Executive meeting. In 1928, Mr. Kagawa launched the Million Souls Campaign. He said "Christians at present are too small a

force to make their opinion effective. We must strive to get one million Christians in Japan. Then and not till then, can we hope to have Christian principles and solutions applied to the political, social and religious life of the Japanese nation." The visit of Dr. Mott to Japan following the Jerusalem Conference led to the sublimation of this idea in the Kingdom of God Movement.

So far as the church is concerned there is much to encourage us. The National Christian Council is looking for a special Educational Commission to be sent by the International Missionary Council, and in cooperation with the Christian Education Association has begun the preliminary survey of all the higher Christian education in the country.

It also made a preliminary survey of Rural Social Conditions as a preparation for the coming of Dr. Butterfield.

One of our workers has so well summed up our greatest need in Japan. She says "Religious education is the cry of the day in this country and our opportunities to teach Christ are constantly increasing. How His teachings and His life and work do speak to us these days!

If the young women at home only knew the opportunities in the evangelistic work in Japan today, they would prefer it to the educational work, I am sure. At least they would not be afraid to try it. I have had both and love both, but just now if I were young, I would choose the social and evangelistic field. Please do your utmost to turn the minds and hearts of young women at home in this direction. If trained in kindergarten or domestic science in addition to possessing a deep spiritual conviction for missionary service, the opportunities are unbounded."

The great event of the year was the creation of the Korean Methodist Church, and that was epochal. It has a constituency of 57,000.

Our institutional missionary work remains as it was but is now under the control of the Central Council which is made up of half Koreans and half foreigners. Our missionaries are eligible to full or associate membership in the annual conference, and at its first session in June, fourteen women missionaries were ordained. Eight of them were of our Society.

Dr. J. S. Ryang was chosen General Superintendent or Chang Ni Sa, and is proving himself to be a real leader.

### Educational Work

All of the work being done in Korea under the Woman's Foreign Missionary Society is educational. It is quite as true that all of the work is evangelistic. The district workers have under their supervision both types of work. Our *primary schools*, both city and country, are registered and must meet the requirements of government standards. They are consequently small in number but have more adequate buildings and equipment than would otherwise be the case. Some fifteen of these and many kindergartens constitute the foundation of our system, as well as one of the most fruitful evangelizing and Christianizing agencies. In two centers, at *Kongju* and at *Yungbyen* there has been more or less of co-operation with the boys schools and some junior high work done. At *Kongju* there has been an exchange of teachers and common use of some equipment. At *Yungbyen* our girls have had their class work in the same building, using the same staff of teachers. The continuation of this plan and the further development of these two centers for higher school work is somewhat uncertain for two reasons—retrenchment in the boys schools, and our own inability to increase support.

CHUNG EU—*Pyongyang*—At last we may record the acquisition of a new building of adequate proportions and essential equipment for the conduct of this school. It was an auspicious occasion when on November 16, 1930, this building, as well as a beautiful chapel and gymnasium for Kwang Sung School—the boys higher common school—were dedicated. Friends, both Korean and American, from other schools, and representatives of the Government and Commission members were present. Bishop Nicholson represented Mrs. Nicholson, and Mrs. Avann had a part in the dedication services.

Miss Dillingham and her able staff, only two of whom were American—Miss Boyles and Miss Hulbert—are to be congratulated upon the high grade school which they bring into the beautiful new building. Three hundred nineteen girls are using it this fall. One hundred live in the dormitory.

**EWHA HIGH SCHOOL—Seoul**—Although the high school bears the same name as the college, it is entirely separated from it in every way. Last year it had the largest enrollment of any girls high school in Korea. Miss Church, the principal, and until this fall when Miss Mildred Paulson, a contract teacher, joined the staff, the only foreign teacher, writes that this year there is a decrease in the number of students for two reasons. First, for lack of 1 yen (50 cents) a month tuition, or car fare. Second, because they have adopted the policy of accepting students above the first year to fill vacancies from none except mission schools. This, she says, "is the only hope of making a thoroughly Christian school, and that we must have."

The girls of the high school join the girls of the college in a missionary society. They support two girls in Isabella Thoburn College. Miss Conrow, their sponsor, tells of their first meeting this fall when the new girls were inducted into the missionary world. She says, "Here are at least ninety Korean girls, the most intelligent and best trained in the country, who are receiving missionary education, and reaching outward to strengthen the bonds of Christian fellowship about the world."

### Evangelistic Work

We have twelve women doing district work, and in addition; Blanche Bair, who is on the staff of the Social Evangelistic Center in Seoul, and Miss Robbins and Mrs. Chaffin, who are in charge of Bible training schools, making fifteen in all, doing what we term "evangelistic work." The year's story of the twelve, would make a big book, and some of the reading would not be unlike the stories of the twelve associated with our Lord.

Mrs. Sharp recounts her travels from class to class which were larger than usual this year. Women were so eager to learn that they gladly sat three and a half hours a day for a week in a large, cold, barnlike church. One woman received a beating from her husband every time she went to church, but she continued to go. She hoped that she might complete her work of winning all her family to Christ.

Ada McQuie has her room in a Korean house in the little court adjacent to the church in Chunan, the center of her district. A daily vacation Bible school was being held there last summer. This is one of the 800 established in Korea this year. It is estimated that 70,000 children who can neither read nor write were in attendance, most of them from homes of non-believers.

Hanna Scharpf's story of devil-possession in a family in the city in which she has her little "twenty by twenty" house, seemed incredible. It would not make pleasant reading, but our country workers often have to deal with it. The family finally found joy and peace through Christ.

Margaret Hess' island parish offers high adventure in the spiritual as well as physical realm. The little churches are remote, inaccessible and desperately poor. Yet she named ten prominent workers in the Korean church, who came out of that background.

Lulu Miller's district, Suwon, has thirty-two churches on six circuits. Each September she holds a Bible Normal Training Class for women who can take advanced work. Thus trained they go out two by two to hold classes all over the district. They had a total of 722 in these classes. There are twenty missionary societies on the district. Their dues added to those of other districts support two Bible women in Manchuria and two teachers in India.

Jessie Marker has built a most attractive Korean house just outside of Seoul. Here she lives and here the women and workers of her district come for classes, institutes and personal conferences. She is interested in introducing some help for her women along agricultural lines for their rural program.

Gertrude Snavely's district has felt the effect of special meetings in charge of Asbury College Missionary Team which toured the Orient last year. Seventy new believers, mostly young people, were won.

Jane Barlow feels keenly the absence of a Board of Foreign Missions co-worker on the district. She has had the help of Miss Lund in the district classes which have given instruction to 651 women. She says, "We are rejoicing in new groups of believers meeting for worship in three places where as yet there is no church building."

Irene Haynes' year goes into district meetings, Bible classes, spring and fall institutes, itinerating with the Korean District Superintendent, etc. The church at Sariawan worships upstairs over our kindergarten in an old Japanese building which has been condemned. Extra supports made possible the holding of meetings when 200 people who could not get inside, sat on mats outside on the ground listening. For months they have met at dawn to pray about a new church and each month take a special offering for it.

Mrs. Morris travels 100 miles across one of her districts in a public auto over five very high mountain passes to get to the other district which stretches 125 miles along the east coast. In winter heavy snows and in summer heavy rains prevent travel over these passes, so the seasons for her work there are limited and short. She says the aggregate miles traveled by the women in the Wongju fall institute is many hundreds, one woman walking 125 miles each way for the ten days study.

*New Jersey Conference Bible Training School—Pyongyang*—The students numbering about eighty-five, give much help to city and nearby country churches, thus gaining experience from this supervised service. Two months vacation was taken during the winter to save fuel bills. Sixteen were graduated in the spring and eleven of them were appointed as Bible Women.

*The Blind School* has had an eventful year for it has moved into a property of its own, with some very much needed equipment. A number of new students have been received. The girls are busy and happy in their school work and learning to wash, sew, cook and to give massage.

*Union Methodist Woman's Bible Training School—Seoul*—The dream of many years was realized last April when the school was brought up to A grade, and for the first time all students were high school graduates. The total enrollment was thirty-five. For two years there has been close co-operation with the mens seminary.

Forty-seven of the graduates of the school were delegates to the recent missionary executive meeting of the new church. A large majority of the women who were lay delegates to the first annual conference of the new church were graduates of the school. The women representative of the annual conference on the Central Council is one of our graduates. The school is furnishing leadership to the church.

*The Social Evangelistic Center* is a beehive of numerous activities for all ages. It radiates health, physical, social and spiritual, in every direction. It is one of the most worthwhile institutions in Korea. Its need of a suitable and adequate plant is imperative.

### Medical Work

*PYENGYANG — Union Christian Hospital*—The new dispensary building and its equipment have enabled the efficient staff to give better service. About three hundred patients are seen daily. Miss Anderson is greatly enjoying the better facilities for laboratory work. In addition to other service Dr. Leadbeater has had charge of the X-ray department in the absence of Dr. Anderson.

Miss Butts' enforced early furlough, made necessary the transfer of Miss Payne from East Gate Hospital, and that was made possible by Miss Roberts' return from furlough in the late summer.

Dr. Cutler's work of mercy in the country districts round about was interrupted by her all but fatal illness last spring. Her remarkable recovery gives her back to that worthy service in her traveling dispensary.

SEOUL—*Lillian Harris Memorial Hospital*—Dr. Block and the staff have had a busy year though much handicapped because of the wide scope of the services to be covered by so small a staff, and with such inadequate equipment. Very definite negotiations are in process for the union of this hospital with Severance, a step, we believe, toward a more effective Christian medical work in Seoul.

An outstanding event of the year was the notice taken by the Methodist Mission and the community, of the forty years of remarkable service given by Dr. Rosetta Hall to Korea. Her latest achievement, the establishment of the Woman's Medical Institute, single-handed and without financial resources, is indicative of her ability to bring things to pass.

*Public Hygiene and Health and Infant Welfare Work*—We have some fine projects of this type in Korea.

We rejoice over the new building at Chemulpo. It will enable Miss Kostrup and her small staff to give more and better service to more women and children.

Miss Bording's work in Kongju is a conspicuous demonstration of this type of work. It includes weekly clinics for Korean and Japanese babies, pre-natal clinics, obstetrics in homes with follow-up visits and teachings, milk station, day nursery school, school nursing and country clinics whenever possible. The service is greatly appreciated by Koreans and Japanese.

Under the direction of Miss Rosenberger a very strong program is carried out at the Social Evangelistic Center in Seoul. Some interesting experimental work is being done in baby feeding with a formula for bean milk. Adequate buildings and equipment for this work is one of the greatest needs in Korea.

A union of Presbyterian and Methodist forces in Pyengyang has been effected to promote this baby welfare work.

## Educational Work

Ipoh—*Anglo-Chinese Girls School*—Much hard and conscientious work was done during the year by a staff of twenty women and much prayer. The girls were instructed to write compositions on subjects sent out by the Religious Education Committee and these showed that they had at least high ideals of Christian living.

The compound shows the appearance of a settled school enclosed by a neat iron fence with iron gates which adds greatly to its beauty.

The enrollment shows eighty-one children in the primary, 253 in the lower elementary, fifty-seven in the higher elementary, thirty-one Cambridge.

KUALA LUMPUR—*Methodist Girls School*—During the short term as principal, Miss Whitfield accomplished two things which stand out; a school magazine was started and the upper school was organized into house groups. The accommodations of the school have been very limited. A whole class was turned away in January and at the close of school 100 girls were asking admission. The new building will be located in a much quieter spot and will have ample room for all classes.

Miss Marsh compares the beginning, over twenty years ago when the school had only 100 girls, with the 500 now enrolled. Timid girls are becoming self-reliant and thinking fearlessly and tossing away out-grown customs.

Holt Hall—The health of the family which numbers fifty has been greatly improved. The girls are active in Sunday school and League work and are collecting money to help a poor child in China.

Miss Urech has given much time to evangelistic work in the Tamil Church. She has used the car which has enabled her to visit many homes and take sick cases to the hospital for treatment.

MALACCA—*Suydam Girls School*—The year has been marked by the largest Cambridge classes in the history of the school and this year will be even larger, numbering twenty. Every teacher on the staff is a Christian and takes active part in Church work. The enrollment has been 257 which includes the primary.

The family at *Shellabear Hall* is about the same as last year. The Christians from India who live on the rubber plantations are very glad to have this school to which they can send their girls for education. They attend the Tamil Sunday school and service and it encourages the Tamil pastor who travels many miles by car to visit and hold services on the plantations.

All the girls attend the Junior Church or Epworth League. There are about fifty children ranging in age from three to eleven years. Some of them are doing well in school and will make future teachers as they began their school life early and are learning English quite well. They are very grateful for the open airy building away from the town.

PENANG—*Lindsay Girls School*—It is no longer necessary to coax girls to come to this school and the fact that they are not able to accommodate all that come makes for higher efficiency. The number of pupils day and boarding is 269. Religious education is being carried on in all the Standards. The weekly meeting of the girls band has given the girls fine training in leadership. Two classes in teacher training were held during the year. This school has become a center which is throwing out its influence over all parts of Malaya.

Winchell Home—One hundred girls are enrolled in Winchell Home which is the capacity of the hostel. Miss Sadler was in charge of the Bible women who have continued their work faithfully since she left for her furlough. One of the seniors conducts a Sunday school at a fishing village. Winchell Home is a true home to the girls and lends her Christian influence to their development.

SINGAPORE—*Methodist Girls School*—The work has moved along steadily which has been made possible by the loyalty of the faculty and the able assistance given by Miss Ashley who has been in charge of Short Street and taken the burden of responsibility for the lower school.

The Girls Life Brigade has helped to direct the thought toward the development of Christian character which is the real aim of the school. There are six teachers and 120 girls in the afternoon school; this makes the total enrollment 777. It is hoped that before long one of the Eveland Seminary girls may be placed in charge of religious education in the Continuation School.

*Eveland Seminary*—There are twelve girls at this time in Eveland Seminary. Seven of them are students in Raffles College and the Medical College; five are taking work in religious education. There are four others who will come in before the end of July for work in religious education.

The girls are also taking piano lessons with Mrs. Amstutz as their teacher and studying Mandarin. They are enrolled in the home nursing course offered by the Y. W. C. A., the teachers of which are the doctors from the General Hospital. Mrs. N. T. Lau, formerly Grace Wong of Hwa Nan College is having the girls in a class for the discussion of personal problems.

Miss Ruth Harvey in addition to her work in the seminary has been in charge of leadership training classes and has been working on the curriculum committee. These activities link the Seminary with the religious education program.

*NIND HOME*—It is a satisfaction to report that at the close of December, 1930, all bills were paid and a credit balance of \$800.

Miss Foote writes of her joy in keeping the books under such conditions.

The girls have taken charge of their own prayers and have carried on well even though many times no older person or missionary was present. In this way they were taught that they could contribute something. Many of the girls have left to go to hospitals as probationer nurses. The year has passed very happily because of helpful cooperation on the part of every one.

*Fairfield School* continues to grow. When Fairfield was built it was thought very wonderful to have twenty girls in a class; now they have two classes of forty each for the same standard.

The average enrollment for the year has been 427 plus 163 in the afternoon school and special class, making a total of 590 pupils. On the staff are twenty-three teachers and normal students.

The three aims for the school have been: 1st—To promote religious education; 2nd—To improve the music throughout the school; 3rd—To stress domestic art and to pave the way for a domestic science department.

*SITIAWAN—Methodist Girls School*—There was a decrease in the enrollment of both the English and Chinese schools over 1929 but gradually more children began to come in until the high point of seventy-seven was reached.

The Methodist Girls School is very young but results prove its need. Twelve girls gave their hearts to Christ on Pentecost Sunday. They are faithful in their attendance upon Sunday school, Junior Church and Epworth League.

*TAIPING—The Lady Treacher Girls School* has had a prosperous year. The enrollment has been over 300 and in order to admit more some of the outdoors had to be roofed. The Epworth League has been doing good work and has helped to raise money for the work in Pahang.

On the estate the dresser was changed so a place had to be sought for the services but the manager gave a much better house. The average attendance is forty children and twenty adults.

*Crandon Home Boarding School*—There is a total enrollment of forty-eight with an average number of forty-five, which is the actual capacity of the building.

Four girls took the Cambridge examinations and all passed. The spirit in the Boarding School is greatly improved and difficulties more easily adjusted. Miss Shiveley with great hopefulness is looking forward to a still better year.

## Evangelistic Work

SITIAWAN—"The Evangelistic Work includes work in eight Sunday schools in three of which I have an active share" writes Miss Dirksen. "Once a week we have a class for training Sunday school teachers and in the churches weekly and monthly meetings for women."

Social visits on Christians and non-Christians which often results in a miniature meeting in the home."

*Shellabear Hall*—Miss Ada Pugh, the veteran missionary in Malaya, reports that meetings for women and children have been held in six of the out-stations. At one village a Christian woman from Amoy has been of great help in bringing other women to the services. The Christian women on the estates are always glad to have a meeting for themselves and it is encouraging to hear them learning songs and Bible verses.

## Educational and Evangelistic Work

LINGAYEN—*Mary Brown Townsend Memorial Bible Woman's Training School*—The school year as a whole has been one of the best we have had in our history. The result can be attributed to the fact that the faculty devoted all its energy to the task of developing leadership. The twenty-first graduating class has been sent out, the long cherished hope of a new building been realized, equipment efficient for the needs and a trained consecrated faculty.

MANILA—The *Harris Memorial Bible Training School* held its twenty-third commencement in February and eleven young women received diplomas. A group of twenty-three girls were accepted for the freshman class. This class comes with the avowed intention to prepare for service in the church.

The resident Filipina faculty has increased in efficiency in class room work. Miss Jorita Tiburcio has carried a heavy schedule, teaching four different subjects each semester and directing the housekeeping. Miss Maria Bantista has had charge of the field work, a new task, but she has delighted all by her intense interest and her skill in handling readjustments. Our

kindergarten department under the direction of Mrs. Brigida Fernando has had a larger number of pupils than any previous year.

Miss Hewson has taught two classes in Bible and given a short course in personal evangelism to the senior group and this in addition to her work as evangelistic missionary on Manila District.

Miss Black has put much time and effort into training the students in music so that they may serve the church as organists.

The senior class has raised their standard of twelve hymns well played to twenty-five. Four graduates were very happy to carry away new organs with them.

*Hugh Wilson Hall*—Under the wise and efficient management of Miss Bertha Charles the school has grown in number and resources. A fine spirit pervades this institution and the girls have shown marked interest and have cooperated in every way. The usual literary programs have been carried on which showed the originality of the girls and provoked friendly competition.

Social service work is a part of the training the girls receive and many of them have been faithful in the Bilbid Prison Sunday school and in the Girls Reform School and hospital work.

SAN FERNANDO—Miss Lettie Wadsworth was assigned to San Fernando upon her arrival in December. Miss Deam had been in charge but returned to Hugh Wilson Hall to take care of the work following the furlough of Miss Charles. Miss Wadsworth graphically describes the sensation of a new missionary as she takes up her work in a new land. Her visits to the different institutions were of great value. Her contacts with the youth of the Philippines gave her an insight into the movement for independence and Christianity which is sweeping those islands.

TUGUEGARAO—Miss Erbst's story of the work in the great Cagayan valley is of absorbing interest. With two large districts and two dormitories, for a new one has been opened in Bayombong, Miss Erbst and Miss Atkins have known what it is to be busy. There is a family of thirty-two girls at Bayombong. Misses Arellano, Balasu, and Mappalo have rendered valuable service.

VIGAN—*Dormitory and District Work*—Miss Carson and Miss Hayes are carrying on the work in this important center. Miss Carson is in charge of the dormitory work while Miss Hayes has the district evangelistic work. Miss Carson has won the love and respect of the young people because she is so greatly interested in them for their own sake. Miss Hayes writes of her joy in meeting the people and learning to know them intimately.

### Medical Work

*Mary J. Johnston Hospital*—This "House of Healing" is entering upon its twenty-fifth year of service. The Masonic Ward for crippled children and the large room with its seventeen beds for the little sick ones have been busy wards the past year. It has completed five years of most successful work and twenty cripples have been cared for.

The obstetrical wards are always the center of interest, 550 new babies bringing the total number to 11,577. One mother born here came back to bring her own little one into the world.

The dispensary continues to meet the need of the people who throng its doors. Almost 25,000 treatments have been given aside from clinics and visits, child welfare and child play hours, bottles of milk combined with thousands of lessons.

The milk station ministers to about thirty babies a day. Bottles of good safe milk, weighing each week, care when sick, and home visits by the nurses comprise a fine service.

*School Nursing*—There are fifty-three student nurses enrolled. Seventeen bright young women graduated March, 1930. The present personnel of the *Mary J. Johnston Hospital* is down to what is the minimum legal requirement for a fifty bed hospital, with a school of nursing in connection with it. The actual bed count is 111 and it is full all the time. There must be two more graduate nurses to come up to the minimum standard. The Government examinations are harder and will continue to be so, which means that the School of Nursing must measure up in every way.

The nurses home is not yet begun but it is hoped that another year will see the completed building.

## SUMATRA MISSION CONFERENCE

### MISSIONARIES AND THEIR STATIONS

1930-31

*For present correct addresses of missionaries, see "Woman's Missionary Friend" for January, May or September.*

MEDAN—*Methodist Girls School*—June E. Redinger. *Medan District Evangelistic Work*—Vera M. Edborg. *Asahan District Evangelistic Work*—Freda P. Chadwick.

ON FURLOUGH—Eleanora C. Rhode, Lydia Oelschlager.

### Educational and Evangelistic Work

The plans for the *Methodist Girls School* in Medan were examined and discussed and after a few minor changes they were accepted. The school is greatly needed and the completion of it will give great joy to the missionaries there and increase the influence and scope of the work. A picture of the girls as they take their daily exercises on the school grounds shows bright faced, intelligent young women who are being trained for Christian service.

The school has moved to new quarters on a quiet street and is better organized and better staffed than ever before. A piece of land has been purchased for the new school and the dream of leaving rented shophouses is to be realized. The enrollment in the school was over 200 in spite of hard times.

Miss Chadwick writes of her work in the jungle and expresses her belief in the great possibilities for work among the women. Her great desire to give her entire time to such work was granted and she was appointed to Tandjong Balei where she will have easy access to the jungle villages.

Miss Chadwick is to undertake a new experiment in vernacular training for village and jungle girls. She is to take into her home a few girls, not exceeding eight in number, with the understanding on the part of those concerned that this may be a temporary arrangement. The younger girls will study in the Government schools where instruction is also given in household arts, while the older girls will be given the "three r's," religious training and practice in housework. It is hoped by these means to make them better Christians and better homemakers. The living arrangements will be very simple, as much like their village life as possible, and each girl will pay as much as she is able to maintain her self-respect.

Miss Edborg is appointed to the Medan district evangelistic work, while Miss Redinger remains at the head of the Medan Girls School.

LOVETCH—An attractive Fiftieth Anniversary Year Book has been issued in commemoration of the fiftieth year of the *Girls School*. Some articles were written by the girls and others by those long connected with the school, so that the book is a storehouse of information about the school and the country. A class of twenty-eight girls, representing all parts of Bulgaria, was graduated.

The girls all live in the school as a large family. The spirit is made democratic by the rule that each girl must perform certain household duties daily. These are changed every month so that all may become familiar with every kind of housework. In the home economics course the girls learn to prepare foods and are delighted to take this accomplishment back to their native villages. On Sunday the whole school attends the Methodist Church.

Voluntary Morning Watch groups foster the spiritual life of the school. The school Y. W. C. A. aims at a well-rounded life and gives honors for four-fold development—physical, social, mental and spiritual. The chief part of the year's program was a Peace and Goodwill campaign carried out in various departments of the school. Through talks and discussions the girls interested themselves in world affairs to such a degree that they sent a delegate to the Peace Conference of the Fellowship of Reconciliation in Holland last summer.

Lovetch girls are scattered all over the world for their higher education. Great hope is placed in these girls who, upon finishing their education, will return to take up work in their native land.

Miss Etta Gifford has gone to Lovetch as a missionary teacher of English, and a young British woman has been secured to fill the other teaching vacancy.

## FRANCE

GRENOBLE—High up on the mountains at St. Albans, a church building which had been left vacant because of the "cut" became the home of thirty-five girl campers last summer. The missionaries at our *Foyer Ecole* feel that the summer camp inaugurated for those girls who have no home to go to in vacation time has become one of the most important parts of their work. The villagers of St. Albans cooperated by supplying at low cost all the fresh milk, eggs, and vegetables they could eat. The girls did all the camp work, had Bible study and hand work in the mornings, romped over the hills in the afternoons, and at vesper time worshipped God in the out-of-doors. It is hoped that it may be possible to purchase the building used this summer since it is well situated for an ideal camping lodge.

The Foyer has been full all the year and the girls have done good work, both in our own classes and in government schools. The example of the older girls who have gone out from the Foyer is a constant stimulus to the smaller ones.

Four girls received their certificate *d'étude*, two of them taking honors. The Foyer sent delegates to the annual Y. W. C. A. conference and to a conference of the Knights of Peace, a European organization of youth pledged to world peace. Throughout the year our girls have taken an active part in the life of the Grenoble Methodist Church.

Miss Christian Lochhead, who had been *directrice* of the Foyer for seven years, resigned in January to become the wife of a Methodist minister. Miss Margaret Thoburn came home after fifteen months of special service and Miss Martha Whiteley returned to Grenoble from her furlough. She and Miss Coy are now carrying on the work.

## ITALY

ROME—*Crandon Institute* had a very international group this year. Although these represented many faiths, they all worshipped together in the morning chapel service. Signor Naldi of the Methodist Church in Rome comes often to speak to the girls and the boarding pupils attend church and Sunday school.

A former scholarship girl is now a valuable assistant in the school.

Crandon girls are very generous and eager to help others. This year they have given 1000 lira to the orphanage in Naples and the boys school in Venice, have made a substantial offering to the Italian Red Cross and done other charitable work.

The spirit of the school is one of harmony and appreciation. Several of the older girls who once showed some opposition to the spiritual atmosphere of Crandon have completely changed and are showing that they have been touched by the ideals of Christ. They take an active part in Sunday school and church work.

Mrs. Florence Reeves, formerly a missionary in Lovetch, has gone to Rome to help out during the furlough of Mrs. Ruese.

## NORTH AFRICA

ALGIERS—On February 27th, Miss Emily Smith celebrated the fortieth anniversary of her arrival in Algiers and honor was paid her and Miss Welch who came to the field only two years later. These missionaries labored for fifteen years before the authorities allowed them to take the first Moslem-born girl under their care. The *Van Kirk Memorial Home* is filled with forty children. Fifteen of the present "family" are girls from native Christian homes. Some of the older girls are now preparing for baptism. In Van Kirk Memorial the Home Missionary Society formed by the older girls continued to help save the children in the mountains of Kabylia.

Miss Anderson returned in January to take up her work of evangelism among French women. She tells of wonderful changes which the Spirit of God has wrought in the hearts of those who, formerly having no use for the church, now take active part in the Methodist worship and are wielding a great power in their prayer groups. Young girls who were careless of spiritual things have been brought close to God and give all their spare time to the work of the church.

The Misses Van Dyne have opened a new student hostel, in rented apartments, which will accommodate about twenty university girls. This is the only Christian home in Algiers for such young women and not only those in residence but many others are finding enrichment of spirit in the Christian surroundings of this hostel. Strong ties of friendship are formed in the clubs. Here, by the blue waters of the Mediterranean, every Christmas and Easter a group of students gather for a "camp" and spend a few days in close fellowship with one another and with the Master.

Miss Eva Marshall joined the mission family in Algiers last fall.

IL MATEN—The work here continues to progress and is bringing bright results into the dark lives of the Kabyle women and children. The little girls in the school are showing more eagerness to learn and the women gather in larger numbers in village homes to hear Miss Robinson and her French colleagues give the Gospel message. These workers try to better the living conditions of the people and last year they used gifts of money from friends in America to have the water system of the village reconstructed. The old brick conduits through which the water ran became so clogged with the roots of trees that the water supply was often very low and the people were in great distress. All that has been remedied. The little group of Christians slowly increases and regular services are held. Every Friday the dispensary is crowded with the sick who come to see the visiting French doctor, and on other days the French evangelist treats the women and children and gives out medicines in return for their offerings of eggs, olive oil and lentils. Miss Robinson has translated into Kabyle the manual of church membership for use in a catechism class for the young people who wish to enter the church.

CONSTANTINE—In this second largest city of Algeria, Moslem opposition is very strong and at times it influences the women and girls to stay away from the classes in the *Bradley Memorial* social-evangelistic center. The missionaries, however, are always busy with the many demands for help to individuals who have come to know the mission as a place where they can bring their troubles. Many a young girl flees from the ill-treatment she receives at home to seek shelter at the mission. Two mothers have come here hoping that their children may be born under the friendly roof. Little children are rescued from starvation and disease.

The *Gamble Memorial Home for Girls* is rejoicing in its new building, just completed. The bright, modern, convenient house makes the work lighter and gives new hope to those in charge. Twenty-five girls, from babies to young women, call this place "home," and receive here Christian training and education in practical living. They take part in church life and in Epworth League and the older ones help the missionaries in various forms of Christian service. Until recently Arab women could hardly go outside their own homes, but now a new life is opening up for these Christian girls who study in the French government schools and then take up some vocation.

### Educational Work

The Catholic Church in Mexico is celebrating this year the 400th anniversary of the miraculous appearance of the Virgin of Guadalupe, the patron saint of the country, so the priests have made every effort to prevent their people from sending their children to Protestant schools. The number of our students has therefore decreased slightly, especially at *Keen*. A priest in a nearby church told his congregation that if any family sent their children to *Keen*, they would be excommunicated. One mother who had already paid a month's tuition removed her child, preferring to lose the money than to imperil her child's soul.

The most outstanding event in Mexico this year has been the celebration of the fiftieth anniversary of the *Puebla Normal School* the last week in March. The alumnae came back in large numbers to celebrate the event and made a gift of about \$1,700 gold to be used for some special object in connection with the school. Mrs. Rojas, president of the Alumnae Association and a member of the first graduating class recalled some of the difficulties of the

early years—that for the first few weeks there were only three pupils though the number increased to eighteen before the end of the year. When the school moved from the rented building into the property which it still occupies, there were many loyal Catholics who would not pass the building without sprinkling holy water upon themselves, while others would cross the street in order that they might not be contaminated. Now the school is known and recognized throughout the country and its many alumnae witness to its splendid Christian influence.

The *Industrial School* started this year a home economics training course with two young women as students. The missionaries are hoping that they may be able to train in the future many young women in this type of work which is so much needed in Mexico. There has been a fine group of Student Volunteers in the school, of girls who are preparing for definite Christian service. They have a Morning Watch service on the roof of the dormitory, and six of them are teaching in Sunday schools in nearby villages.

Mrs. Barranco has had a splendid year in the *Pachuca school* with forty more students than last year. A commercial department has been started and has proven very popular. A number of the boarding students conducted Daily Vacation Bible Schools in their villages during the last vacation and are planning to do so again this year. Mrs. Barranco has secured Miss Manuela Vargas as assistant directora this year. Miss Vargas is a graduate of the Puebla Normal School and a most capable, consecrated woman.

During the last vacation the *Guanajuato school* had a campaign for new boarding students, and the number has increased to twenty-five. Miss Betz writes that it has been a joy to work with these girls from out of the way places who but for our school would have no other opportunity for an education. A night school has been started with fifteen pupils.

For the first time in the history of evangelical work in Mexico, two camps similar to our Epworth League Institutes, were held last summer, one for boys and one for girls. A number of girls went from our schools and they were all greatly helped by the various classes in Bible, methods for church work, etc. The half hour of meditation in the early morning when each girl went alone with her Bible for quiet thought and prayer, and the evening campfire were of great spiritual benefit to everyone.

### Evangelistic and Medical Work

The young women in the Bible Training School have been doing a fine piece of practical work in the Morelos Church, located in a very poor section of the city. Under the supervision of Miss Chagoyan, they teach the Sunday school classes, conduct the Junior Church, have various clubs in which they teach sewing, carpentry, shoe making, nursing, etc. Temperance teaching has had a very vital place in all the church and club work as drunkenness is very prevalent.

The Aztecas Street Church has a seven day program with Miss Pearson in charge of many of the activities. English classes, table games, basket ball, mothers' clubs, kindergarten, etc., have attracted many people in the neighborhood, and through these activities they have been lead into the church.

Miss Concepcion Perez, who has been a teacher in two of our schools for many years, was chosen this year as the General Secretary of the Women's Societies for the united Methodist Church. The account of her work is most thrilling. She traveled through eighteen states by train, horseback, by donkey and on foot. She visited large cities and very tiny villages, wherever there were groups of women who needed her. In some of the smallest villages where all the family including the animals, lived in one room, there was no place for visitors, so Miss Perez frequently slept on the benches of the tiny churches, wrapped in a blanket which she always carried with her. A nurse went with her part of the time and together they vaccinated over eighteen hundred

children. Miss Perez visited in all sixty-five societies and organized eight new ones. She came in contact with more than two thousand women who belong to these organizations, bringing inspiration and new courage to all of them.

Our Society has not had an American trained nurse in Mexico since Miss Mitchell came home a few years ago, so our missionaries have been most happy to have Miss Gertrude Arbogast join their ranks. The Mexican government now requires health examinations and health teaching in all schools, so Miss Arbogast and Dr. Baez took the required health courses at the university. They have given medical examinations and health talks in all our schools, following the examinations with practical advice to the parents of the students. They have also conducted two fine dispensaries in Mexico City 1 oth of which have proven blessings in the neighborhoods where they are located.

## SOUTH AMERICA

### Educational Work

MONTEVIDEO—The influence of *Instituto Crandon* is being felt throughout the Republic as graduates are becoming leaders in social service, child welfare, national temperance work and religious education.

Last year when there was a shortage of missionaries, Crandon graduates stepped into the breach and became Crandon teachers. Today fourteen of these consecrated girls are loyal members of the faculty, doing most efficient work.

The physical equipment of Crandon has been increased by the installation of a heating system, paid for entirely by self-support and local gifts. The building itself is in almost perfect condition.

Twenty-three girls graduated last year, a class of which the school was very proud.

Miss Doris Zimmerman has succeeded Miss May Murphy as head of the home economics department. Classes in the department are held not only for the girls of the school but for graduates of Crandon and for Uruguayan women interested in better home-making. Miss Jean Smith has returned home after three years of significant service and Miss Evelyn Corbett has gone to Crandon as teacher of English. The greatest present need of the school is for a normal training department where young teachers may be prepared for their work, or for a primary specialist who can help the younger teachers.

BUENOS AIRES—*Instituto Modelo*, which Bishop Miller predicts will some day be the most significant institution in South America, has an increased enrollment each year. This union institution of the Disciples and Methodists is the only school of higher grade in which young women are being specially trained for definite Christian service. In the near future the school hopes to move to a new location where, united with the Union Theological Seminary for men, also conducted by the Methodists and Disciples, it will become the first Christian institution of higher learning in South America where coeducation has been tried. The school is already supplying leaders for the Protestant church in many parts of South America. Several of the workers at Gleason Institute in Rosario have been trained here. And in all our secondary schools there are students who are looking forward to further study in *Instituto Modelo*.

The Board of Directors have recently appointed our Methodist representative, Dr. Rhoda Edmeston, the *Directora*.

ROSARIO—*Colegio Norte Americano* has suffered a great loss in the death of its Directora, Miss Frances Strever, who, after six months of patient suffering, passed to her Heavenly Home on July 25, 1931, from the British Hospital in Buenos Aires.

Miss Mamie Donahue has been appointed head of the Colegio. The School comprises two groups, the majority being day students and about fifty being boarders. The six grades are recognized by the Argentine government and all this work is carried on in morning hours. In the afternoons special instruction is given in English and Bible. A commercial course, a special English course and a course in household arts attract students beyond the regular curriculum, and there is a demand for a still further development of higher courses. The missionaries and national teachers are studying the whole situation in order to decide along what lines it will be best to extend the course.

The religious life is fostered through church attendance, Sunday school, prayer circles, and a King's Heralds band. Two Armenian girls who are on scholarships are amply justifying the help given them. They are not only excellent students, each of whom won a prize for scholarship offered by one of the banks of Rosario, but both are earnest Christians and have announced their desire to be missionaries. Upon graduating from the Rosario school they plan to take further training in the Buenos Aires Bible Training School.

LIMA—*Lima High School* is rejoicing that this will be the last year in the old rented building. The ground was broken on May 5th and the new building is now under construction and will be ready for occupancy in April, 1932. We are fortunate to have secured the services of Mr. Irle, mission architect of the Board of Foreign Missions in South America, as superintendent of works. Several British, American and Peruvian business men were willing to constitute a strong building committee. In addition to this a group of North American women, residing in Lima, have formed a committee to aid in securing certain types of furnishings, such as curtains, for the new building. With an adequate, modern plant and a consecrated faculty the Lima High School, the only Protestant institution for girls in all Peru, is facing a future of opportunity and promise.

The Peruvian girl is a real student. She usually prepares herself for teaching or office work. The graduates of our Commercial Department hold important secretarial positions in many foreign firms in Lima. The head of the National City Bank of New York in Lima told us that they value these young women very highly in their offices for they find them reliable, efficient and strong in character.

Graduates of our school have ten years of religious training and are well grounded in the word of God. The study of the Bible, hitherto a closed book to those brought up in the Roman Catholic Church, is very popular. At the close of one course on "How We Got Our Bible," each girl wrote a children's story of the development of the Bible and each paper was full of information and very attractive. Many of the girls join a group of young men and women who meet in the Methodist Church every Sunday morning to study Christianity in its direct application. Almost all the younger teachers in the Sunday schools of Lima have been trained in Lima High School.

During the year Miss Beatrice Terry and Miss Ruth Greenwood joined the staff and Miss Frances Vandegrift returned from furlough.

### Evangelistic Work

MONTEVIDEO—We found a wonderful spirit among the churches of Montevideo where Miss Maruja Ibarra and Miss Helena Goldschmidt, graduates of the Buenos Aires Training School and deaconesses of Central Church, are carrying on Sunday schools, mission chapels and all kinds of work for women and children. Central Church has the best graded Sunday school in South America. Our Society is also helping to pay the salary of another young woman who assists in the social-evangelistic work carried on at Friendship House on the Cerro, a poor section of the city where the meat-packing establishments are located.

The Methodist women are helping to foster the League of Evangelical Women of Uruguay, which includes women from all the Protestant churches in the country. Many of our young people are members of the Interdenominational Federation of Evangelical Youth.

**BUENOS AIRES**—The work of evangelism and religious education was strengthened by the appointment of Miss Isabel Latimer to work with Mr. Hugh Stuntz, general director of religious education for South America. They are organizing Sunday schools, Epworth Leagues and other kinds of religious work.

Of outstanding interest is the development in the evangelistic work among women; it is a truly remarkable feature of the women's movement in South America, led by the national women. With the exception of Uruguay, the Methodist women of the other countries of South America in which our church is organized have banded themselves together into the Federation of Methodist Women of South America. In the East South America Conference there are now about thirty societies with over 1000 members who in 1930 raised \$13,867.50 for church and missionary work. The president of this Federation in the Argentine is Mrs. Isabel Rodriguez, a graduate of Crandon and now the wife of a Methodist pastor in Argentina.

The enlarged program of the Federation includes missions, definite plans of work—social service, child welfare, temperance, health, sex hygiene—and a carefully prepared program of study.

The pastors are in hearty sympathy with this woman's movement. One minister wrote, "I believe that we should be very grateful to God for the blessings bestowed upon the women this year in their sphere of work. Be assured that wherever my wife and I may be sent, we may be depended upon to assist in this beautiful work which the Federation is developing in our churches."

The Federation has joined the International Department of the W. F. M. S. for the purpose of welding a chain of Methodist women, irrespective of race or color, encircling the globe with continual prayer and service for the salvation of the world. We found the Federation of Chilean women equally active when we attended the first union meeting of Methodist and Presbyterian women in Santiago.

**ROSARIO**—Gleason Institute has had a busy year of ministry. Miss Penney and her staff of young Argentine women who form the "resident" family have given themselves unstintingly to meet the increased opportunities of the enlarged building. The kindergarten has a waiting list although every child who attends pays tuition. All the activities are being put on a paying basis since a small fee is asked of every adult or child who comes there. By home visiting and patio conferences, community interest and cooperation have been won.

The habits formed at kindergarten hold over into every day life. Two small boys who come to Gleason live in a grocery store where wines flow freely, yet these children do not drink because "Señorita Maxima says alcohol does not make boys healthy." December was given over to Daily Vacation Bible School where the total enrollment was 175. Each child paid twenty *centavos*. Through the varied ministry of Gleason a number of people become members of the Central Methodist Church in Rosario.

**LIMA**—Miss Bernice Cornelison, for five years a missionary in Rosario, went to Lima in January to help develop the woman's work and to take charge of the religious education of all Peru. In the few months since her arrival she has helped in the Vacation Bible School, planned and supervised two Epworth League Institutes, instigated a Child Welfare Week for the women of Lima and Callao, held Bible classes, and taken two trips up into the Andes to organize woman's and young people's work. The Institutes at Chosica and Huancaayo brought many spiritual results in the lives of the young people who attended—

some have joined the church, some have been helped in choosing a worthwhile career, some have become willing workers in Sunday school.

The Child Welfare Week was for the women of the three Methodist churches in Lima and Callao. Some of the Peruvian nurses who are training at the British-American Hospital gave talks, thus linking up their professional work with the work of the church. Two of these, graduates of Lima High School and church members, gave excellent instruction and demonstrations on "Personal Hygiene," and "The Care of Babies." The program included other talks on "Tuberculosis," "The Development of the Child," "Balanced Diets," and "The Relation of the Child to the Home." This was a new phase of the work among women and it is felt that the seed planted will help mothers of the churches to bring up stronger babies.

The League of Methodist Women in Peru combines the Ladies Aid, the Missionary Society, the W. C. T. U. and the Literary Society. As yet it is organized only in the larger centers but Miss Cornelison has made a beginning at helping the women in the country towns to organize for study and work. As a result of the League the women are taking an active part in church life and are doing things that they have never done before—presiding over meetings, leading in prayer, calling on the sick and on new folks, sewing for the poor (although they are poor themselves), organizing local Institutes, giving mother's and daughter's banquets, and studying their lessons on the Bible, and temperance. Their missionary money is helping Peggy Chavez get her training in the Bible Training School in Buenos Aires, so that she can return to Peru and help with the work in her own land. They all have mite boxes. The officers meet monthly to give reports and plan the work. Every woman of the church is awake and hard at work, and in spite of the hard times and the unsettled political conditions, every Society grows and is doing more all the time.

A new life is being born and it is a great time to preach Christ to these people.

## COLLEGES

### WOMAN'S FOREIGN MISSIONARY SOCIETY

1930-31

#### Hwa Nan College

FACULTY—*President*—Lucy Wang. *Missionary Faculty*—Elizabeth H. Richey, Edith McBee, Elsie H. Reik, Grace Davis, L. Ethel Wallace, Marion R. Cole.

ON FURLOUGH—Katherine H. Willis, Rotha S. Landis.

DETAINED—Dorothea L. Keeney.

UNDER APPOINTMENT—Eugenia Savage.

The total enrollment in the college for the year 1930-31 is one hundred ten, fourteen of whom graduated in January, leaving ninety-six enrolled for the spring term, classified as follows: seniors twenty-three; juniors eighteen; sophomores twenty-seven; freshmen twenty-eight.

In answer to an urgent cable from the college, Miss Violet Wu gave up her scholarship for work toward a Ph.D. at the University of Michigan for the year 1930-31. Miss Wu graduated from Hwa Nan in 1926 with a major in biology. In view of the great need in the physics department, Miss Wu accepted the request of the college to change her major from biology to physics

and mathematics. This was a great sacrifice on Miss Wu's part. Not only did she win her master's degree in physics and mathematics in less than two years, but also she was awarded a scholarship for further study.

Hwa Nan is justly proud of the splendid records which her alumnae have made in America. Miss Kao and Miss Yue won scholarships in Columbia University and, because of the fine record they made there, offers have come to them from Yenching University and from Central China College, but their love and loyalty for Hwa Nan is stronger than any of these offers.

Miss Grace Davis directed the chorus singing and served as secretary to the president.

Miss Elizabeth Richey, upon the request of the college, did observation work in libraries during her furlough in America and returned last September with new plans and ideals for reorganizing the college library.

With the leaving of Mrs. Grace Wong Lau for Singapore there arose the problem of electing a dean for the college. After much persuasion Miss Pearl Wong very reluctantly accepted the request of the Board to fill this position. With her patience and kindness combined with stern judgment Miss Wong is showing unusual capability in solving the many problems that arise daily among the students.

Pentecost Week was observed at Hwa Nan with a series of talks by Mr. Freeman Havighurst of Anglo-Chinese College. These meetings brought to them a sense of world-fellowship in the knowledge that Christian groups all over the world were celebrating Pentecost during that week.

Since the Revolution in 1911 the government has tried to introduce the world calendar into China but with the traditions of the old Chinese calendar so deeply ingrained into the minds of the people, it has been very difficult to abolish the old system. This year, for the first time, the government forced the people to observe the new year instead of the old. Consequently, the schools were asked to do away with the old China New Year vacation and have a three weeks' vacation at Christmas, beginning on December 21st, in which case the students would have the privilege of spending Christmas at home. This would mean no Christmas at all for many of the students. Realizing the importance of this Christian festival, Hwa Nan made a special effort to keep the girls in school until the 26th. The regular events were planned.

The eleventh annual commencement was held on January 28th with a class of fourteen receiving B.A. degrees. They were especially honored in having Mr. Tiang, Commissioner of Education for Fukien Province, as the principal speaker. Commissioner Tiang accepted their invitation to deliver the address at their last Commencement, 1930, but two weeks previous to the date set, he was captured by bandits and was held up river for ten months. He made a splendid address this year in which he expressed his gratitude for the contribution made by the mission schools to woman's education in Fukien. He spoke especially of the place which Hwa Nan holds as leader in the educational work of the province. He expressed the hope that Hwa Nan would place special emphasis upon the following departments—home economics, education, physical education.

The charge to the graduating classes given by Bishop Gowdy was a challenge that will not be soon forgotten. He gave the graduates the key to success, reminding them that their value ten years hence would depend not upon the diploma which they hold in their hands but upon their record of service.

Ever since the government has prohibited all compulsory religious instruction in the schools, there has been a new place for the Young Women's Christian Association in the college. With the exception of the daily chapel, the Young Women's Christian Association is responsible for the religious life of the students through extra-curricular activities—such as weekly Bible classes led by members of the faculty, daily prayer meetings, etc.

A science hall is an absolute necessity in the near future. At present all

the science laboratories are in the Administration Hall. Because of the fact that China has awakened to the importance of science and also because of the number of girls desiring to take medicine, science has become very popular in college. The rooms which are now being used for chemistry, physics, and biology laboratories are too small, and besides, everybody in the Administration Hall has to be inconvenienced by many kinds of suffocating gases coming from the chemistry laboratory. The physics department is also suffering the handicap of the constant motion made by the changing of classes in the hall. Additional apparatus is also urgently needed if satisfactory work is to be given to the enlarged classes in these laboratories. A certain amount of apparatus is also one of the requirements for registration.

A noteworthy improvement during the year has been the installation of a water system which gives running water in the laboratories. Only those who have labored in our laboratories in the past years can fully appreciate what this wonderful change means to the science department.

The Hwa Nan College alumnae roll has gone beyond the one hundred mark this year. With the fourteen names from the class of 1931 added to the list, there are now one hundred six alumnae. Of these about seventy are connected with educational work in the province and southern regions. Fourteen of them are principals; five are Deans; four are supervisors of our Methodist primary schools in the districts; forty-five are teachers, five of whom are on the Hwa Nan middle school staff, three are teaching in the Anglo-Chinese College, and two, who have had advanced graduate work in America, are on the college staff; four are doctors in our mission hospitals; five are taking medical training in the Woman's Medical College in Shanghai; five are doing graduate work in America. About fifteen are married and have established Christian homes.

MRS. LEON ROY PEEL.

### Kwassui Woman's College, Nagasaki, Japan

MISSIONARY FACULTY—Anna Laura White, *President*; Adella M. Ashbaugh, Caroline S. Peckham, Helen Couch, Olive I. Hagen, Olive Curry, Esther Altman, Helen Moore.

ON FURLOUGH—Anna Laura White, Vera J. Fehr.

"Our school, Kwassui Girls School!" writes one of the college students, "Nothing could give me a greater influence than Kwassui that stands upon the green hill. Everything material and spiritual which is in Kwassui charms me, —the Living Water which runs through Kwassui, the beautiful friendliness, the green hill and the red azaleas, flowering on the campus. How blessed am I who graduated from Kwassui High School and am now studying in Kwassui Woman's College."

This past year has brought blessings untold to a fine group of students, to an unsurpassingly loyal alumnae, and to faithful teachers who have shared in the joys and blessings of this school, now fifty-two years old.

Japanese leadership has been outstanding. Mr. Okabe with absolute adherence to Kwassui's tradition of influence and staunch Christian principles has led the school as acting president in Miss White's absence.

The religious atmosphere has been wonderfully upheld by the dormitory girls who have made progress in the leadership of the city Sunday schools, Y. W. C. A., and summer conferences; of this firm foundation has been Miss Takamori, a graduate who was especially honored this year by the government for her thirty-eight years of service in the field of education.

Great joy was expressed when Miss Osaki, a graduate and teacher was one of 230 out of 600 who passed the examination into the Imperial University at Fukuoka. She is one of six women in the University.

Miss Tokunaga after study in Boston has returned to strengthen the religious education which Mr. Murata has carried on with such zeal and enthusiasm and now at the close of the year comes the news that the College Abroad Movement will make possible the college wing. The building used by over 300 high school girls and the chapel completed five years ago was as a bird with a broken wing. How much higher Kwassui's influence will be able to soar with the other wing which 150 college girls are eagerly awaiting.

"We who grow in this blessed school of love must thank God and pray that this school will flourish more and more."

VERA J. FEHR.

## UNION COLLEGES

1930-31

### Women's College, West China Union University, Chengtu, China

The largest class in the history of the University was graduated last Spring. Out of a class of thirty-two graduates, only three young women graduated from the Woman's College because in the first years when the experiment with co-education was being made, only a small number of girls were received. Two of these recent graduates have become principals of two of our Methodist high schools in West China; one is the principal of a fine elementary school in Chengtu.

During the past year a wall has been built around the property of the Woman's College and one unit of the permanent college dormitory is being erected. A favorite evening recreation for students and teachers alike is to go to the building site to note the progress that the day has brought. The three trees planted there by this year's graduating class are all thriving and satisfaction is felt in the promise they give of being a part of the early history of the College.

Our missionaries in this College are often told that people can fairly see these college girls grow and develop from diffident and self-conscious beings to young women of poise and character, able and ready to assume responsibility. It has therefore been hard to refuse practically all applications for entrance and it will be a glad day when the additional dormitory accommodations will be ready for occupancy.

Aside from other University courses, increasing opportunity has been given many of the girls to have organ and piano lessons as well as instruction in voice. Very gratifying results are realized in their musical ability. There has also been a noticeable development in interest in dramatics this past year, as well as oratory and debate. One young woman was awarded second place in the oratorical contest last Fall. She was one of eight contestants, the other seven being young men. Four of these college girls had places in the debating teams and filled their places with credit to themselves and the College.

One specific thing for which they have been working this year has been a spirit of worship. It has been thought that worship has come to mean much more, now that a small room has been set apart for this one use. During the New Years holiday the girls in the school, of their own accord, met each morning in this quiet place. All year such services have been held before daybreak every other Sabbath morning.

Truly this College is developing growing girls into Christian women.

**Ginling College, Nanking, China**

**METHODIST REPRESENTATIVES ON THE FACULTY**—Cora D. Reeves (on furlough), Harriet M. Whitmer.

The academic year of 1930-1931 has been described as "the calmest in ten years." The event of major interest was the achievement of government recognition. It carried with it no compromise in the Christian character and spirit of the college and is proving to be of distinct advantage. Of the eighteen young women who were graduated in June, 1931, fourteen entered educational work, mostly in mission schools. All were Christians except one or two.

In September, 1931, the college opened with an enrollment of one hundred ninety-one, the largest in its history. Dormitory space, which was extended to include two verandas, is taxed to the utmost, and there is a list of young women waiting to be admitted. Of the total number of students, one hundred thirty-nine are Christians. Thirty-one are members of our church, the group leading, as usual, in denominational representation.

It was a joy to welcome to the faculty some of Ginling's own graduates, well prepared by study in America. A few Americans have been added to the faculty. Mrs. Thurston is filling an important place as adviser and is giving special attention to the building program. She has won praise from all by the splendid way in which she is fitting into the new situation. A member of one of the cooperating Boards who recently visited Ginling is quoted as saying that he felt that the teachers who had been sent from America were unusually well qualified for the work in the college. On asking the students what had influenced them most, their reply was that it had been the personal lives of the faculty.

The most important problem facing the administration is the housing situation as it relates to both faculty and students. In May, a financial appeal to friends in China was planned, with the hope of beginning building this fall, but flood conditions and attendant suffering and need made it impossible. However, hope is entertained that construction may be undertaken in the spring of 1932, the new buildings to be ready for occupancy in the fall of 1933.

In October, the college had the pleasure of entertaining Colonel and Mrs. Lindbergh. As the Smith College Student Christian Association makes a large annual contribution to Ginling and as the central building of the college group is the gift of Smith alumnae, the visit of Mrs. Lindbergh as a Smith alumna was of special mutual interest.

Flood relief and the Manchurian situation have engaged a large part of the attention of students and faculty. While there has been a great deal of excitement among students in all parts of China over the political problems in Manchuria, Ginling young women have displayed a poise and restraint that is genuinely Christian. Through study and discussion they have tried to come to an intelligent understanding of the situation and through prayer and faith to achieve reliance upon God for help in what otherwise seems hopeless.

With a clear vision of the place of Ginling in the new China and in her Christian church and with steadfast faith in the supporting agencies in this country, those who carry the burden of responsibility are formulating plans for the expansion of the work and the influence of the college and for an increased number of friends of Ginling in America.

1930-31

**METHODIST REPRESENTATIVES ON THE FACULTY**—Frances R. Wilson, R.N., E. Florence Evans, R.N., Mollie E. Townsend, R.N., Cora E. Hoffman, R.N., Julia E. Morgan, M.D.

This school year was unique in the record of the period covering the last several years, being undisturbed from within or without. Madam Yui, dean of women, says, "One of unexpected success and joy, following the tragic fighting between the North and South in the summer of 1930."

The year opened with ninety-three students of whom fourteen were women. In addition there was a goodly number of pharmacy and technician students.

A number of minor changes and improvements were made in the school building and hospital. The land for the new hospital has been walled in and is to be used by the Rural Institute as a children's playground until needed for the building. Due to the most rigid economies, increase in receipts by raising hospital fees and price of drugs and a part of the grants for support being remitted in gold instead of local currency, the deficit on the previous year was cancelled and the year closed with a surplus.

The teaching staff number about thirty-five and about half Chinese. A number of vacancies in department heads await the finding of properly qualified persons. Among them is the health department.

Under the leadership of staff members, assisted by a nurse, and the supervision of Dr. Anna Scott, a group of volunteer fourth year students have begun some public health work and rural education in near-by villages. The pediatrics department took as its part the health supervision of a school.

The hospital has served more than eighteen hundred in-patients. New out-patients number seventeen thousand and total out-patients over sixty thousand. Forty-five nurse pupils have been in training. Eleven graduates went out into service,—eight in hospital positions, two into public health and one into school nursing.

The spirit in the whole university has been fine, and friendliness and cooperation between students and faculty and administration all that could be desired.

Attendance upon chapel services and Bible classes, retreats and other religious activities were gratifying evidences of the strong religious life. As many as ten Bible classes sometimes were meeting at the same hour on Sunday. Nineteen per cent of the total student body (282) are Christian.

Among the members of the International Friendship Club who made a visit to Japan in the summer were three women. They were especially interested in Dr. Kagawa's work.

Negotiations for the registration of the University are again going forward, with better hope of success than formerly.

Cheeloo gives us great hope and promise for the future. It was a great delight and inspiration to meet Madame Yui and observe her life and leadership in Leonard Hall. She is a queen among women. She says: "It has been such a joy to have a share in this great enterprise. The most joyful thing is to see our women students preparing themselves for a great future. There are many women in China whose unfortunate lives are waiting for trained Christian leadership. We expect the women of Cheeloo to be prepared to meet this need."

### **Yenching College for Women, Peiping, China**

METHODIST REPRESENTATIVES ON THE FACULTY—Camilla Mills, Mary Katherine Russell.

ON FURLOUGH—Ruth L. Stahl, Monona L. Cheney.

Discussion at the pre-sessional conference of the faculty and officers in September, centered around "Yenching Ideals" as stated by the president. He said in part "In spite of all the confusion in China, one thing is radiantly clear, and this is that we do exist and can exist only by the maintenance of our distinctive Yenching ideals. Without these, there is no real reason why we should continue to function at all. Without these, most of us would not care

to be working here; there would be no continuity with our past heritage; no consistency in our various relationships; no rational hope for the future.

"In the most literal sense it can be said that we live upon our ideals. The institution has been largely created out of these and owes them such measure of achievement as it has now attained. Our internal harmony and mutual helpfulness; our success in relation to our students and the Chinese nation; our only hope to further financial resources, all depend on our ability to live according to the standards and objectives we have set for ourselves."

In the most literal sense it can be said that the University *lives* its ideals, and because it has been willing to sacrifice everything, even its physical life for them, it continues to live as an institution.

The life of the school was seriously threatened at the beginning of the year. The consummate tact and wisdom of the administration and the sense of justice and the good common sense of a majority of the student body, which in the end prevailed, combined to avert the disaster.

The registration was large—about capacity limit for the men and exceeding that in the Woman's College. By ingenuity 229 were crowded in. There were fifty-five in the freshman class and thirty-two seniors.

Yenching does most of the graduate work that is done by Christian schools in China. The University reports 102 in that department this year. Ten were in the Woman's College last year. Among those receiving Master's degrees in June was one in the chemistry department who is now working on nutrition problems in one of the experiment stations of the Mass Education Movement in Shansi Province.

An experiment station for rural community organization and a training center for rural workers is the outgrowth of the intensive survey of a nearby village by the sociology department.

Through cooperation of the sociology department and those in charge of the university industrial work rooms for women, a home for destitute old ladies has been established. It can care for ten at \$50.00 each, per year.

Good works have been stimulated in other departments, among them a hymnal called "The Christian Fellowship Hymns" put out by the music department. Another achievement of the music department is the harmonizing of Chinese folk song and melodies for use in high schools, churches and in the Mass Education Movement.

The school of religion is putting out some very helpful books for use in the Mass Education Movement.

What is the finest if not the first children's library in China has been started in connection with the University primary school. This is for country children. Yenching has one of the best collections of Chinese books in its library to be found anywhere in China. In the last six years it has acquired 75,000 Chinese and Japanese volumes and 50,000 in Occidental languages.

The completion of the Boyd gymnasium, the finest in the far East, for women, is an achievement of this year. Interest in physical education has been greatly stimulated by this superior equipment for it.

Among the outstanding needs is a fifth dormitory and we are happy to report that a group of Yenching alumnae and others are hopeful of raising the needed funds in China.

The W. F. M. S. lost one of its representatives in June by the marriage of Camilla Mills of the home economics department. Mary Katherine Russell is serving in the department this year.

The resignation of Mrs. Frame who for the past eight years has served as Dean is a source of deep regret to all who know and love Yenching. But for the fact that she will be succeeded by a Chinese woman, we would be unreconciled to any change. A woman eminently fitted for the place has been found and invited. In the meantime a committee is carrying the responsibilities of the office.

MRS. J. M. AVANN.

**Isabella Thoburn College, Lucknow, India**

METHODIST REPRESENTATIVES ON THE FACULTY—*Principal*, Mary E. Shannon; *Vice Principal*, Ava F. Hunt; Marjorie A. Dimmitt, Ruth C. Manchester, Roxanna H. Oldroyd, Dorothy Speer, Isabella Thoburn, Margaret Wallace, Laura V. Williams, Margaret Landrum, Florence Salzer.

The College has had a good year. The new hostel, Nishat Mahal, or "House of Happiness," was completed in time for occupancy at the opening of the school year. The principal says it would have been tragic if all the new accommodations had been taken. "We look with gratitude upon a few rooms which will be available for expansion. One benefit we are feeling because of the added room is that we have been able to set aside a prayer room, which a group of girls furnished, and one for the use of the College Government Association as the president's office and consulting room. Everyone is most grateful for the building." Just recently the addition of two wings to Nichols Hall has been approved and the contract let. One wing will house the library and the other give larger accommodations for the science department. At a recent meeting of the Board of Directors, held in October, it was voted to approve the erection of a chapel as a memorial to Mrs. McDowell as soon as funds are available. The field has been asked to submit plans and estimates and if the College Abroad Movement is pushed to completion, some monies from this source will be available for the chapel. It is also expected that many friends of Mrs. McDowell who, through the years wrought so well for the College, will count it a privilege to make contributions to this memorial building. Those interested in the enterprise may help by giving publicity and in seeking to arouse interest in the movement.

For the first time in the history of the College it will have an exchange professorship next year. Dr. Thillayampalam's furlough is due and from April, 1932, she will go to Wellesley and Dr. Mary Austin will come to the College. It is hoped the exchange will prove so satisfactory as to encourage further arrangements of the same kind.

Academic honors for the College are numerous—first places, gold medals, scholarships—seemingly more than its share. Several thousand young people throughout the province took the Government examination at the end of the sophomore year; in the list of the twelve highest, three were from Isabella Thoburn. Theodora Thompson, to whom a McDowell fellowship has been awarded for next year, won the Viceroy's medal given for an essay on an economics subject; and the gold medal of the Lucknow University for the best essay in the B.A. examination. Another student won the University's gold medal for the highest standing in the Master of Science. She has been loaned to Madras Woman's Christian College for two years and will then come to her Alma Mater when Miss Oldroyd goes on furlough. We won second, third and fourth places in the chemistry essay contest. The president writes: "The spirit in the College is splendid. Chapel, Y. W. C. A., Bible study, social service groups, all full of jolly, earnest, lovely girls. Those who went out to conference appointments last April are making good as we knew they would. There are lots of *things* we haven't but we do have a fine group of girls more than three-fourths of whom are Christian. We have a staff almost wholly Christian and some of the finest chapel services from them that you will find anywhere in the world, besides the thousand and one ways in which they give themselves to the students. We have a beautiful growing campus, with trees getting big enough to cast shade spots and to attract the birds; and when we get the additions to Nichols Hall and the beautiful chapel reminding us more and more of Mrs. McDowell, and an assembly hall which we need almost as badly as anything, we shall sit back and sigh a sigh of content, . . . no, not even editorially will we do that. We shall by that time have thought of something else! But all the time we shall be thinking of what we can do to make this

Christian college hold its own in a rapidly developing emancipation of Indian women, and to keep it a place of truly Christian influence and growth."

The College is greatly in need of two or three additional staff members; one for the training department with special preparation in primary work; "Do look for her", the president pleads; another for science and a third for music.

ELLA M. WATSON.

### The Union Institutions of South India

**WOMEN'S CHRISTIAN COLLEGE, MADRAS**—Two hundred thirty-five graduates of the College are now scattered over South India and far beyond. The students show encouraging advance in self-government. Drills and games and lessons in hygiene are bringing about a much-needed improvement in their physical stamina.

Miss McDougall's furlough, which is due in 1932, will bring another opportunity for her to be welcomed in America. In December, Miss Mason read an important paper before the Far Eastern Association of Tropical Medicine. Dr. Stokey, who was loaned by Mt. Holyoke College for two years, gave excellent service in developing the department of botany.

A legacy of five hundred pounds from Dr. George Pittendrigh, who was an active friend of the College from its inception, has been set aside for the endowment fund.

**MISSIONARY MEDICAL SCHOOL FOR WOMEN, VELLORE**—The seventy students come from nineteen districts or provinces. Fifty-nine are Indian Christians, nine non-Brahmin Hindus, one is a Mohammedan, and one an Anglo-Indian.

Through the cooperation of other institutions and hospitals, the students have opportunity for valuable instruction outside. Thus, opening of the Leper Settlement, Chingleput, to the senior students enabled them to prepare for treating the lepers frequently met in the roadside clinics. The gift of an ambulance and of money has made it possible to hold clinics on a road that has, for years, been pleading for help. A magic lantern serves to make the gospel message clear.

The hospital has had a steady increase of patients in all departments. There are thirty-eight nurses in training. Nurses conduct evening prayers and Sunday services in each of the wards. The new buildings are winning appreciation for their beauty and utility.

**ST. CHRISTOPHER'S TRAINING COLLEGE, MADRAS**—The Training College holds an important position in a Christian educational system because the Indian Educational Department requires college graduates to have one year of teacher training before they can obtain a teacher's certificate. The possibility of getting this training in a Christian atmosphere means much for young women who will be influential with school children. The College has been receiving many more applications for teachers than there were students to fill the posts. The training of Christian girls of high school grade in a two-year course has proved advantageous in various ways. The Director of Public Instruction made appreciative comments on the report on the inspection of this department of secondary training. A cyclone in December wrecked some of the rooms occupied by students, who were obliged to camp out for the rest of the term.

Chief among the needs are a site with buildings owned instead of rented, and a demonstration school under the control of the College. It is hoped that a plan now under consideration may supply these basic necessities.

MRS. GEORGE A. WILSON.

### Woman's Christian College, Tokyo, Japan

W. F. M. S. REPRESENTATIVES ON THE FACULTY—Myrtle Z. Pider, Dora A. Wagner.

An attractive Library Administration Building has been completed this year. It will be the center of many activities as it provides, in addition to the library and the administration offices, a number of lecture rooms, social rooms, a cafeteria in the basement and roof gardens from which can be seen the beautiful Tokyo plain, ranges upon ranges of mountains, and above all the peerless Mt. Fuji.

The College now has 493 students enrolled, making it the largest woman's Christian college in all Asia. Educationally it ranks first among the higher institutions for women in Japan. Students from all parts of the empire seek to enter its doors. As a Christian institution it strives to live up to the purpose for which it was founded—the creation of an educated Christian womanhood. Already more than 600 young women have been graduated, the vast majority of whom are trying to put into life the ideals for which the College stands. Many have established Christian homes. A large number are teaching in government and mission schools, their ability, originality and resourcefulness in this work winning high praise. Some of our graduates are holding positions of influence in the Y. W. C. A., the Christian Literature Society and in various forms of church work. Three are working in the slums of Tokyo and Osaka, one is a prominent leader in the W. C. T. U., one is head of a bureau in the Salvation Army, and two are working for defective children. In many ways these graduates are living Christ-like lives among their people.

The most pressing need of the College is a chapel-auditorium as a fit center for the religious life of the students and the College community. Another dormitory is also greatly needed. An additional \$3,000 for the current budget is urgent.

### Ewha College—Seoul, Korea

METHODIST REPRESENTATIVES ON THE FACULTY—Edna M. Van Fleet, (Acting President to February). Alice R. Appenzeller, *President*, (Returned in February) I. Catherine Baker, Marian L. Conrow, Jeannette C. Hulbert, Harriet P. Morris, Blanche H. Loucks, Salena Raney, Grace H. Wood, Mary E. Young.

In the summer of 1930, Dean Helen Kim, of the college, came to the States to study. It devolved upon Dean Edna Van Fleet of the Kindergarten Training School, to assume her duties. As she was already serving as Acting President of both schools, during the absence of the president, a weight of responsibility of all but impossible dimensions rested upon her.

Miss Alice Appenzeller arrived in February, 1931, from an extended furlough to resume her duties as president. She says concerning Miss Van Fleet's service, "With wisdom, tact and grace she administered the affairs of both schools which live together in the cramped Ewha quarters, developing a more effective working organization than ever before."

The three departments have been thoroughly organized and the administrative heads and their committees now carry a goodly share of responsibilities formerly resting upon the president alone.

*The Literature Department*—Mrs. Velma H. Maynor, of the Methodist Church South, is head of this department. In April, sixty-one students enrolled. As the graduates receive government recognition as teachers of English in high school, English constitutes a large part of the work. Other subjects are added however, which broaden and enrich the lives of the girls and prepare them for service among their people. Mrs. Maynor says: "Our faculty

members are scholarly in their work and Christian in their living. Their interest in the students is both intellectual and spiritual."

*The Music Department*—Miss Mary E. Young, head of the department came on furlough in June. Miss L. Catherine Baker, the acting head, stresses the ever-increasing problems growing out of the normal healthy growth of the college in each and all of its departments. More girls call for more equipment and adequate housing facilities, for both is the emergency need.

Music has ever been a leading feature at Ewha, and one can see its effect upon the cultural life of Korea. "Korean Folk Songs, Vol. I," a book of "Technical Musical Terms," and one of "Preparatory Studies for the Piano" are among the contributions of the department this year.

The ultimate goal of this department is identical with that of all others, viz., "in each individual student the attainment of the noblest character, which finds its ideal only in Christ."

*The Home Economics Department*—Since the opening of this department in April, 1929, with thirty-two students, it has increased by leaps. It now leads the departments in point of numbers, having seventy-four majoring in Home Economics.

Miss Hamna Kim, thoroughly trained in her field, and a fine executive is the head of the department. Miss Harriet Morris is her American "co-pilot" for this new adventure.

Dean Ava B. Milam, of Oregon State College, who has done more than any other person to stimulate interest in this practical phase of education in the Orient and to establish the courses in our women's colleges, gave a number of weeks in the early fall (1931) to Ewha. She says: "I must tell you that it is a great inspiration and encouragement to me to see what has already been accomplished in this department through the earnest efforts of the Home Economics staff.

Bishop Baker says that in his judgment the establishment of this department is the biggest single thing done in our women's work in Korea in recent years, the unprecedented growth indicating the eagerness of Korean girls for this very practical training which will make such a difference in Korean life.

Miss Shinsil Kim is directing the physical education while Miss Stover is furloughing and doing it with efficiency and in a fine spirit, despite difficulties. Its values to Oriental girls can hardly be appreciated by the more favored women of the Occident. One tennis court constitutes her whole athletic field! This and every other phase of college life is bursting the fetters that cramp its body and hamper its growth.

It is nothing short of tragic that the campaign for the necessary amount of money to make room immediately for this growing young institution which is absolutely vital and essential to Korea, should be slowed down by the pinch of economic conditions in this country.

On the occasion of the arrival of Miss Appenzeller and Miss Blanche Loucks who returned with her, much favorable publicity was given the college in various ways. For the first time the leading Korean daily published an editorial commending Ewha and urging cooperation in the plans for a new plant. One of the lovely features of Miss Appenzeller's welcome was the presentation of a check for \$103, at the first chapel service, which the girls had earned by giving concerts during Christmas vacation. There is enthusiasm and a willingness to work and sacrifice over there which should inspire us to similar effort.

Dr. Helen Kim received her degree from Columbia at the end of fourteen months. Since September first she and Miss Van Fleet have worked together in the interest of the college, and though the building fund has not been greatly increased, many good friends, new and old, have been cultivated and stimulated. As Dr. Kim sails for Korea at Thanksgiving time it is in the confidence that we in America will not fail Ewha.

Last March eighteen girls were graduated, and all were placed in some

useful work—a thing to the credit of Ewha in such a time of unemployment. Their spirit of service, their eagerness to help their people, and the marked change that their influence is having on Korean womanhood is the greatest reward that all who love Ewha can have, whether they work in the college or for it in America.

"If we ever lose heart, we're going to ask to come to Korea. It always helps our faith to come here." These were the words of Mrs. Sherwood Eddy on a visit to the college in the fall.

*The Kindergarten Training School*—Although as yet the above named institution is a separate school and not a department of the college, it has the same board of managers and the same president. The affiliation is close, and logically it seems properly to belong in this report. Miss Edna Van Fleet, the Dean, came on a belated furlough in June and Miss Charlotte Brownlee is acting dean.

This school gives a two years course. In the two classes there are fifty-six girls. Miss Brownlee says "without doubt the finest we ever had."

The event of the year was the return of Unsook Saw with an M.A. degree from Columbia—the first Korean girl to receive kindergarten training abroad. One Y. M. C. A. worker who has traveled all over Korea said: "The kindergarten workers are doing the most constructive work that I saw anywhere."

MRS. J. M. AVANN.

### THE CLOTILDA LYON McDOWELL FELLOWSHIP FUND

Honoring Mrs. McDowell on her retirement from the presidency of the Woman's Foreign Missionary Society in 1921, the Clotilda Lyon McDowell Fellowship Fund was established for the purpose of enabling a limited number of carefully chosen young women students of our mission schools to have advanced training in their own countries or in America.

It is preferable to make grants from the fund for graduate work in the native land of applicants, if such courses as are desired are being offered in our Christian colleges or universities in that land.

Believing that it is undesirable for one who expects to serve her own people to be away from her native environment for an extended period of time, the applicant if she is to study in America, must agree that the entire length of her sojourn in America will not exceed two years.

Note: The equivalent of an A.B. degree from an American college not being available in Korea and Japan, this regulation shall not apply to applicants from those countries.

#### Statement of General Requirements

(a) An A.B. degree or its equivalent, except in those countries where there are not facilities for securing that amount of college work, in which countries applicants must have taken the most advanced courses available.

(b) Three years of successful experience in the service of the Church.

(c) The indorsement of the officers of the school or schools in which she has studied, the institutions in which she has served, the Bishop of the area, and the unanimous recommendation of the Field Reference Committee. In conferences where there are no nationals on the Field Reference Committee, the committee shall secure the recommendations of three representative nationals who are members of the conference and acquainted with the applicant.

(d) The spiritual qualifications and the personality required for effective Christian leadership.

(e) Physical fitness to give promise of a long continued period of service.

Note: The same medical report blank is used for McDowell Fellows that is

used for Woman's Foreign Missionary Society missionary candidates, to which has been added an item on trachoma from which the applicant must be free.

(f) A guarantee of funds for all travel expenses including that from her home to the place of study and return, and all personal expenses such as clothing, incidentals, living expenses during vacations, etc.

### **Financial Plan**

The fund of five thousand dollars is available annually for fellowship grants in amounts necessary, but in no case shall a grant to one person exceed one thousand dollars for one year. The Fellowship grant is to be used exclusively for school expenses, including board and lodging. When possible, tuition scholarships and other concessions are secured by the Committee on Foreign Students in America.

The fellowship is looked upon as a loan to be repaid, not in money but in more efficient service. The applicant agrees to give to the Society two years of service, at usual salary, for one year's study and four years of service for two years' study.

### **Procedure for Securing a Fellowship**

Young women meeting the above-named requirements who desire to make application for a McDowell Fellowship will file their names as candidates with the Field Reference Committee in their respective conferences. It shall be the duty of the Field Reference Committee to give careful consideration to all such candidates at the last regular meeting of the committee preceding the General Executive Meeting of the Woman's Foreign Missionary Society; in October, at which time, from among those presenting their names, one may be chosen for recommendation to the Society.

Through the official channel (Field Correspondents and Official Correspondents) the names of candidates recommended by Reference Committees shall come to the Foreign Student Committee not later than the first day of the Foreign Department meeting preliminary to General Executive Meeting.

Application blanks for recommended candidates will be forwarded immediately following the General Executive Meeting, by the Foreign Student Committee to the Field Correspondents who will see that they are properly filled out and returned. All papers required must be mailed back early enough to be in the hands of the Foreign Student Committee by April first.

Awards of fellowships or partial fellowship will be made at the mid-year meeting for the school year beginning in the summer or fall of the next calendar year. Awards are made on the basis of general fitness, as interpreted in the statement of requirements, and of a proper proportion from each of the countries represented in the applications submitted. If a McDowell Fellow desires to study a second year, a renewal of the Fellowship will be considered at the mid-year meeting prior to her second year of study and award made based upon a satisfactory record during the first year's study.

The action awarding a fellowship to an applicant from a conference shall be included in the first official letter following the mid-year meeting. A formal acceptance or non-acceptance of the fellowship should be sent by the one to whom it has been granted, to the chairman of the Foreign Student Committee. The correspondence involved in arranging for the period of study, including choice of school, if it be in America, shall be carried on by the Foreign Student Committee and no plans shall be made from the field without conference with the committee.

A candidate who fails in securing a fellowship for the next following year because there are more applicants than fellowships to be awarded that year, or for other reasons, and who wishes to renew her application for a subsequent year, must repeat the process of application from the beginning.

**The Counselor**

For each holder of a McDowell Fellowship, a carefully chosen woman residing in the place in which the McDowell Fellow is living, is appointed as counselor by the Committee on Foreign Students. She is responsible for the housing, chaperonage, and general welfare of the student, acting in the capacity of friend and adviser to the Fellow in all matters, including school problems.

The counselor shall report twice a year to the committee.

## CHRISTIAN LITERATURE FOR WOMEN AND CHILDREN IN MISSION FIELDS

The committee has had a very prosperous year. The offerings from the Day of Prayer throughout the country totaled more than \$5,000, indicating the enlarging interest in this vital branch of our work.

The *Treasure Chest* in India, not only grows in favor with its English speaking readers, but now has virtually eight vernacular editions, the latest being one in Burmese, the money for which was given as a memorial gift for the late William A. Montgomery.

The *Woman's Messenger* in China has been conducted in Miss White's absence, by Miss Guan Feng Li and is keeping up its high record, though it has not yet reached the number of subscriptions which it enjoyed before the disturbances.

Mrs. Donald McGillivray is just returning to China after a furlough. Her honored husband was taken to his reward before they arrived at home. She continues *Happy Childhood*, which has also been under the supervision of Miss Guan Feng Li. The Committee names both of these workers as members of the Christian Literature Society of China.

A new venture is the Korean children's magazine, to which the committee gives \$350 a year and the African magazine which, edited and published in England, received from us \$1,000 a year, in a three-year pledge.

The \$500 which was raised in California and paid through this committee as a memorial for Mrs. Lena Leonard Fisher is devoted to the Bengali edition of *Treasure Chest*.

A similar gift of \$350 from the Minnesota School of Missions is a memorial to Mr. George E. Young, the founder of this interdenominational conference. It is to be devoted to the translation into Japanese of "An Adventure in Prayer" by Mabel Thurston.

Latin America is being helped through a grant to *Guia Del Hogar* in Argentina and also to *Antorcha Misionera* in Mexico City.

Apparently this committee is making a wide impression, for calls come to every meeting for funds far beyond the ability of the committee to grant, though we are grateful to report an increase of receipts, the budget being approximately \$10,000 a year.

The chairman of the committee, Mrs. H. B. Montgomery, presented her resignation at the meeting in October on account of a serious illness. She has devoted a great deal of time to this committee and her resignation was accepted with expressions of deep regret.

Another feature of the committee work has been the publication of books. Gifts of \$75 were given for Kanarese literature, such books being issued in the vernacular with the help of small sums from \$10 up to \$50, which with local resources, enables the missionaries to publish a good size book in paper, and from \$250 to \$300 for larger books, such as the translation of "Little Lord Jesus" into Korean, for which the Committee provided \$115. A most urgent call has been received for a Christian magazine for children in Egypt, which could be well started with a gift of \$1,000.

Respectfully submitted,

CLEMENTINA BUTLER,  
*Representative of the Woman's Foreign Missionary Society.*

## HOME BASE ACTIVITIES

1930-31

All Branches have felt the depression and the general unsettled condition of the country, some a little more than others. But in all Branches our women have rallied to the call to service in a heroic and marvelous way.

We strove for an intelligent membership by offering to every member the "key to knowledge"—the opportunity to learn through our periodicals and textbooks. Founders' Day was this year Friend Day and was widely observed throughout the Branches. The total subscription list remained more nearly stable, even in this year of terrific financial strain, than it has for several years past. Over 19,000 textbooks for auxiliaries and young people were sold by our depots of supplies and over 3,300 junior textbooks. The Branches participated in twenty-one interdenominational summer schools and in seventeen Methodist summer schools.

We endeavored to train our leaders and turned our district meetings into real district schools in which with much fun and jollity much needed information was passed on to auxiliary officers. The young people's department with the starting of its Workers' Training Course has begun one of the most effective pieces of work ever done in our Society. Eight hundred forty took the course last year and many of these were leaders of women as well as of young people.

We tried to enlarge our forces by securing "birthday members." No accurate report is kept of these various membership campaigns which last for a year only, so we cannot give a full report, but 9,770 new members were reported by six Branches. On Founders' Day we asked a birthday gift from the auxiliary of a zero removed. This effort, together with the regular work of the extension department, secured the removal of 595 zeros.

However, in spite of these splendid gains, since the pocketbooks of members not vitally interested were touched, in some cases even flattened, by the hard times, more members failed to continue their dues than the number of new ones entering the ranks. Minneapolis Branch alone was able to report a net gain in members and that Branch suffered even more than most from drought and grasshoppers as well as from the general distress of the times.

Sustained loyalty was urged and through the building of the Altar of Service each auxiliary was asked to show its loyalty. How the women did rally to this challenge! The altar could not be completed unless the appropriations were met. Hundreds and hundreds of faithful auxiliaries finished their altars against what odds we shall never know. No record was kept but we are sure there were thousands of auxiliaries that completed their Altar of Service and many, many placed a gift in the chalice.

This gift was an over-and-above gift for the College Abroad Movement. This Movement was directed by Mrs. H. B. Earhart. She called to her assistance Mrs. Grace Nies Fletcher. Mrs. H. M. Le Sourd, Mrs. Dorr Diefendorf and Mrs. F. H. Sheets were also members of the national committee.

The general report of this Movement for the past year is given elsewhere but special news from the Branches follows:

*New York Branch*—An extensive publicity campaign was carried on. This Branch used more than 1,100 College Abroad posters, 2,000 rainbow leaflets, 16,000 pot of gold envelopes, besides special golden bowl slips and post cards sent out to bring in the last minute results. The Branch raised \$16,751 and hopes to complete its quota of \$18,700.

*Northwestern Branch* reports a total of \$22,200 raised, 150 College Abroad Circles formed, 160 rainbow parties given and the project presented 45 times to district, conference and other groups.

*New England Branch* has still a fairly large number of rainbow teas scheduled for this Fall and reports two-thirds of its quota raised.

*Minneapolis Branch* stands alone in having met more than its quota, in large part through a special gift to West China Union University. The movement has been a great inspiration to the Branch and has helped to lift the thoughts of the women at a time when the outlook was depressing. \$16,217.25 was raised.

*Topeka*, in spite of the depressing conditions in the agricultural states, reports hopefully of publicity given and feels that "good seed" has been sown and that the harvest will come when the depression is over.

*Pacific Branch* reports \$2,333 raised with more coming in. Nine thousand rainbow leaflets were used and 18,000 pot of gold envelopes. Fifty-six rainbow parties held, the Movement presented over 350 times to auxiliaries and young people's societies, and five circles organized.

*Columbia River* reports \$1,740.88 raised, with the hope that their quota will be fully met. Eighty-two teas were given. At least 19 of these teas were given by women who had not before been interested in our work.

*Baltimore Branch* this year celebrated its own Sixtieth Anniversary and took for the object of its anniversary gifts this College Abroad Movement. This Branch had its own anniversary device for raising this money. They lighted candles in honor of the celebration, each candle representing an individual gift of from 60 cents to \$100. Four thousand one hundred sixty-eight dollars and seventy-one cents was raised.

The Branches not mentioned here were unable to participate heartily in this movement because of previous financial obligations, since this was almost entirely an "over and above" effort. But all Branches did participate. The news of our colleges seemed to stir a new interest and many young women not interested hitherto in our work have given time and thought, happily and cordially to the rainbow teas and to helping raise the money. If we can hold the friendly interest of these young women, we shall have accomplished great things for the work.

Total amount raised was \$92,632.77. Two hundred sixteen circles were reported. The campaign is not to close until December 31st.

Total receipts for the Society for the past year were \$2,085,112.23, a sum that shows the loyalty of the workers and the certain leadership of Him whom they follow. So many banks failed that one Branch reported that they no longer spoke of bank failures, taking them for granted. Sometimes a bank failed after the checks had been put into the mail for the Branch treasurer. One conference lost its whole fourth quarterly payment that way. Of course we expect some of this money to come back some time, but these hopes did not help the work for this past year. However, all appropriations were paid to the field, as the general treasurer is able to carry the deficits which only three Branches had to report. Favorable exchange rates in China helped much in making these payments possible. Again honor goes to Minneapolis Branch as that was the only Branch to report a net gain in total receipts over last year.

How have the women of this Society been able to make such a record this past year? Through God's help and in large measure because they recognize that they are Christian stewards.

The eleven Branch stewardship secretaries have carried on in a fine way the past year. Each has kept in close touch with conference secretaries, and has cooperated with the Executive plan of using "Tellable Tales" at all sorts of church meetings.

*Topeka Branch* secretary combined her tales with chalk illustrations, at Tulsa, where she lives, and at their Branch meeting.

*Cincinnati Branch* reports an enjoyable round robin letter; their award for the best stewardship demonstration was divided between First Church, Canton, and Lancaster.

*New York Branch* reports that the theme was presented each morning at the summer school and that one district sent out 500 copies of the stewardship devotional leaflet.

*New England Branch* secretary sends each month an aim or suggestion to be presented at the auxiliary meeting, and reports interest growing.

*Des Moines Branch* secretary has a stewardship seal, which she loans for program use. Mrs. Oner S. Dow worded the seal and that makes it very precious to all who knew her beautiful life.

*Minneapolis Branch* reports that five minutes at each auxiliary meeting is given to this theme.

*Columbia River Branch* tells of one Sunday evening when "Tearable Tales" was used—three young people, the pastor and his wife participating.

*Baltimore and Pacific Branch* secretaries are also scattering literature and doing their part to lift the level of giving to a fine art.

*Northwestern Branch* secretary has her message in the *Friend* each month and so helps all Branches.

*Philadelphia Branch* has a missionary as her secretary who says her work has been characterized by cooperation, devotion, wise planning and industry on the part of all her conference secretaries.

The report of the extension work for 1930-31 is as follows: extension members—42,637, three Branches having made a new gain of 546. Two hundred ninety extension members became active and twenty-five extension circles became auxiliaries. Forty missionaries and four nationals are supported by this department. Five hundred ninety-five zeros were removed. Idaho Conference has become zeroless. Four thousand six hundred fifty-two dollars is a partial report of special gifts through this department; \$1,140 came in through mite-boxes and \$2,547.12 from the sunshine bags.

*Changes in Officiary.* We are grieved to be obliged to report the death of Mrs. William Frazer McDowell who was president of the Society from 1908 to 1921 and vice-president from 1921 to 1930. Mrs. N. Walling Clark, the editor of the *Junior Missionary Friend* from 1920 to 1931, was also taken by death during this year.

Mrs. F. J. McConnell because of illness is forced to give up the heavy duties of chairman of the Foreign Department. Mrs. Dorr Diefendorf becomes chairman of the Foreign Department and Mrs. McConnell becomes a vice-president-at-large. Mrs. James H. Lewis becomes editor of the *Junior Missionary Friend*. Because of illness Miss Emma L. Sinclair, corresponding secretary of Northwestern Branch since 1913, was obliged to resign. Mrs. F. E. Baker has been elected in her place. Mrs. Randolph S. Beall, corresponding secretary of Des Moines Branch since 1918 also resigned because of illness. She is succeeded by Mrs. Otis Moore.

Facing the future with faith, with hope and with unabated courage our women expect to go "Onward" this next year, by the path of "Simplicity and Sacrifice," a little nearer to the completion of the task given them by their Lord. The appropriations for 1931-1932 are \$2,178,845. "This total, \$93,000 over the receipts of this past year, is indeed a challenge to faith and courage."

MRS. F. H. SHEETS, *Recording Secretary, of the Home Department.*

It is a striking fact that there are in the present offerings in colleges today more than 3,700 semester courses dealing with international affairs in some aspect or other. When we go to campuses with our missionary message we do not meet a group of students unacquainted with work in foreign countries but one sensitized to world problems and needs. This growing interest in and study of international affairs makes our missionary appeal particularly timely.

In the interests of the College Abroad Movement the national student secretary visited sixteen colleges this year and found a ready response not only to the movement itself but through scores of interviews students gave evidence of deep and serious thinking along the lines of missionary service both at home and abroad. The visits of Branch student secretaries in colleges total over fifty and from all come reports of enthusiastic response on the part of students. The task of working with college girls grows more alluring, challenging and productive each year.

Our College Abroad Movement has added impetus to student interest in specific colleges abroad. College girls all over the United States have given our rainbow teas and write back to us begging for more programs of missionary outline to use in college groups and in the World Fellowship Departments of the Y.W.C.A. In this year of depression over \$20,000 has been reported to us in gifts of the American colleges to sister colleges abroad.

The Kappa Phi Club raised approximately \$500 for colleges abroad, which indicates a real interest in missions on the part of the oncoming generation of girls. This Methodist girls club is already furnishing leadership to the church at large, as indicated by the fact that some of these girls acted as general chairmen of the College Abroad Movement while others are acting as presidents of local auxiliaries.

The student department has sent representatives to important conferences and meetings this past year as follows: four summer Y.W.C.A. conferences; the Conference on the Cause and Cure for War in Washington, D. C.; and the Woman's Foreign Missionary Society General Executive.

One hundred candidates have applied for foreign service through our department this year. This recruiting has been done largely through the 125 student center chairmen. Two of our Branches are employing special secretaries who give their time entirely to the work of visiting colleges. Mrs. Richard Bolt who is helping in this department with the foreign students, reports over 1,800 women foreign students studying in American universities this year. In May and June many hundreds of them received the degrees and have left America, perhaps in most cases not to return to our shores again. What lasting impression have they received as a result of influences surrounding them in this country? There is nothing more important to Chris-

tianity around the world than what happens to the Oriental students while they are here in so-called Christian America.

The secretary of this department has constant contacts with the student missionary programs of other agencies. The Federated Student Committee, composed of student secretaries of all the denominations, meets in New York three times a year. The committee on the Preparation and Selection of Missionaries of the Foreign Missions Conference of North America, on which our Society is represented, is performing an important service. We also have representation on the Student Committee of the Federation of Women's Boards and on the Foreign Student Committee of the Y.W.C.A. While recruiting and preparing students for foreign service is an exceedingly important responsibility, this department will continue to hold as its primary objective the enlisting of leadership for auxiliaries in the local churches from the young women who are now attending college.

Reports from the Branches contained this statement—"We have worked harder than ever and feel that losses are only temporary." Visualize the happy interest of 57,596 young people of our church working to aid in the program of the Woman's Foreign Missionary Society. Eight hundred thirty-four of these are honorary members, although boys are included in the Standard Bearer groups. Sixty-two societies with a membership of 1,824 were graduated to the senior department. In spite of their loss and some societies which disbanded, there was a net gain of 146 new societies. Baltimore Branch made the highest per cent of these gains.

There was also an increase in Friendship Teams bringing the total to 201. Thirty-six junior societies were organized by these teams.

As a further proof of activity and interest, there is an increase in the number of societies working the Mystery Missionary Mother plan. One thousand three hundred twenty-one societies reported using this means of developing the sympathetic interest of the girls. Five hundred twenty-seven banquets were reported; Minneapolis Branch leading in this activity.

Emphasis upon attendance at summer schools of missions is growing. Three thousand of our young people attended last summer. Des Moines Branch reported the largest attendance, leading with 1,590. These conferences are a fruitful source of leaders and always directly result in some new societies.

An increased number of rallies and week-end conferences have been held. In this, New York Branch took the lead with ninety-six. A little over one-fifth of our total membership are reported in the total attendance.

It is interesting to note that 5,137 subscribers to the *Woman's Missionary Friend* and 1,139 to the *Junior Friend* are listed besides an additional 3,922 who read the *Friend* to which someone else subscribed.

Des Moines Branch won the national award for the highest per cent of points attained in the Standard of Excellence. These points cover increase in members, in money, in use of study programs, stewardship, and attendance at special training institutes.

The one hundred missionaries of our department receive no more whole-hearted adoration from any other source than from our young people. When we remember that high school girls have small incomes, it is gratifying to see that the average giving per capita was \$2.65. This is an average of only twelve cents a member less than last year. The total giving for the department was \$151,902.66. Of this, \$42,831.95 was designated for Thank-Offering, Christian Literature and Library Service. Philadelphia Branch young people gave the highest per capita Thank-Offering, and Baltimore Branch young people the highest per capita average of the total giving.

We were happy to co-operate in the College Abroad Movement to the extent of taking Hwa Nan, Ewha and Kwassui Colleges as the special object of our Thank-Offering this past year.

The international correspondence project stimulated a hearty interest on the part of our girls to become better acquainted with girls in other lands by writing letters. We are very much indebted to the missionaries who have helped by making these contacts possible and guiding the project by their advice. The most important outgrowth of this plan is a consciousness on the part of our girls of the responsibility they have to represent a clean, stalwart, Christian American girlhood to girls of other lands. Cincinnati Branch was outstanding in this activity. A friendship chain was made from these letters at Baltimore Branch meeting. An international story telling contest was popular in some Branches. One condition of this contest was that these stories should be taken from Woman's Foreign Missionary Society literature.

A missionary in Korea noted that her girls wished addresses of American girls as they were so interested in this plan.

Wherever missionaries have requested, copies of our promotional material have been sent gladly. Several textbooks, ten Blue Prints, four copies of the training course and leaflets have gone to Standard Bearer missionaries at their request. We hope to do more along this line.

Emphasis this past year has been placed on training leaders. Eight hundred thirty-seven took the first term of the "Missionary Workers' Training Course" conducted during the winter, by correspondence, through the Branch young people's superintendents. New York Branch had the largest number of students and Topeka Branch was second. A second term will be new this year.

"What to do with the Group" written by Miss Alice Smith is a new leaflet of instruction for district and local counselors, particularly helpful to those new in the work. The Alpha course is a set of programs for the first six meetings of newly organized societies.

Just as mothers look forward to the lives of their daughters to fulfill all the unattained longings of their dreams, so we look to our missionary daughters to carry on. It must be by *their* efforts that peace, world friendship, and the brotherhood of man in Christ Jesus must be made into realities from the faith substance of our dreams.

MRS. J. C. SHOVER,  
*Secretary of the Young People's Department.*

## JUNIOR DEPARTMENT

### Branch Superintendents

NEW ENGLAND—Miss Elsie E. Searle, 189 Lowell St., Methuen, Mass.  
 NEW YORK—Miss Irma L. Baylis, Woodbury, Long Island, N. Y.  
 PHILADELPHIA—Mrs. Jerome Marshall, Bala Apts., 2491 North 50th St., Philadelphia, Pa.  
 BALTIMORE—Mrs. Harry W. Schuh, 2814 Berwick Ave., Hamilton, Md.  
 CINCINNATI—Mrs. C. C. Long, 3434 Darwin Place, Cincinnati, Ohio.  
 NORTHWESTERN—Mrs. D. G. DuBois, 459 East Pells St., Paxton, Ill.  
 DES MOINES—Mrs. C. R. Cassell, 1208 Logan Ave., Waterloo, Iowa.  
 MINNEAPOLIS—Miss Leah Hare, 2412 Johnston St. N. E., Minneapolis, Minn.  
 TOPEKA—Dr. Lydia Schaum, Eustis, Neb.  
 PACIFIC—Mrs. Fletcher White, 467 Rustic Road, Santa Monica, Cal.  
 COLUMBIA RIVER—Mrs. C. M. Donaldson, 237 West Water Ave., Idaho Falls, Idaho.

Our juniors have been very busily engaged in their missionary work during the past year and, under the guidance of their faithful leaders, have found great joy in building their "House of Friendship."

Membership gains do not now appear in our annual reports but we know that many of the children, formerly counted as members of our junior department, are receiving missionary instruction in the church schools although no longer listed as King's Heralds or Little Light Bearers. Only Minneapolis, Des Moines and Topeka Branches have made gains and we find these in the Herald group. We report 3,447 bands with a membership of 65,537 and 3,050 circles with a membership of 61,448. The silver candlestick, our trophy promised to the circle with the largest membership, goes to the one in Putnam, N. J., reporting 210 members; Kalamazoo, Mich., comes second with 200.

The plan of making life members is still in vogue and a considerable amount of the money is brought in for that purpose through the mite boxes. We have 1,224 to add to our list this year, bringing \$12,240 into the treasury which is applied to the salaries of the children's missionaries. There are fifty-eight supported by the junior department, the dues also going into this fund. Seventeen memorial members were also reported. Our Thank-Offering of \$14,000 is to help in the support of native teachers in various lands and also in the upkeep of motor cars used by the missionaries.

The juniors have been very busy earning stamps for their "Bob and Betty" books and we are pleased to note that nearly 5,000 have qualified for the Honor Roll. For many years Des Moines Branch has captured the award offered on this line and is again the winner with an average of more than three Friendship Builders in each band of Heralds.

Requirements for a junior society to become a True Blue Brigade are not easily met but many bands and circles have reached this goal. An award was to be given to the conference reporting the largest number and Des Moines, Kansas and Northern New York, each reporting 16, will receive sets of silk foreign flags.

Five of the Branches have made gains in subscriptions to the *Junior Friend*. Philadelphia Branch with a net gain of 241 will receive the Publisher's Banner while Washington District, Baltimore Branch, becomes the Star District with a subscription list of 476. A foreign costume was offered as an award to the band and also to the circle with the largest number of subscribers and these will go to the King's Heralds of Stevens Memorial Church, Harrisburg, Pa., reporting 200 and to the Light Bearers of Scranton, Pa., 100.

In addition to the Thank-Offering and the support of their missionaries many Bible women, native teachers and scholarships are cared for by certain groups of juniors. The total amount raised by this department is \$68, 311.

The educational side of our work with the children receives, as always, due emphasis and our text books with the *Junior Friend* and other attractive material supplied by our office have been used to great advantage in program building. Stewardship is also taught by consecrated leaders and thousands of boys and girls have been reported as Christian stewards, pledging "to give and work and pray" for the coming of God's Kingdom throughout the world.

EMILIE C. HAVIGHURST,  
Secretary of the Junior Department.

### GERMAN WORK IN UNITED STATES AND EUROPE

The German work in the United States has suffered under the pressure of hard times and the uncertainty of changing conditions in the conferences. Though we have an increase in auxiliaries we have a decrease in membership and along all lines. But this decrease is not due to lack of interest but solely to unemployment conditions. The young people in one conference have given more than ever before. There are new organizations, among them a Wesleyan Service Guild Unit but other churches have gone into the English work, so the increase was not very large. We know of one auxiliary of about sixty-five members where no money is gathered through sales or suppers of any kind and where destitute families had to be cared for until the members could find employment and yet this auxiliary has reached its goal of \$1,200, which is a great victory of faith. Birthday members seem to be a good way to increase the membership. We praise God for the faithful officers and members in our ranks. We have 138 auxiliaries with 3,377 members and 1,047 extension members, sixty-six young people's organizations with 1,546 members and 166 junior organizations with 1,870 members. We have 1,852 subscribers to the *Frauen Missions Freund*, 1,086 to the *Woman's Missionary Friend* and 819 to the *Junior Missionary Friend*, which is quite a bit more than one subscription to the adult papers to two members. Our receipts are \$26,182.86.

We are sending out 5,000 copies of the Annual Report in German and one or two dialogues. This year we have ventured again to print the study book, "Christ Comes to the Village" in pamphlet form. Three thousand of these are being put out. Other Boards have ordered 450 of them so far.

Our work in *Europe* gives us cause to rejoice. In spite of the terrible conditions, there have been gains in almost all the conferences. *Switzerland* has a gain in organizations, membership and money. Owing to conditions in Spain the matter of sending a missionary there was postponed until after the General Conference has been held. A candidate from Switzerland is studying at Ohio Wesleyan. Returning missionaries have spoken in many churches and helped to keep the fire of enthusiasm burning. There are 120 organizations with 2,073 members. The receipts were \$2,525.95, an increase of \$541.20. As the Board of Foreign Missions has given up most of the work in France, our work there has been closed also except for the auxiliary in Grenoble and those in the Alsace. That work has been united with the Switzerland Conference and is carried on as usual by the former secretary of the France Conference.

*Germany* has been harder hit than any other country and conditions are going from bad to worse, week by week. In spite of all, we have an increase in organizations and members and, what is almost unbelievable—an increase in receipts. They are stepping out in faith and sending a new missionary to the field in January. The Rhenish Missionary Society has a large work in Sumatra and as Miss Elsa Schwab is to go to this country, the Missionary Society has adopted the Rhenish rules for this case and her salary will be the same as that of unmarried women of that mission, about \$400. The money for the sending out is on hand from the jubilee gifts and the society hopes to be able to carry

on the work without help from us. Miss Schwab will be appointed by the Bishop of that area and work under the district superintendent of our church. We have in all Germany 290 auxiliaries with 5,402 members, seventeen young people's organizations with 308 members and eleven children's bands with 198 members. The receipts were \$2,197.62, an increase of \$149.33.

There are two candidates from Germany studying in the United States; one in Asbury College, the other in the University of Southern California.

*Austria* has reached its goal of 200 members, every congregation in the conference having an auxiliary. They had a substantial increase in receipts also. The visits of Miss Bertha Riechers and Miss Jessie Peters helped to create more interest in the work. There are nine organizations with 200 members. The receipts were \$158, an increase of \$38. This conference is affiliated with the Missionary Society of Germany.

*Hungary* was deprived of her secretary suddenly this summer and the new secretary has not sent in her report.

*Jugoslavia* feels the cut of the Board of Foreign Missions keenly and finds herself forced to cut her giving to our Society in order to help maintain the mission work in her own country. The secretary feels the great need of a Bible woman for the Hungarian work in Jugoslavia and they have contrived to station one in Srbobran with a little help from Switzerland, hoping to find some way of supporting her. They are asking us to help with this work if possible. Miss Peters has studied conditions there and has the school in Novi Sad on her heart. She will gladly speak along that line. We are grateful for the work she did there and hope the seed sown will bring a harvest for the Kingdom. We have not received the report in regard to the membership. The receipts were \$30. Missionary money there is largely earned by the sale of hand-work, but it is hard to sell that now and the secretary writes, that they will have to put the emphasis on giving and collecting money for missions this coming year, instead of earning it.

AMALIE M. ACHARD, *Secretary of German Work.*

## SWEDISH WORK

A resume of the tangible results of our work for the year now closing might be expressed in terms of "the widow's mite" if compared with other and larger divisions of our beloved organization. But we are in the first class if loyalty and sacrifice and consecrated work is the currency to be counted, for our women have not only given freely of themselves in time and effort, but have made real sacrifices, many beyond their means, when bringing in their sheaves to the granary.

There have been the usual and many new activities in the different divisions of our conferences. There is a gain in both the number of organizations and members in the young people's department, and this is most gratifying, for upon the enlistment of the young women depends our future success. At the recent Northwestern Branch meeting held in Detroit, the young people of the Central Northwest Conference were presented with the award for the largest per cent increase in subscriptions of the *Friend*. The award being the beautiful Aoyama banner.

The January quarterly meeting of the Northwestern Branch met in the Swedish Bethany Church in Chicago with splendid attendance at all the sessions.

We are happy to report that the textbooks are being more extensively used than heretofore, and those who prefer the Swedish language are using the semi-monthly missionary page appearing in *Sandebudet* (the Swedish *Advocate*), where they may find the latest news of the mission fields and our home activities. The words of appreciation for this department which have come to me

as editor have been most encouraging, especially as some of the brethren have stated that they turn to the missionary page first! Both the *Friend* and *Junior Friend* are being used in many of our organizations, as are also the different Branch papers. Our aim is to have every member a subscriber to one or more of our publications.

Founders' Day has been very generally celebrated by our auxiliaries, and our women are more and more joining in the observance of the Interdenominational Day of Prayer with group meetings in the local communities.

The Central Division of the Central Northwest Conference has received \$1,800 through a bequest in the will of Miss Anna Sellstrom. This money will be applied on the Santali school building project at Pakur, India, and will complete the pledge of the Central Northwest Conference toward this venture.

As we are topping the horizon of the year gone, our eyes are fixed upon that unknown which lies before us, and we feel the need of the Master's guiding and strengthening hand as never before. With faith and trust in His everlasting goodness, we confidently commit ourselves and our work for Him into His keeping, knowing that if we labor without ceasing and so do our share, He will do His.

RUTH S. GORDON, *Representative of Swedish Work.*

### WESLEYAN SERVICE GUILD

The Wesleyan Service Guild is ten years old and this fall units and groups of units are recognizing this event. The theme chosen for these conferences is "The Present Need—Jesus." The first recognition service was held in Evanston, Illinois, September 26 and 27. Unit members came from as far west as California, Washington, Nebraska, Oklahoma, Montana, North Dakota and Minnesota. A large number of delegates also came from the middle western and eastern states.

The 1930-1931 Annual Report of the Wesleyan Service Guild to the Woman's Foreign Missionary Society follows:

Units 217—Net increase of 15%. Members 4,157—Net increase of 12%. Tithers 978—23% of membership. Bulletin subscriptions—1,725. Textbook—143 units used the foreign textbook. *Woman's Missionary Friend*—466 subscriptions. Conference secretaries of Wesleyan Service Guild—15. 53% of units now in conferences where there are conference secretaries of Wesleyan Service Guild. Units in 49 conferences. Units in 32 states.

Total giving of units, \$29,809.53. This was paid to the Woman's Foreign Missionary Society, to the Woman's Home Missionary Society, and to the treasurer of the central committee (central committee contingent, cash for subscriptions to the "Journal of Religious Education" sent to all foreign stations under the Woman's Foreign Missionary Society, and for the book and magazine fund of Epworth School for Girls, Webster Groves, Missouri).

Per Capita giving—\$7.10.

Increases are encouraging but since they may not always indicate increased missionary vision, each unit officer in presenting the annual report of the year's work of her department is requested to take into account that the strength of the unit is not measured by the amount of money given or by numbers reported unless these represent character development, increased missionary vision and growth in the spiritual life of the unit members.

To stimulate the consideration of spiritual values in its membership, the Wesleyan Service Guild is publishing a series of devotional leaflets, each to provide a scripture reading and meditation for thirty days. The first of this series is just off the press. "Vitamines from Proverbs" written by Mrs. F. H. Clapp sells for twenty-five cents each and it, with other Guild literature, may be ordered through the Branch depots of supplies.

There is great value in the ability, insight and devotion of the business and professional women of Methodism. We must conserve it! Won't you help make the opportunity for them to serve. They need the outlook and we need them.

MRS. MERLE N. ENGLISH, *Chairman Central Committee.*

## WOMAN'S MISSIONARY FRIEND

The *Woman's Missionary Friend* reports an uneventful year. It has gone on its way carrying news from mission lands to all who will read. This is not an increasing number, to be sure, for as membership falls off readers discontinue their subscriptions. However, we rejoice that the decrease is not as much as we feared it would be. We did make a gain of 645 in the last six months of the year but the loss of 1639 in the first six months prevented our reporting a gain for the year.

If the publisher's suggestion of sending gift subscriptions as Christmas remembrances be followed we may perhaps hope for a slight increase for next year. And if, as is predicted, "General D. Pression" is soon to be routed, we may certainly expect this.

During the year we have printed articles from every country where the Society has work with the exception of Malaya and Angola—146 in all, including Overseas Mail. India was represented 43 times and China 25.

By a rearrangement of advertising matter we have gained a couple of pages of reading matter each month and there has been no difficulty in getting them filled. Our new department of "Happenings Here and There" has met with approval. Missionaries, especially, seem to like these brief items of world interest, not necessarily missionary.

We look forward to a year which shall tie up the *Friend* to the year's program even more closely than before, through the co-operation of our missionary contributors.

EFFIE A. MERRILL, *Editor.*

## JUNIOR MISSIONARY FRIEND

The *Junior Friend* has suffered a severe loss this year in the death of its editor, Mrs. N. Walling Clark, which occurred in Los Angeles, February 26, 1931. Since 1920 Mrs. Clark cared for the little paper with the love and devotion of a mother for her child. The subscription losses greatly troubled her though she was not in any way responsible for them. She was ever striving to put into the pages of the magazine some feature that would attract the juniors.

For about six months the editing was cared for through the publication office but beginning with the October number the magazine has a new editor,

Mrs. James H. Lewis of Evanston, Ill. Our whole constituency, juniors and adults, welcomes Mrs. Lewis to this special task of giving to the juniors such missionary knowledge and inspiration as shall make them friends of missions in the years to come.

The present subscribers to the *Junior Friend* total 46,535. We ought at least to have 50,000 by the end of this year. Let us express our welcome to Mrs. Lewis and our appreciation of her work by sending in subscriptions to the *Junior Friend*.

### FRAUEN MISSIONS FREUND

After a short trial of the Roman script, the *Frauen Missions Freund* had to yield to the sharp protest of its readers and change to the German script. Every letter received expressed the joy of our subscribers at this change. We have not been satisfied with the appearance of the paper this year, in fact, we have been greatly grieved about it, but the printer promises improvement and we hope it will be more than a promise.

We are following our usual policy of printing the plans of our Society as much as possible, the Study page, as it appears in the *Friend*, the stewardship page, if it can be used in our constituency and such program material as is likely to be helpful. Letters from our own German or Swiss missionaries are always welcome and often bring forth a response in gifts of money for objects they mention. We print dialogues occasionally, as we cannot afford to print many separately for the few auxiliaries who use the German language in such a way.

We have a goodly number of subscribers in Europe where the *Freund* is extensively used in the missionary organizations to give missionary information to the members. We have 1,852 subscribers in the United States and 676 in Europe, a total of 2,528 subscribers.

AMALIE M. ACHARD, *Editor*.

### CENTRAL COMMITTEE ON THE UNITED STUDY OF FOREIGN MISSIONS

The way things work out in the study of missions is most interesting. Central Committee had in mind for some years the need of a book centering on the women of the rural sections in non-Christian lands. Then there came the Jerusalem Conference giving much time to the consideration of rural conditions and so focusing the attention of the Church on rural needs; then the sending by Boards of agricultural specialists to various countries to study the possibilities of improvement in methods of farming, and then somehow in scores of magazines appeared articles on rural life in Arabia, Africa, China, India and in many of the smaller, little-known countries.

No group can complain of a lack of supplementary material for the study of "Christ Comes to the Village," or "Open Windows." Most attractive and informing leaflets have been issued as usual by all Boards.

The 60,000 copies of the first edition of the book for adults and the 15,000 of the book for juniors are selling rapidly.

Mrs. Lentz comes to the Committee as the representative of the Woman's Board of the Reformed Church in the United States.

SUSAN C. LODGE,  
*Representative of the Woman's Foreign Missionary Society.*

## FEDERATION OF WOMAN'S BOARDS OF FOREIGN MISSIONS OF NORTH AMERICA

The Federation during the past two years has been reviewing its committees for the purpose of discontinuing those not necessary to its specific work and of strengthening those that are of value to the contributing Boards. The analysis has resulted in several deletions and will in another year if sound economic and efficiency tactics are used, reduce the number by at least three more. Missionary money is in part at least, sacrificial. Every penny of it should be conserved for the purpose for which it was given.

Last year the Annual Meeting was not held in Atlantic City, but in a New York suburb. This was done with a two fold purpose: to make possible the attendance of all races on a basis of equality and to save the expense of travel and entertainment of those living in New York.

Of the two committees, Central Committee on the United Study of Foreign Missions, and Christian Literature for Women and Children in Mission Lands, which are not really Federation Committees but co-operating groups, the former is reported by Miss Lodge, your representative.

Christian Literature Committee reports arrangements for three new editions of *Treasure Chest*, Bengali, Burmese, and Telegu. A new magazine, *Listen*, has been started for the women and children on the East Coast of Africa. Miss Jean MacKenzie is one of its editors. The new Korean magazine for children is being gratefully received. The *Antorcha Misionera* in Mexico and *Guia Del Hogar* have received subsidies.

The Committee on Foreign Students recommends: "That the Federation consider the possibility of securing as an experiment a short-term secretary, irrespective of race, to do some travelling and work among foreign students in connection with the work of this committee." This was passed, it having been amended by the addition of the words: "as soon as the necessary funds are in hand."

The Committee on International Relations recommends:

1. That through the Committee on Schools and Conferences it be urged that consideration of peace education and international relations be given a place on the programs of these conferences. This committee would suggest forums or discussion hours, using the study book prepared by Mrs. Florence Boeckel called, "The Turn Toward Peace." The committee urges Board members and local women of ability to prepare themselves to speak and lead forums on these questions.
2. That similar study or discussion be given in the local women's missionary societies of our affiliated Boards. The committee suggests the use of the program: "Blessed are the Peace Makers."
3. That as a Federation through our affiliated organizations we do everything possible to hasten the membership of the United States in the World Court.

The Committee on Missions and Governments recommends:

1. That the Federation go on record as opposing compulsory military training in the schools of any land.
2. That schools of missions be urged to emphasize law enforcement in their conferences in 1931.
3. That the Federation register a protest against the passing of the present bill, looking to the exclusion of the Filipinos.

The Committee on the World Day of Prayer reports this observance in more than forty countries and in every state of the United States. Thibet, Manchuria and the Fiji Islands have joined the list. The 1930 offering totaled \$20,000 exceeding 1929 by \$5,000.

Miss Helen Tupper of India, and Mrs. Eliza de Pascoe, of Mexico, president of the National Union of Societies of Christian Women, have prepared the 1932 program and "The Call."

The National Council of Federated Church Women for the past year has had no employed secretary. The Federation and Council voted cooperation with the National Council. A Relationships Committee has for four years been working on a unified program for the three organizations. This work has now been placed in the hands of a joint committee representative of the three groups.

As your representative for the past five years, my close observation has convinced me that one of two things should take place, either the Federation should become an integral part of the Foreign Missions Conference or a union should be effected of the Federation and Council of Women for Home Missions, thus saving several thousands of dollars annually and at the same time rendering more acceptable service both to the Foreign and to the Home Boards.

MRS. F. I. JOHNSON, *Federation Representative.*

## GENERAL OFFICE

General Office reflects conditions in the Society. The year 1930-31 was one of quiet, regular work with the College Abroad Campaign as a special project. The office files were put at the disposal of Mrs. Grace Nies Fletcher, our publicity expert, who gave valuable help in presenting very vividly the work and needs of five of our colleges abroad.

To all of us who serve in this office the coming and going of our missionaries is central. In October and November after the annual meeting sometimes a dozen sail together, sometimes one starts alone to her distant home. Always they are eager to go, especially those who are returning to friends and work. Each one has her individual hopes and plans into which for the time we are allowed to enter. It is a privilege we appreciate even when we may seem too busy to think.

AMY G. LEWIS, *Secretary.*

To choose books for a whole world is an endeavor which is as fascinating as it is time consuming, especially as many kinds of books for many types of workers must be provided. Every mission station this year has received three carefully selected books, one of them being Admiral Byrd's "Little

America," which was sent not with the thought of freezing minds but of changing them.

Books by the score have been provided on a great variety of subjects to meet the requests of individual missionaries. To a large number the Oldham devotional diaries have gone. To our school at Hakodate, 350 copies of Thirkield's "Great Hymns of the Church." Seven sets of a group of forty-eight reading books for little children have gone to schools in India where they were longed for by the missionaries in charge.

Many missionaries pass through Shanghai and some are frequently marooned there with time for reading and study. Thirty-six books running from general information to latest worthy fiction have journeyed there. Twenty-five volumes filled a similar request from the Landour Language School in India. For the purchase of books in Portuguese \$30 went to Inhambane, Africa, and the annual \$500 to Hwa Nan College for books in Chinese. Thirteen books on geography and nature study went to Moradabad.

Those missionaries engaged in various forms of health service, especially in training nationals to teach sanitation and hygiene, are realizing what Library Service can do for them. Several copies of Wooten's "Health Procedure in Schools," published by the National Tuberculosis Association and a number of health books for children have gone to India. Nelson's Loose-Leaf Living Medicine has been brought up to date for all our hospitals. In addition, a letter was written last June to all our doctors asking if they need any special medical journal and the replies show that they do very emphatically, so professional journals on medicine and nursing are now becoming a part of Library Service.

Book selection for a whole world demands deliberation and careful planning. At this time particularly, with our economic world upset we need especially to furnish and maintain the inner world in which each of us lives. In so far as books can contribute toward this by keeping us in touch with the flow of human thought, by furthering a realization of the permanence of things of the mind and spirit, and by giving beauty at a time of depression, they are vital to our lives. Is it not then necessary to send our Library Service shipments of precious thoughts to the other members of our family throughout the world?

The financing of Library Service largely comes through Book Bonds which are certificates of recognition given to districts, auxiliaries or individuals making a contribution of ten dollars. Then there are the books sent by individuals here to missionary friends there, of which Library Service has no record, but it does promote the Book Friend slogan—Live Books for Live Missionaries.

### *Ad Interim*

*It was voted:* That the following plan of finance now in use by the Wesleyan Service Guild be approved:—1. That the Wesleyan Service Guild, as such, assume each year definite financial responsibility for certain projects which shall be known as guild projects. 2. That the central committee in consultation with the national treasurer and the Foreign Department in the Woman's Foreign Missionary Society and the treasurer and apportionment committee in the Woman's Home Missionary Society decide what these projects shall be. 3. That the central committee make the apportionment of the guild projects by conferences, and submit such apportionments to the national treasurers of the Woman's Foreign Missionary Society and of the Woman's Home Missionary Society; that these apportionments of the guild projects be then included and designated as such, in the total apportionments sent to the conferences by the national treasurers. 4. That in addition to the guild projects, the units accept a share of the apportionments assigned to the conferences for support of the entire work of the two societies. 5. That the projects assigned to units of the Wesleyan Service Guild by the conferences be accepted as a part of the conference budget and be apportioned to the units just as other parts of the conference budget are assigned to auxiliaries, young people's societies, and other groups within the conference. 6. That conference secretaries or conference treasurers send complete list of conference apportionments given units to the conference guild secretary who will in turn write each unit in her conference confirming such apportionments and send a copy of these apportionments to the treasurer of the central committee. 7. That in conferences where there are no conference guild secretaries such a list of conference apportionments be sent direct to the treasurer of the central committee who will in turn send a confirmation of total apportionments to each unit.

That the leaders of junior work receive recognition at all gatherings—  
(a) In auxiliary meetings by calling for a report of the work from leader or supervisor. (b) In district meetings, by planning for the local junior superintendents to be present and by allowing the district superintendent sufficient time on the program to present junior work. Also by including her in all district plans. (c) In Branch and mid-year meetings, by allowing the junior superintendent time at both meetings to give her report and her plans. To include her plans in summer schools. To remember that there is no function for her constituency at most conventions, such as a banquet for the young people's department, and that special care should be taken to stress her work and make it important. (d) To bear in mind that with all the interesting school, community and church organizations claiming the attention of the children in these days, it is a most difficult task to interest them in a Society with purely Christian and altruistic motives and therefore the leaders of these groups should have the sympathy and loyal support of the Mother Society.

That the following proposed change in the Discipline be approved and referred to the committee on General Conference legislation:—That Paragraph 15, Section III, page 110 of the Methodist Discipline be changed to read—Representatives of the Woman's Foreign and Woman's Home Missionary Societies shall be voting members of this committee.

That \$50 be allocated to the committee on international fellowship for the balance of this year.

That the map be stored where it is in Springfield until the meeting place for General Conference has been decided upon and then it be sent direct to that place.

By virtue of the fact that the part of the Norwegian-Danish Conference which is within the territory of New England Branch has been and is supporting a missionary of that Branch, we recommend that as long as the

relationship with this missionary is maintained that their money shall be sent to the Norwegian-Danish treasurer but be credited to the New England Branch.

### College Abroad Movement

Recognizing her remarkable leadership we request that Mrs. Earhart continue as the Director of the College Abroad Movement with a budget of \$200.

That an extension of time for the College Abroad Movement be granted until December 31, 1931, in which period the national College Abroad Movement may continue their money raising efforts, after which time full responsibility for raising money to meet the needs of the colleges shall rest with the several Branches.

That the following plan be approved for making permanent the gain in enthusiasm and interest brought about by the College Abroad Movement to date:

(a) A College Abroad program for use in the auxiliaries to appear in the January *Friend*.

(b) A plan to interest the young matrons and secure their membership in the auxiliaries.

The more important of our two purposes for the College Abroad Movement has been to arouse a new interest in our oriental colleges among the Methodist young women outside our membership and uninterested in our work. In the Branches where the work has been presented, reports are coming back of many young college women who have shown enthusiasm in our enterprises. These young women were assured that this financial effort was for one year only. The plan proposed should help the auxiliaries to gain these same young women and many more as permanent members.

The College Abroad Movement is offering a gift of \$1,000 to the Branch which has the largest proportional number of auxiliaries reducing their average membership age by two years. This reduction in the average age would be accomplished by adding younger women as active members. The slogan proposed is:

INCREASE THE LIFE EXPECTANCY  
of your Auxiliary  
DECREASE ITS AVERAGE AGE  
by two years

The average age can be taken December first and the contest will extend until September 1, 1932.

That the \$1,000 award shall be secured by the national committee and the winning Branch may appropriate this amount to any one of the five colleges in the College Abroad Movement.

### Wesleyan Service Guild

That a permanent membership in the Wesleyan Service Guild be approved, defined as follows—The Wesleyan Service Guild permanent membership is intended to honor either the living or the dead. It shall consist in the payment of fifty dollars to be sent in one sum to the treasurer of the central committee and divided according to the constitution of the Wesleyan Service Guild and paid directly to the national treasurers of the Woman's Foreign Missionary Society and the Woman's Home Missionary Society, to be applied on the salaries of missionaries. This shall constitute a permanent membership in the Wesleyan Service Guild at large, but any living person so honored who desires to hold active membership in a *unit* shall pay the regular annual dues to her unit.

That the following changes in personnel of the central committee of the Wesleyan Service Guild be approved—Miss Longnecker to become chairman of program committee; Miss Davison, World Service chairman; Miss Ruth Neal, chairman of the standard committee; Miss Sadie Howell, assistant to the department of Christian citizenship.

That we approve with appreciation the sending again of the "Journal of Religious Education" to foreign stations by the Wesleyan Service Guild.

That, as to the request for additional appropriations for Mildred Payne's work, we recommend that the guild hold to its original policy with regard to national projects, that is, that they do not increase national projects but increase participation in conference and Branch projects instead.

That Mrs. M. N. English be nominated as secretary of the Wesleyan Service Guild with a budget of \$1,000.

### **Student Department**

That Mrs. H. M. LeSourd be nominated as secretary of the student department with a budget of \$1,200.

That we approve of the sending of samples of new junior publications to each Branch superintendent of junior work from the Branch depot of supplies and recommend that each Branch make its own plan for making this possible.

That the young people's Thank-Offering for 1932-33 go to the school at Darjeeling with the understanding that for the following year, 1933-34, the project shall be the hostel at Algiers.

### **Interdenominational Work**

That we recommend to the Central Committee on the United Study for Foreign Missions that recognition be made of the 100th anniversary of Protestant missionary work in South America in 1935-36.

### THE INTERNATIONAL DEPARTMENT

The Department has enjoyed a year of steady growth. It merits more correspondence and cultivation than seem at present possible. Some of the letters which come from national units require translation, and willing helpers are coopted for this service. It has been an unmixed joy to read these reports of the activities of our sisters in lands afar. Great impetus has been given in many cases by their relation to a world-wide sisterhood of service. Bulgaria has asked to be enrolled during the year, and the Gujarat Conference of India also joins our ranks as a part of the national unit which we hope will later be organized.

Because uncertainty exists in the minds of some as to our purpose and plans, we repeat that the Department is not an overhead or directing agency but a clearing house for Methodist women's organizations. We desire the fellowship and mutual encouragement in service of such national groups as have for their aim the practice and extension of the gospel of Christ. This does not abridge any local autonomy nor dictate the form of any organization. The Department as such will doubtless disappear when a sufficient number of national units have been formed to make a truly international federation possible.

Meantime, the Society in America loses members and money formerly contributed by its European auxiliaries. The Scandinavian, Central Europe and Swiss units now administer their own work and funds. They have risen splendidly to the new responsibility which this places upon them. Mrs. Voelkner writes of the desperate financial condition in Germany but says, "In spite of that we have put our confidence in the Lord and agreed to send Miss Schwab to Sumatra. This is the first fruit of our newly organized Missionary Society." Italy reports, "Our situation here is very serious financially, but we believe that God is helping in the measure we are helping others. When so many are the local burdens, our sisters have found time, enthusiasm and money to support a far away, unknown African girl."

Scandinavia reports pledges for support of a missionary in Korea and in East Africa; native nurse and Bible women in Korea; scholarships in India and Africa. Norway is being reorganized and has a candidate completing her studies in this country. The Annual Conference was so inspired by the enthusiasm of the women that they offered to help send this missionary if the responsibility could not be carried by the women alone. "It was a thrilling moment," writes Mrs. Wade, president.

Mrs. Nuelsen, president of the Swiss unit was at the General Executive meeting, as was also a candidate who is studying at Ohio Wesleyan. Fine progress was reported.

Mrs. Miller and our Spanish sisters from Latin America write joyous letters. Here is one excerpt: "Our women are so enthusiastic over their successful district meetings. They say they never realized how much good and how many blessings were in store for them when they could meet together to pray and plan for the work of their blessed Redeemer. They are doing magnificent work under hard circumstances."

From India comes this: "I want to tell you of my great surprise of last week when I had a notice from the postoffice that there was a registered letter in the office for me from Uruguay. I could not get it that day and wondered for twenty-four hours what that letter was. It was a check from the Women's Missionary Society of Uruguay for a scholarship in Budaun school. I am popping with curiosity to know why they chose Budaun."

Peru reports: "We are seeing great improvement among the women since we organized the woman's work. The work of women in Peru is very new. Only since 1928 did we begin to organize. We now have an organization with a definite program and the work is very encouraging."

Mexico has a trained woman at work among the Indians.

China, in spite of bandits, war and flood reports heroic, sacrificial service through its scattered local and conference societies.

Japan and Korea support work in Manchuria. Ewha College has scholarships in Isabella Thoburn.

So the circle grows and Methodist women are themselves knowing Christ better through the effort to make him known.

EVELYN RILEY NICHOLSON, *Chairman,*  
*Committee of the International Department.*

Upon recommendation of the Committee on the International Department the following actions were approved by the General Executive Committee.

*Ad Interim*

That the Bulgarian Missionary Society be received into affiliation through the International Department.

That the Committee on the International Department be authorized to meet in the near future with expenses and to take sufficient time for the transaction of important business.

The interpretation of the committee is that from now on Miss Roberts's salary is to be paid by the Scandinavian Unit. If, however, they are not prepared to pay the first quarter's salary, we request Minneapolis Branch to advance the amount with the understanding that it shall be refunded by the Scandinavian Unit. We recommend that Miss Roberts's salary shall be the equivalent of what she has received under the Woman's Foreign Missionary Society (\$1000).

In view of requests for promotional help in Scandinavia we suggest to the Scandinavian Unit that Miss Roberts be detained for such work on their unit, particularly in Norway.

In the case of Miss Rosa Maria Sandburg, nurse candidate for work in association with Dr. Perrson in Kambina, Inhambane, Africa, the committee reports to the Scandinavian Unit that both the Board and the Society welcome this reinforcement from Scandinavia. It is understood that the Scandinavian Unit assumes full responsibility for Miss Sandburg's maintenance and the support of her work.

With regard to the payment of salary, we suggest to the Scandinavian Unit, that for the present all money be sent directly to their missionary with the request that proper vouchers be returned.

We recommend that the same procedure be followed regarding the salaries of Miss Urech and Miss Scharpf, missionaries formerly employed by the Woman's Foreign Missionary Society and now taken over by the Central Europe Unit.

That Mrs. Lindsay be asked to transmit all official actions pertaining to the Scandinavian Unit to the corresponding secretary of that unit.

That the request of the Scandinavian Unit to be relieved of the field support which they are at present carrying in order to assume such work in connection with their own missionaries be granted.

That the request of the Scandinavian Unit for a grant of \$200 for missionary and promotional literature to be used in their four language areas be approved.

That we continue for the coming year the subsidy (\$300) granted to the corresponding secretary of the Scandinavian Unit.

That the legislation adopted with reference to insurance pensions of missionaries of other units be reconsidered.

That the following be substituted for the fifth paragraph on page 152 of the 1930 Year Book: That for missionaries born after Jan. 1, 1879, who may be transferred to national units and for whom the Society has purchased

pension policies, we request that future payment of premiums be made by the national units concerned to the general treasurer of the Woman's Foreign Missionary Society.

That the Society do not ask for refund of premiums paid on Miss Roberts's insurance policy to date but request the Scandinavian Unit to assume them for the future.

That the wives of bishops resident in areas outside the United States be requested to become advisory members of the committee, it being understood that such membership would entitle each to receive the minutes of the committee and reports from all national units. It would presuppose, also, constructive contributions on the part of each, relative to the development of women's work in their respective residential areas. Transmission of official business, however, will be through the corresponding secretary of each national unit and such representative of the International Department as shall be designated.

That we approach unorganized conferences in affiliated and unaffiliated countries with a brief survey letter designed to give the committee needed information.

That Miss Merrill be asked to make a reprint of the article on the International Department, a copy to be sent with each survey letter.

That in addition to the regular tabulated actions of the International Department for the Year Book, there shall be an informational report after the order of the report on the McDowell Fellowship Fund, following which there shall be a statistical report of receipts, members and activities.

That the first report of the International Department be hereby ordered published for distribution among the affiliated units.

That a statement be sent out to the various units expressing our gratitude for the number who have come into affiliation through the International Department, and stating our belief that it will be possible at the General Conference of 1932 to form a world organization of Methodist women. This shall be accomplished by units represented in person or by proxy. If, at that time, the participating units so agree, a constitution shall be drafted, officers elected, a basis of membership established and a plan of cooperation outlined.

That Miss Achard be requested to continue as the representative of the National Unit of Central Europe, in which capacity she has served with ability.

That Mrs. Shover be requested to suggest to the international secretaries in the young people's department that in their correspondence with girls on the field they urge the formation of young people's missionary groups in every land.

That a grant of \$200 for travel in connection with field work for women's organizations in South America and for promotional literature be sent to Mrs. Miller.

That inasmuch as we cannot grant the request from the Bulgarian National Unit for a field worker and for missionary literature, we allocate \$50 to the Bulgarian Unit to use in promotional activities.

In view of the fact that a request has come from the Gujarat Conference asking for affiliation through the International Department, we recommend that the Woman's Home and Foreign Missionary Society of the Gujarat Conference be welcomed into this fellowship as a part of the national unit which we hope will soon be formed.

#### *Annual Meeting, 1931*

That in response to an inquiry from the Scandinavian Unit in regard to Miss Roberts's salary in Korea, the unit be advised that all missionaries of the Woman's Foreign Missionary Society receive a \$200 grant at present, in addition to the \$1000 salary and suggest that such grant be allowed Miss Roberts.

That Miss Jessie Peters be reimbursed to the extent of \$76.60 for expense incurred while itinerating among the missionary groups of Central Europe.

In case the vote is not unanimous the matter shall be referred by the Recording Secretary to the Home and Foreign Departments, voting separately, a three-fourths vote in each department, exclusive of the officers, being necessary to pass a measure. No vote of the General Officers taken *ad interim* shall be binding or legal unless the request for such vote shall have been sent out by the Recording Secretary of the Woman's Foreign Missionary Society (or, in case of her disability, by the President) and until the vote itself shall have been declared by said Secretary after examination of the votes returned.

In case the vote is not unanimous the matter shall be referred by the Recording Secretary to the Home and Foreign Departments, voting separately, a three-fourths vote in each department, exclusive of the officers, being necessary to pass a measure. No vote of the General Officers taken *ad interim* shall be binding or legal unless the request for such vote shall have been sent out by the Recording Secretary of the Woman's Foreign Missionary Society (or, in case of her disability, by the President) and until the vote itself shall have been declared by said Secretary after examination of the votes returned.

4. *Treasurer* (a) to receive all money from bequests, gifts, donations, or legacies made to the Woman's Foreign Missionary Society and, unless otherwise specified by the donor, pay the same to the Treasurer of the Branch within whose bounds the donor resided at the time of death; (b) to receive all money paid into the General Fund by the several Branches, and disburse the same, subject to the order of the General Executive Committee; (c) with the President, to sign all notes and other obligations and evidences of indebtedness which from time to time may be issued by the Society, by the authority of the General Executive Committee, or of its duly empowered sub-committees, the Foreign and Home Departments; (d) with the President, Vice-Presidents, Vice-Presidents-at-Large, and Recording Secretary, in the interim of the sessions of the General Executive Committee, to transact business pertaining to the Society at large, and not strictly to either the Home Department or the Foreign Department when such business shall require immediate attention, a unanimous vote of these officers being necessary to action, except in case one or more of said officers shall, by reason of illness or absence from the United States, be unable to vote, in which case a unanimous vote of the other officers shall be sufficient. In case the vote is not unanimous the matter shall be referred by the Recording Secretary to the Home and Foreign Departments, voting separately, a three-fourths vote in each department, exclusive of the officers, being necessary to pass a measure. No vote of the General Officers taken *ad interim* shall be binding or legal unless the request for such vote shall have been sent out by the Recording Secretary of the Woman's Foreign Missionary Society (or, in case of her disability, by the President) and until the vote itself shall have been declared by said Secretary after examination of the votes returned; (e) to issue power of attorney to persons designated by the General Executive Committee or its duly empowered sub-committees, the Foreign Department or the Home Department; (f) to affix the corporate seal of the Society whenever the corporate seal is required or should be affixed to any document or instrument executed on behalf of the Society, unless this duty is performed by the Recording Secretary; (g) to execute release to executors and trustees through whom this Society may receive bequests and legacies, and make the required acknowledgment or affidavit and affix the corporate seal to said releases, and to perform such other acts as are required by the Act of Incorporation, and which cannot legally be executed by Branch Treasurers; (h) with the Recording Secretary to sign such papers as require the formal written assent of the Society authorizing appearances in Court to represent the Society or its interests, and to make the required acknowledgment or affidavit to such papers and affix the corporate seal thereto; (i) forward to foreign Treasurers a copy of the appropriations for each Mission as soon as practicable after the adjournment of the General Executive Committee.

The life insurance companies from which such pensions may be purchased shall be approved by the Committee on Investments.

11. In case in any year the income from the Retirement Fund Endowment plus the proceeds of pension purchases shall not be sufficient to pay to retired missionaries the allowances above provided, the deficiency shall be supplied by a pro-rata assessment on the Branches; in case in any year the income from all sources shall exceed the total of allowances to be paid, the surplus shall be retained in income account and carried forward to succeeding years.

# ANNUITIES

Where it is practical, instead of making a bequest it is far better to convert property into cash and place the same in the treasury of the Woman's Foreign Missionary Society at once, on the annuity plan. By so doing all possibility of litigation is avoided and a fair income is assured. The Woman's Foreign Missionary Society does not spend money so contributed while the annuitant lives, but invests it in good securities in this country.

At a meeting of the Inter-Board Conference of the Methodist Episcopal Church, held in Chicago, Illinois, in May, 1918, the following uniform schedule of annuity rates was recommended for adoption by all the Boards of the Church doing an annuity business:

## (a) Rates on a single life:

40.....4.0%	50.....5.0%	60.....6.0%	70.....7.0%
41.....4.1%	51.....5.1%	61.....6.1%	71.....7.1%
42.....4.2%	52.....5.2%	62.....6.2%	72.....7.2%
43.....4.3%	53.....5.3%	63.....6.3%	73.....7.3%
44.....4.4%	54.....5.4%	64.....6.4%	74.....7.4%
45.....4.5%	55.....5.5%	65.....6.5%	75.....7.5%

49.....4.9%	59.....5.9%	69.....6.9%	79.....7.9%

For eighty and over the rate is 8%.
